Paul McCartney Peter Ames Carlin, 2009-11-03 From the acclaimed biographer who brought you the rock biography of Bruce Springsteen comes the life of musician Paul McCartney from his groundbreaking years with the Beatles to Wings to his work as a solo artist and activist. More than a rock star more than a celebrity Paul McCartney is a cultural touchstone who helped transform popular music as one half of the legendary Lennon McCartney songwriting duo. In

this definitive biography Peter Ames Carlin examines McCartney's entire life casting new light not just on the Beatles era but also on his years with Wings and his thirty year relationship with his first wife Linda McCartney. He takes us on a journey through a tumultuous couple of decades in which Paul struck out on his own as a solo artist, reached the top of the charts with a new band, and once again drew hundreds of thousands of screaming fans to his concerts. Carlin presents McCartney as a musical visionary but also as a layered and conflicted figure, as haunted by his own legacy and particularly his relationship with John Lennon as he was inspired by it. Built on years of research and fresh revealing interviews with friends, bandmates and collaborators spanning McCartney's entire life, Carlin's lively biography captures the many faces of the living legend.

Paul McCartney Philip Norman, 2016-05-24 The definitive Paul McCartney biography written with his approval by bestselling biographer Philip Norman. Since the age of twenty one Paul McCartney has lived one of the ultimate rock n roll lives played out on the most public of stages. Now Paul's story is told by rock music's foremost biographer with McCartney's consent and access to family members and close friends who have never spoken on the record before. PAUL MCCARTNEY reveals the complex character behind the facade and sheds new light on his childhood blighted by his mother's death but redeemed by the father who introduced him to music. This is the first definitive account of Paul's often troubled partnership with John Lennon, his personal trauma after the Beatles breakup and his subsequent struggle to get back to the top with Wings which nearly got him murdered in Africa and brought him nine days in a Tokyo jail. Readers will learn about his marriage to Linda including their much criticized musical collaboration and a moving account of her death. Packed with new information and critical insights, PAUL MCCARTNEY will be the definitive biography of a musical legend. Paul McCartney Chris Welch, 1984 Chris Welch, ex features editor of Melody Maker, has interviewed Paul and travelled on the road with the Wings during their heyday. He presents a fascinating insight into the McCartney world and traces his career from skiffle to the Beatles and from Wings to today's hits. From back cover The Book Review Digest, 2005
