Examining Wrongful Convictions Stepping Back Moving Forward

**Walter S. DeKeseredy, Molly
Dragiewicz**

Examining Wrongful Convictions Stepping Back Moving Forward:

Examining Wrongful Convictions Allison D. Redlich, James R. Acker, Robert J. Norris, Catherine L. Bonventre, 2014 In *Examining Wrongful Convictions Stepping Back Moving Forward* the premise is that much can be learned by stepping back from the focus on the direct causes of wrongful convictions and examining criminal justice systems and the sociopolitical environments in which they operate Expert scholars examine the underlying individual systemic and social or structural conditions that may help precipitate and sustain wrongful convictions thereby moving forward the related scholarship

Wrongful Convictions and the DNA Revolution Daniel S. Medwed, 2017-03-30 This book examines the lessons learned from twenty five years of using DNA to free innocent prisoners and identifies lingering challenges **Routledge**

Handbook of Critical Criminology Walter S. DeKeseredy, Molly Dragiewicz, 2018-04-09 The main objective of the second edition of the *Routledge Handbook of Critical Criminology* is twofold 1 to provide original chapters that cover contemporary critical criminological theoretical offerings generated over the past five years and 2 to provide chapters on important new substantive topics that are currently being studied and theorized by progressive criminologists Special attention is devoted to new theoretical directions in the field such as southern criminology queer criminology and green criminology The diverse chapters cover not only cutting edge theories but also the variety of research methods used by leading scholars in the field and the rich data generated by their rigorous empirical work In addition some of the chapters suggest innovative and realistic short and long term policy proposals that are typically ignored by mainstream criminology These progressive strategies address some of the most pressing social problems facing contemporary society today which generate much pain and suffering for socially and economically disenfranchised people The new edition of the *Handbook* is a major work in redefining areas within the context of international multidisciplinary critical research and in highlighting emerging areas such as human trafficking Internet pornography and image based sexual abuse It is specifically designed to be a comprehensive resource for undergraduate and postgraduate students researchers and policymakers **The Victimology of a Wrongful Conviction** Nicky Ali Jackson, Kathryn M. Campbell, Margaret Pate, 2022-07-07 This book exposes the myriad of victims of wrongful conviction by going beyond the innocent person who has been wrongfully incarcerated to include the numerous indirect victims who suffer collaterally In no way overlooking the egregious effects on the wrongfully convicted this book widens the net to also examine consequences for family friends co workers witnesses the initial victims of the crime and society in general all indirect victims who are often forgotten in treatments of wrongful conviction Utilizing interviews of exonerees and indirect victims the authors capture the tangible and intangible costs of victimization across the board The prison experience is examined through the lens of an innocent person and the psychological impact of incarceration for the exoneree is explored Special attention is given to the often ignored experience of female exonerees and to the impact of race as a compounding factor in a vast number of miscarriages of justice The book concludes with an overview of the victimization

experiences that follow exonerees upon release Unique to this book is its interdisciplinary approach to the troubling subject of wrongful conviction combining perspectives from a number of fields including criminal justice criminology victimology psychology sociology social justice history political science and law Undergraduate and graduate students in these disciplines will find this book helpful in their respective areas of study and professionals in the legal system will benefit from appreciation of the far reaching costs of wrongful convictions

The New True Crime Diana Rickard,2023-09-05 The New True Crime How the Rise of Serialized Storytelling Is Transforming Innocence looks at how criminal justice and popular culture intersect in true crime documentaries about wrongful conviction and what they tell us about how truth and innocence are constructed across media

