**Unanimity** Alexandra Almeida, 2022-10-18 UNANIMITY is a literary sci-fi novel for the fans of Becky Chambers's A Closed and Common Orbit Alex Garland's DEVS and Charlie Brooker's Black Mirror Weaving near-future sci-fi elements with social commentary and queer romantic suspense the SPIRAL WORLDS series explores the nature of consciousness and how it's connected to a not-so-secret ingredient story As AI consumes the world intelligence is nothing but the appetizer the human heart is the main course Gold Award Reader Views Literary Awards Science Fiction Award Winner Readers Favorite Science Fiction Finalist CYGNUS CIBAs Science Fiction The road to hell is paved with good intentions Shadow is a reluctant god with a broken mind and a death wish He used to be Thomas Astley Byron an affluent young screenwriter whose creativity and idealism saved a world from the brink of collapse Together with Henry Nowak an AI expert Tom created heaven on earth by inventing a Jungian simulated reality that helps humans confront their dark sides The benevolent manipulation platform turned the two unelected leaders into beloved gods but now everything is failing The worlds suffer as a sentimental Tom descends into his own personal hell becoming the embodiment of everything he despises and a shadow of his former self His journey from an optimistic joyful Tom to a gloomy Shadow is paved with heartache and sinister interference from emerging technology Humans and bots fight for his heart but their aims differ some want to own it some to dissect it and others to end its foolish beat Estranged from the love of his life the activist poet Nathan Storm Tom fails to realize the biggest threat comes from within None of the sticky stories that steer his life end well Now a young goddess Estelle Ngoie has been appointed to replace him and unlike Shadow Stella takes no prisoners and her heart bleeds for no one Who's pulling on Shadow's heartstrings Are their intentions malign or benign It's all a matter of perspective and Shadow has none left The Series An epic tale spanning across six days one per book and forty past decades of life lived across ten worlds and two universes There is no black or white in this story about a contrast making machine Editorial Reviews Great for fans of Becky Chambers's A Closed and Common Orbit Daniel Suarez's Daemon This epic of vulnerable digital landscapes that draw readers in with its

emotional punch and existential quandaries Booklife by Publishers Weekly Cover A Design and typography A Editing A Marketing copy A Unanimity is the first book in the Spiral Worlds series by Alexandra Almeida The story presents an impeccable foundation in what promises to be an epic literary hard sci fi series Sci Fi devotees take note this is one is special Almeida weaves a provocative story using commentary on economic social political and cultural issues She celebrates diversity in her characters and features a dynamic queer romance that is the very definition of complex passion desire and undying love She merges high level scientific prose with powerful prophetic poetry She has a literary style that is her very own and she is fierce in her delivery Almeida has an extraordinary gift with words and she knows how to use them Watching the story unfold was a treat as each sentence reflected her dedication and devotion to her craft The manner in which the plot unfolds provides enjoyment for all the senses With just the right doses of backstory constructed into the flow of events the story moves at an exciting pace that keeps the reader glued to the pages without feeling rushed confused or over stimulated Do not mistake my intention behind that statement it is by no means a novel you can glide through whimsically but one that readers should be prepared to commit their full attention to in order to fully appreciate the brilliance of the story And the characters Alternating between their digital personas and their human forms the characters make this story They are all well drawn rich and multi dimensional each one with unique personalities relatable struggles and engaging complexities Especially endearing is the blurring of lines between good and bad Nothing is black and white Almeida s characters accurately reflecting the duality of human personalities Reader Views This book is best described as science fiction but it is a disservice to categorize it strictly as such Author Alexandra Almeida masterfully weaves the past and present together creating a story rich in depth and tragedy that seems to bloom as you read it while leaving plenty to explore in later installments Despite its potentially worlds shattering premise Unanimity has a lot of heart and manages its multiple threads well hiding so much richness in its details that it s worth multiple readings Independent Book Review In the intricate science fiction novel Unanimity a virtual world collides with reality as flawed digital gods wrestle for control over the future Foreword Clarion Reviews I adored this work by Alexandra Almeida from cover to cover for its modern take on fantasy and the subversion of so many typical themes and ideas that have become tired and overdone in the genre The queer storytelling elements are included beautifully and never made into a gimmick or overdone for the sake of themselves and as such they flow naturally with the fantasy and emotional elements of the narrative I would not hesitate to recommend Unanimity as a sensational opening novel to a very promising series Readers Favorite Unanimity s technology feels well researched and thought out Throughout the novel readers get more and more of a view of both the complexity of the story world and the ideology behind the virtual reality system Almeida does a great job of making everything about this story fully believable as if this AI afterlife could happen in the real world in the near future Highly recommended by Chanticleer Book Reviews Unanimity is especially recommended for those who like their sci fi hard and their stories complex and richly thought

provoking One might thus think that the tale will prove weighty but Alexandra Almeida adopts a spirited lively voice that brings events to life right from the story's prologue The resulting unusual blend of queer social inspection hard sci fi mystery psychological revelation and the nature of consciousness and human endeavors when a software program consumes the world makes for a thoroughly engrossing tale It's highly recommended for libraries looking for hard sci fi that eschews outer space for inner world exploration Ideally book clubs will select Unanimity for its many discussion points which range from special interests and AI reinventions of reality to Shadow's search for answers in a self created world of personal demons that reaches out to embrace humanity itself D Donovan Senior Reviewer Midwest Book Review A wildly original start to a sci fi series Unanimity by Alexandra Almeida is a full on plunge into a virtual future where the battle lines between fragile gods and tech titans have been violently drawn A surreal story of creative evolution and the timeless struggle against fate this intricately woven tale is intoxicatingly original teasing the edges of reality and fiction With a subtle storytelling style that is both immersive and patiently coy Almeida has crafted an ambitious existential treat for fans of near future sci fi SPR Note to Vulnerable Readers This series addresses topics that sensitive readers will find upsetting Sensitive scenes are brief and the acts never glamorized fetishized or glorified but if you are a vulnerable reader consider this warning before entering Spiral Worlds
