Public Papers of the Presidents of the United States U.S.A. 2012 Kenneth M. Dolbeare,Janette Kay Hubbell,1996
Dolbeare and Hubbell follow up this grim portrait with a provocative and credible vision of how a determined middle class could assert popular control over the big money selfish politicians and special interests that now dominate the American political system United States of America Congressional Record, Proceedings and Debates of the 113th Congress Second Session Volume 160 - Part 4 , *National Union Gleanings* ,1927 **Make it Fair!** Hastings Keith,Richard L. Barnes,2003
Pensions promised to current and future federal civilian and military retirees total 1 8 Trillion T Our children and grandchildren will have to pay that bill but there are no actual assets to pay it only the promise of the federal government Retired Congressman Hastings Keith has fought this system especially its excessive cost of living increases COLAs for more than 25 years though he is a major beneficiary of the system This is his story of what this means to your family's future and what you can do about it **Financial World** ,1921 Government by the People James MacGregor Burns,J. W.

Peltason,Thomas E. Cronin,2000 For first year sophomore level courses in American Government The brief version of the bestseller in the field for many years and the leader in creating the Politically Active Classroom PAC Government By the People brings students the keen insights of four prize winning political scientists Acclaimed for its superb writing style pedagogical support and comprehensive and balanced treatment of the American political system the text has been thoroughly revised redesigned and updated to address the diverse and changing nature of American politics and to meet the needs of American Government classes today A complete multimedia package Companion Website free CD ROM WebCT rounds out the learning package Get into the PAC **Harvard Political Review** ,2000 Report of the Committee on National Debt and Taxation ... The State of the Nation Derek Curtis Bok,1996 Never before have Americans been so anxious about the future of their

society But rarely has anyone offered a clear statement about why in a nation so prosperous free and stable we tend to assume that the country is in dire straits and that the government can do little to help This book is just such a statement an eloquent assessment of where America stands how our society has changed in the past half century and who or what is responsible for our current frustrations Derek Bok examines the nation s progress in five areas that Americans generally consider to be of paramount importance economic prosperity quality of life opportunity personal security and societal values He shows that although we are better off today in most areas than we were in 1960 we have performed poorly overall compared with other leading industrial nations And when it comes to providing adequate health care at a reasonable cost educating our young people for high skilled jobs alleviating poverty and urban blight and reducing crime our record has been dismal Comparing the United States with other leading industrial nations on more than sixty key indicators Bok shows that we rank below average in more than two thirds of the cases and at the bottom in more than half What has caused this decline and what can be done about it In virtually all important areas of American life Bok concludes government policies have played a significant often decisive role in accounting for our successes as well as our failures But whereas others call for downsizing the federal government Bok argues that government is essential to achieving America s goals In short Ronald Reagan was only half right Government is the problem But it is also the most important part of the solution By assessing the state of the nation and identifying the reasons for its current condition this book helps set the agenda for improving America s performance in the future
