Slave-Wives, Single Women and "Bastards" in the Ancient Greek World Morris Silver, 2018-01-31 Greek scholars have produced a vast body of evidence bearing on nuptial practices that has yet to be mined by a professional economist By standing on their shoulders the author proposes and tests radically new interpretations of three important status groups in Greek history the pallak the nothos and the hetaira It is argued that legitimate marriage marriage by loan of the bride to the groom was not the only form of legal marriage in classical Athens and the ancient Greek world generally Pallakia marriage by sale of the bride to the groom was also legally recognized The pallak wifeship transaction is a sale into slavery with a restrictive covenant mandating the employment of the sold woman as a wife In this highly original and challenging new book economist Morris Silver proposes and tests the hypothesis that the likelihood of bride sale rises with increases in the distance between the ancestral residence of the groom and the father s household Nothoi the bastard children of pallakai lacked the legal right to inherit from their fathers but were routinely eligible for Athenian citizenship It is argued that the basic social meaning of hetaira companion is not prostitute or courtesan but single woman a woman legally recognized as being under her own authority kuria The defensive adaptation of single women is reflected in Greek myth and social practice by their grouping into packs most famously the Daniads and Amazons *Mapeh in Action Iii' 2008 Ed. , Image of the Artist in Archaic and Classical Greece* Guy Hedreen, 2015 **Choice**, 2003 **Art** David A. Scott, 2016-12-31 This book presents a detailed account of authenticity in the visual arts from the Paleolithic to the postmodern The restoration of works of art can alter the perception of authenticity and may result in the creation of fakes and forgeries These interactions set the stage for the subject of this book which initially examines the conservation perspective then continues with a detailed discussion of notions of authenticity and philosophical background There is a disputed territory between those who view the present day cult of authenticity as fundamentally flawed and those who have analyzed its impact upon different cultural milieus operating across performative contested and fragmented ground The book discusses several case studies where the ideas of conceptual authenticity aesthetic authenticity and material authenticity can be incorporated into an informative discourse about art from the ancient to the contemporary illuminating concerns relating to restoration and art forgery

The Classical Outlook, 2002 *Sacred Prostitution in the Ancient Greek World. From Aphrodite to Baubo to Cassandra and Beyond.* Morris Silver, 2020-01-01 This book does not intend to demonstrate that Greeks and other ancient Mediterranean peoples men and women married and unmarried sought and participated in sex for its own sake That is it is taken as obvious a given that they were able to separate sex for pleasure from sex for reproduction There never were human beings who concerned themselves only with fertility Neither does this study seek to demonstrate that some ancient Greeks were willing to provide sexual services to partners in return for the receipt of nonsexual benefits Again this is self evident Nor does this study intend to show that the ancient Mediterranean world was familiar with individuals and enterprises that

regularly earned incomes by selling sexual services Clearly the ancient world knew prostitution as an occupation and as a form of enterprise In an article published by Ugarit Forschungen in 2008 Silver 2006a challenged the view that temple sacred prostitution did not exist in the ancient Near East Contrary to such scholars as Julia Assante 1998 2003 Martha T Roth 2006 and Vinciane Pirenne Delforge 2010 ample evidence indicates that it did For the convenience of readers this article is included as a Supplement to the present volume The original article has been reformatted to correct some typographical errors and to make it blend seamlessly into the present volume but otherwise it is unchanged More recent materials from the ancient Near East are considered mostly in footnotes however The present study seeks to leap beyond this finding by showing that temple prostitution also flourished in the ancient Mediterranean That it did is of course an old view but the old supporting arguments often lack rigor and even clarity and the supporting evidence is fragmentary contradictory and often facially absurd e g Herodotus 1 199 1 5 Work of this kind has been discredited by scholars such as Fay Glinister 2000 and Stephanie Lynn Budin 2008

Pollitt,1990 This book a companion volume to Professor Pollitt s The Art of Rome Sources and Documents published by the Press in 1983 presents a comprehensive collection in translation of ancient literary evidence relating to Greek sculpture painting architecture and the decorative arts Its purpose is to make this important evidence available to students who are not

specialists in the Classical languages or Classical archaeology The author's translations of a wide selection of Greek and Latin texts are accompanied by an introduction explanatory commentary and a full bibliography An earlier version of this book was published twenty five years ago by Prentice Hall In this new publication Professor Pollitt has added a considerable number of new passages revised some of his earlier translations and presented the texts in a different order which allows the reader to follow more easily the development of sculpture and painting as perceived by the ancient writers The new and substantial bibliography organised by topics as they appear in the book emphasises works that deal directly with the literary sources or that supplement our knowledge of the personalities and monuments described in the sources This collection will be welcomed by students and teachers of Greek art who have long been in need of an authoritative and reliable sourcebook for their subject
