their consolidated accounts in accordance with International Financial Reporting Standards thus signalling the effective end of British accounting **Corporate Reporting** Canadian Institute of Chartered Accountants,1980 **Corporate Disclosures** Shankar Jaganathan,2020-11-29 Spanning over two millennia of time and five continents of space this book narrates the unfolding of financial and business reporting The first part of the book traces the origin of the company as a form of organization and the evolution of bookkeeping The second part The Accounting Edifice depicts events that led to the disclosure of the balance sheet the profit and loss account cash flow statements and the practice of auditing In the third part Reaching out to the Shareholders the author explores the need for governance reporting of intangible assets and the emergence of annual reports Indian Corporate Disclosures the fourth and the last part sketches the panorama of post independent developments in Indian corporate disclosures using heritage IT companies Wipro and Infosys as examples The last chapter of the book contrasts disclosures by the Indian Sensex companies in 2007 with the best global practices

Evolution of U.S. Regulation and the Standard-Setting Process for Financial Reporting Stephen A. Zeff,2021-09-13 Evolution of U S Regulation and the Standard Setting Process for Financial Reporting 1930s to the Present surveys and explains the evolution of the stream of events and developments in the regulation and standard setting that have set the requirements for companies financial reporting in the U S capital market Particular attention is given to instances in which the SEC as regulator has either been in disagreement with the private sector accounting standard setter or where they both have partnered in a solution Attention is also given to some of the more celebrated attempts by self interested parties particularly the company sector to interpose themselves forcefully into the standard setting process The interventions from members of Congress on behalf of the company sector are also the object of study In this rendering of the evolution the author has endeavored to provide extensive references to the published literature to enable readers to study the events and developments in greater depth **Earnings Management and Corporate Governance. An Investigation of Financial Statement Reporting of Publicly Listed Companies in Nigeria** Ademola Akinteye,2019-12-09 Doctoral Thesis Dissertation from the year 2015 in the subject Business economics Investment and Finance grade Great Distinction UGSM Monarch Business School Switzerland Accounting and Finance course Doctor of Philosophy in Finance language English abstract The dissertation examined Earnings Management and Corporate Governance Governance Practices of the firms that are listed on the floor of the Nigerian Stock Exchange The researcher investigated the published financial statements of all the listed companies across all the sectors of the exchange using empirical quantitative research methods All the variables of earnings management were extracted from the published annual financial statements and Directors Annual Reports through Content Analysis The paper further explored all the variables of corporate governance as published by the Directors in the Annual Reports in the Financial Statements and through a face to face recorded interviews of the members of the Board of Directors the members of the Audit Committees and the Heads of Internal Audit Functions in the Listed Public Companies

The study documented that companies that are listed on the Nigerian Stock Exchange are involved in both the upward and downward earnings management practices. This finding cuts across all the Sectors and categorization of the companies on the Nigerian Stock Exchange. The research thus recommended the need for better oversight by the Board of Directors, the Audit Committee and the Market Regulators, mainly the Security and Exchange Commission and the Nigerian Stock Exchange. The findings of the Research on Corporate Governance are mixed. In certain sectors, evidence of strong corporate governance is documented as reflected in the quality of Board Members, the Quality of the deliberations at the Board meetings, the independence of the Board, the independence of the Audit Committee and the independence and effectiveness of the Head of the Internal Audit function measured by the reporting line of the holder of this role. In some sectors, the ingredients of strong corporate governance were missing, thus suggesting a need for a more stricter regime of corporate governance to be implemented in these corporations.

Walton, 1995

European Financial Reporting A History is primarily a reference work for those interested in financial accounting and reporting. It is the first English language source that analyses the historical development of accounting in different European countries and thereby provides relevant material for the study of comparative international accounting. Because the sum of accounting practices in any jurisdiction at any time represents an accumulation of past decisions, reactions to past events and initiatives in the past which have occurred in relation to an evolving social and economic culture, it follows that to study the accounting of the present, one must study the accounting of the past, and this book makes a first attempt to provide material which will help in that aim.

The Evolution of Consolidated Financial Reporting in Australia Greg Whittred, 2020-09-04. This book first published in 1988 aims to provide evidence on the voluntary adoption of a particular type of financial statement, the consolidated financial statement, in what may be characterized as relatively high agency cost situations. This study examines an accounting method choice not under the assumption that it will be made opportunistically but under the assumption that it will be negotiated ex ante as part of the firm's optimal contract structure.

Information Disclosure and the Multinational Corporation S. J. Gray, L. B. McSweeney, 1984 Corporate Financial Reporting and Analysis in the early 1900s (RLE Accounting) Richard Brief, 2013-12-04. The contributions in this book, most of which are not widely available, discuss the evolution of financial reporting at a time when it was rare for companies to present detailed reports to their shareholders. Some early annual reports are reprinted here, including the 1902 annual report of the United States Steel Corporation, the 1909 annual report of the International Harvester Company, the 1910 annual report of the American Telephone Telegraph Company and the 1911 annual report of Westinghouse Electric Manufacturing Company.
