Examination Review for Ultrasound Steven M. Penny, Traci B. Fox, Cathy Herring Godwin, 2011 Examination Review for Ultrasound Sonography Principles Instrumentation offers everything you need to prepare for the ARDMS and ARRT certification exams. Absolute patient care demands that all sonographers not only have the ability to obtain a diagnostic image but also that they have the ability to understand how that image is shaped. Unlike other review books which are written by physicists, Examination Review for Ultrasound is written by sonographers and provides a concise narrative approach to sonographic physics without becoming mired in technical details that are beyond the scope of a sonography's practice. With content based on current exam formats, this unique resource will help you identify your strengths, assess and overcome your weaknesses, and ace your exam.