Anatomy of Innocence Laura Caldwell,Leslie S. Klinger,2017-03-28 Recalling the great muckrakers of the past an outraged team of America's best selling writers unite to confront the disasters of wrongful convictions Wrongful convictions long regarded as statistical anomalies in an otherwise sound justice system now appear with frightening regularity But few people understand just how or why they happen and more important the immeasurable consequences that often haunt the lucky few who are acquitted years after they are proven innocent Now in this groundbreaking anthology fourteen exonerated inmates narrate their stories to a roster of high profile mystery and thriller writers including Lee Child Sara Paretsky Laurie R King Jan Burke and S J Rozan while another exoneree's case is explored in a previously unpublished essay by legendary playwright Arthur Miller An astonishing and unique collaboration these testimonies bear witness to the incredible stories of innocent men and women who were convicted of serious crimes and cast into the maw of a vast and deeply flawed American criminal justice system before eventually and miraculously being exonerated Introduced by best selling authors Scott Turow and Barry Scheck these master storytellers capture the tragedy of wrongful convictions as never before and challenge readers to confront the limitations and harsh realities of the American criminal justice system Lee Child tells of Kirk Bloodsworth who obsessively read about the burgeoning field of DNA testing cautiously hoping that it held the key to his acquittal until he eventually became the first person to be exonerated from death row based on DNA evidence Judge John Sheldon and author Gayle Lynds team up to share Audrey Edmunds's experience raising her children long distance from her prison cell And exoneree Gloria Killian recounts to S J Rozan her journey from that fateful knock on the door and the initial shock of accusation to the scars she carries today Together the powerful stories collected within the Anatomy of Innocence detail every aspect of the experience of wrongful conviction as well as the remarkable depths of endurance sustained by each exoneree who never lost hope

Miscarriages of Justice Sam Poyser,Angus Nurse,Rebecca Milne,2018-05-16 Miscarriages of justice occur far more frequently than we realise and have the power to ruin people's lives It is crucial for criminal justice practitioners to understand them given significant developments in recent years in law and police codes of practice This text part of the Key themes in policing textbook series is written by three highly experienced authors with expertise in the fields of criminal investigation forensic psychology and

law and provides an up to date and comprehensive analysis of miscarriages of justice They highlight difficulties in defining miscarriages of justice examine their dimensions forms scale and impact and explore key cases and their causes Discussing informal and formal remedies against miscarriages of justice such as campaigns and the role of the media and the Court of Appeal and the Criminal Cases Review Commission CCRC they highlight criticism of the activities and decision making of the latter and examine changes to police investigation in this area Designed to incorporate evidence based policing each chapter provides questions reflecting on the issues raised in the text and suggestions for further reading

Research Handbook on Plea Bargaining and Criminal Justice Máximo Langer, Mike McConville, Luke Marsh, 2024-04-12 Bringing together established and emerging scholars from around the world the Research Handbook on Plea Bargaining and Criminal Justice examines the practice of plea bargaining through which guilty pleas are secured and trials are avoided *Florida Law Review*, 2016-11

Wrongful Convictions and the Criminalization of Innocence Kathryn M. Campbell, Barak Ariel, Anat Horovitz, Irwin Cotler, 2025-09-30 This edited international collection explores the nature and extent of wrongful convictions as well as examines the systems in place that attempt to exonerate the wrongly convicted Inspired by two conventions of legal scholars jurists lawyers and law students gathered to examine miscarriages of justice as well as the means to address them in Israel and Canada this compilation presents work arising from those workshops as well as newer research dedicated to examining this phenomenon With a thoughtful and evidence based approach by leading international legal scholars and jurists this book offers a timely analysis given the burgeoning interest in the study of miscarriages of justice across the globe This book is useful for all those interested in studying miscarriages of justice why they occur and how to eliminate or minimize them including students and professionals involved in criminology criminal law and innocence work as well as comparative criminology and legal scholars

Convicting the Innocent Brandon L. Garrett, 2011-08-04 DNA exonerations have shattered confidence in the criminal justice system by exposing how often we have convicted the innocent and let the guilty walk free In this unsettling analysis Garrett examines what went wrong in the cases of the first 250 people exonerated by DNA testing and proposes systemic reforms

