*How Canadians Communicate IV* David Taras, Christopher Robb Waddell, 2012 Substantial changes have occurred in the nature of political discourse over the past thirty years. Once traditional media dominated the political landscape but in recent years Facebook, Twitter, blogs, and Blackberrys have emerged as important tools and platforms for political campaigns. While the Canadian party system has proved surprisingly resilient, the rhythms of political life are now very different. A never ending 24 hour news cycle has resulted in a never ending political campaign. The implications of this new political style and its impact on political discourse are issues vigorously debated in this new volume of *How Canadians Communicate* as is the question on every politician's mind: How can we draw a generation of digital natives into the current political dialogue? With contributions from such diverse figures as Elly Alboim, Richard Davis, Tom Flanagan, David Marshall, and Roger Epp, *How*

*Canadians Communicate IV* is the most comprehensive review of political communication in Canada in over three decades, one that poses questions fundamental to the quality of public life.

**How Canadians Communicate III** Bart Beaty, Derek Briton, 2003 What does Canadian popular culture say about the construction and negotiation of Canadian national identity? This third volume of *How Canadians Communicate* describes the negotiation of popular culture across terrains where national identity is built by producers and audiences, government and industry, history and geography, ethnicities and citizenships. Canada does indeed have a popular culture distinct from other nations. *How Canadians Communicate III* gathers the country's most inquisitive experts on Canadian popular culture to prove its thesis.

**The Subjugation of Canadian Wildlife** Max Foran, 2018-04-10 Hardly a day goes by without news of the extinction or endangerment of yet another animal species, followed by urgent but largely unheeded calls for action. An eloquent denunciation of the failures of Canada's government and society to protect wildlife from human exploitation, Max Foran's *The Subjugation of Canadian Wildlife* argues that a root cause of wildlife depletions and habitat loss is the culturally ingrained beliefs that underpin management practices and policies. Tracing the evolution of the highly contestable assumptions that define the human wildlife relationship, Foran stresses the price wild animals pay for human self-interest. Using several examples of government oversight at the federal, provincial, and territorial levels, from the Species at Risk Act to the Biodiversity Strategy, Protected Areas Network, and provincial management plans, this volume shows that wildlife policies are as much or more about human needs, priorities, and profit as they are about preservation. Challenging established concepts including ecological integrity, adaptive management, sport hunting as conservation, and the flawed belief that wildlife is a renewable resource, the author compels us to recognize animals as sentient individuals and as integral components of complex ecological systems. A passionate critique of contemporary wildlife policy, *The Subjugation of Canadian Wildlife* calls for belief change as the best hope for an ecologically healthy, wildlife-rich Canada.

**From Consent to Coercion** Bryan Evans, Carlo Fanelli, Leo Panitch, Donald Swartz, 2023-02-27 From Consent to Coercion examines the increasing assault against trade union rights and freedoms in Canada by federal and provincial governments Centring the struggles of Canadian unionized workers this book explores the diminution of the welfare state and the impacts that this erosion has had on broader working class rights and standards of living The fourth edition witnesses the passing of an era of free collective bargaining in Canada an era in which the state and capital relied on obtaining the consent of workers and unions to act as subordinates in Canada's capitalist democracy It looks at how the last twenty years have marked a return to a more open reliance of the state and capital on coercion on force and on fear to secure that subordination From Consent to Coercion considers this conjuncture in the Canadian political economy amid growing precarity poverty and polarization in an otherwise indeterminate period of austerity This important edition calls attention to the urgent task of rebuilding and renewing socialist politics of thinking ambitiously and meeting new challenges with unique solutions to the left of social democracy
