**Awakening the Energies of Love: Discovering Fire for the Second Time** Anne Hillman,2016-01-15 An entirely new Intelligence has been blinking in and out of human existence for thousands of years This astonishing gift has emerged from the immense creativity of the universe and is now becoming stabilized in increasing numbers of people the world over I call it the emergent consciousness of Love Such a consciousness is not a different way of thinking it is a radically different orientation to everything Our work is to cooperate with it This is not a self help book Nor is it a book about religion It is an experiential inquiry into a consciousness of Love that honors all persons and all spiritual paths If you love Life all of life if your intention is to serve Love whatever it asks of you Awakening the Energies of Love will help prepare you for its power and provide a pathway into the most significant transformation humanity has ever undergone The thread that runs through the book and ties it together is story personal collective and cosmic These interwoven stories bring to life and create a hearth for the New Story inspired by Teilhard de Chardin developed by Thomas Berry and Brian Swimme and which continues to evolve In a sense it s a story that until now has been told only in part through geology anthropology physiology psychology archeology architecture and religion Together these disciplines are like tributaries feeding a great river of human knowledge summarized in the first half of the book The Known But to be complete the New Story requires the fundamental change of mind and heart that comes with the inexpressible gift of awakening to the energies of Love This begins the focus of the second half of the book The Unknown The remaining chapters explore the

qualities and the consequences of living with the kind of love compassion and truth illuminated by the world's great spiritual masters of every era and to learn what Teilhard meant when he wrote for the second time in the history of the world humanity will have discovered Fire