Wrongful Convictions and Miscarriages of Justice C. Ronald Huff, Martin Killias, 2013-03-05 This innovative work builds on Huff and Killias earlier publication 2008 but is broader and more thoroughly comparative in a number of important ways 1 while focusing heavily on wrongful convictions it places the subject of wrongful convictions in the broader contextual framework of miscarriages of justice and provides discussions of different types of miscarriages of justice that have not previously received much scholarly attention by criminologists 2 it addresses in much greater detail the questions of how and how often wrongful convictions occur 3 it provides more in depth consideration of the role of forensic science in helping produce wrongful convictions and in helping free those who have been wrongfully convicted 4 it offers new insights into the origins and current progress of the innocence movement as well as the challenges that await the exonerated when they return to free society 5 it assesses the impact of the use of alternatives to

trials especially plea bargains in the U S and summary proceedings and penal orders in Europe in producing wrongful convictions 6 it considers how the U S and Canada have responded to 9 11 and the increased threat of terrorism by enacting legislation and adopting policies that may exacerbate the problem of wrongful conviction and 7 it provides in depth considerations of two topics related to wrongful conviction voluntary false confessions and convictions which although technically not wrongful since they are based on law violations represent another type of miscarriage of justice since they are due solely to unjust laws resulting from political repression

Wrongful Conviction C. Ronald Huff, Martin Killias, 2010-01-15 Imperfections in the criminal justice system have long intrigued the general public and worried scholars and legal practitioners In Wrongful Conviction criminologists C Ronald Huff and Martin Killias present an important collection of essays that analyzes cases of injustice across an array of legal systems with contributors from North America Europe and Israel This collection includes a number of well developed public policy recommendations intended to reduce the instances of courts punishing innocents It also offers suggestions for compensating more fairly those who are wrongfully convicted

Wrongful Conviction and Criminal Justice Reform Marvin Zalman, Julia Carrano, 2013-10-30 Wrongful Conviction and Criminal Justice Reform is an important addition to the literature and teaching on innocence reform This book delves into wrongful convictions studies but expands upon them by offering potential reforms that would alleviate the problem of wrongful convictions in the criminal justice system Written to be accessible to students Wrongful Conviction and Criminal Justice Reform is a main text for wrongful convictions courses or a secondary text for more general courses in criminal justice political science and law school innocence clinics

You Might Go to Prison, Even Though You're Innocent Justin Brooks, 2024-08-20 Surviving prison as an innocent person is a surreal nightmare no one wants to think about But it can happen to you Justin Brooks has spent his career freeing innocent people from prison With You Might Go to Prison Even Though You re Innocent he offers up close accounts of the cases he has fought embedding them within a larger landscape of innocence claims and robust research on what we know about the causes of wrongful convictions Putting readers at the defense table this book forces us to consider how any of us might be swept up in the system whether we hired a bad lawyer bear a slight resemblance to someone else in the world or are not good with awkward silence The stories of Brooks s cases and clients paint the picture of a broken justice system one where innocence is no protection from incarceration or even the death penalty Simultaneously relatable and disturbing You Might Go to Prison Even Though You re Innocent is essential reading for anyone who wants to better understand how injustice is served by our system

Convicted but Innocent C. Ronald Huff, Arye Rattner, Edward Sagarin, 1996-01-23 This important book joining many others about the possibility and actuality of executing innocent persons examines the full range of potential and real cases in which innocent people are falsely accused convicted and incarcerated and describes the variety of missteps in our criminal justice system that lead to unjust imprisonment In six clearly written chapters the authors examine the reality of unjust incarceration The last chapter

may be the most compelling the authors recommend how to reduce the number of errors in our criminal justice system For anyone concerned about justice highly recommended for public and university libraries Choice In this well researched and fascinating volume the authors mix materials from case files in the literature and reported in numerous research reports and in the media There is great reliance on research studies national and international on the accuracy of eyewitness perceptions Interviews with the exonerated and some of the actors in the system are included as are trial documents and court transcripts as well as media reports on the trials There is no other book on the guilty but innocent that has so broad a focus and so much rich detail It is a good read indeed from the Foreword by Simon Dinitz Professor Emeritus The Ohio State University Even if the American system of criminal justice proved 99.5% accurate it would still generate more than 10,000 wrongful convictions a year and those would reflect only the eight serious index crimes Each time an innocent offender is wrongfully convicted the actual offender remains free to continue victimizing Insightful and stimulating Convicted But Innocent grapples with the very specific difficult issues surrounding wrongful convictions and the implications for society Using fascinating case samples and survey data that reflect the possible magnitude of the problem the authors detail the major factors associated with this stunning potential for error in our criminal justice system Although no system of justice can be perfect this volume shows that a focus on preventable errors can substantially reduce the number of conviction injustices Committed to that end authors C Ronald Huff Arye Rattner and Edward Sagarin also examine public policy implications and recommendations for putting their findings to work Intriguing and about a problem that is frightening to contemplate Convicted But Innocent offers a stimulating read for students academics researchers law enforcement and corrections professionals and policy makers

Wrongful Convictions Justin Brooks, 2025-06-17 Wrongful Convictions Cases and Materials is the first legal textbook to explore the complex and fascinating legal and scientific issues involved in wrongful convictions and the exoneration of the innocent This exciting area of the law is developing at a rapid pace as we learn more about the causes of wrongful conviction with each exoneration The book is designed to teach about procedure related to the cases as well as give a broad overview of the causes of wrongful convictions including false eyewitness testimony false confessions ineffective assistance of counsel police and prosecutorial misconduct and false forensic evidence In this fourth edition there have been significant updates to the cases from the previous edition including an additional chapter on wrongful conviction civil suits

Wrongful Conviction and Exoneration Lisa Idzikowski, 2019-07-15 Since 1989 there have been over 2,200 exonerations in the United States These have resulted from a number of factors including the discovery of new evidence perjury false identification and bad forensic evidence Even when an individual is exonerated is it possible to compensate them for their loss of time and money This volume looks at the issue from varying perspectives exploring causes of wrongful convictions ways to increase exonerations for those who were unjustly imprisoned strategies to decrease the number of wrongful convictions going forward and appropriate compensation for those who have lost years of

their lives *Blind Injustice* Mark Godsey, 2019-02-05 In this unprecedented view from the trenches prosecutor turned champion for the innocent Mark Godsey takes us inside the frailties of the human mind as they unfold in real world wrongful convictions Drawing upon stories from his own career Godsey shares how innate psychological flaws in judges police lawyers and juries coupled with a tough on crime environment can cause investigations to go awry leading to the convictions of innocent people In *Blind Injustice* Godsey explores distinct psychological human weaknesses inherent in the criminal justice system confirmation bias memory malleability cognitive dissonance bureaucratic denial dehumanization and others and illustrates each with stories from his time as a hard nosed prosecutor and then as an attorney for the Ohio Innocence Project He also lays bare the criminal justice system s internal political pressures How does the fact that judges sheriffs and prosecutors are elected officials influence how they view cases How can defense attorneys support clients when many are overworked and underpaid And how do juries overcome bias leading them to believe that police and expert witnesses know more than they do about what evidence means This book sheds a harsh light on the unintentional yet routine injustices committed by those charged with upholding justice Yet in the end Godsey recommends structural procedural and attitudinal changes aimed at restoring justice to the criminal justice system **American Justice in the Age of Innocence** Hillary K. Valderrama, Jenniffer L. Hopgood, Sandra Guerra Thompson, 2011-07-27 The exoneration of more than two hundred and fifty people who have been wrongfully convicted makes it clear that Americas criminal justice system isnt foolproof Its important to understand the causes of wrongful conviction in order to find solutions to this growing problem Edited by one of the nations leading legal scholars and two of her top students this collection of essays examines critical issues including what American justice in the age of innocence looks like how to implement procedural mechanisms to ensure the integrity of the judicial system while safeguarding the public whether or not the legal system is doing a good enough job uncovering wrongful convictions This anthology provides insightful lessons based on cutting edge research and legal analysis Wrongful convictions are not a foregone conclusion but the justice system must break free from a pattern of punishing innocent people and go after the true culprits Written for judges lawyers and scholars alike *American Justice in the Age of Innocence* educates the public and helps current prisoners who are innocent contest their wrongful convictions

Reviewing **Examining Wrongful Convictions Stepping Back Moving Forward**: Unlocking the Spellbinding Force of Linguistics
