Brandweek ,2007-10 Hispanic and Latino New Orleans Andrew Sluyter,Case Watkins,James P. Chaney,Annie M. Gibson,2015-12-07 Often overlooked in historic studies of New Orleans the city s Hispanic and Latino populations have contributed significantly to its development Hispanic and Latino New Orleans offers the first scholarly study of these communities in the Crescent City This trailblazing volume not only explores the evolving role of Hispanics and Latinos in shaping the city s unique cultural identity but also reveals how their history informs the ongoing national debate about immigration As early as the eighteenth century the Spanish government used incentives of land and money to encourage Spaniards from other regions of the empire particularly the Canary Islands to settle in and

around New Orleans Though immigration from Spain declined markedly in the wake of the Louisiana Purchase the city quickly became the gateway between the United States and the emerging independent republics of Latin America The burgeoning trade in coffee sugar and bananas attracted Cuban and Honduran immigrants to New Orleans while smaller communities of Hispanics and Latinos from countries such as Mexico Puerto Rico and Brazil also made their marks on the landscapes and neighborhoods of the city particularly in the aftermath of Hurricane Katrina Combining accessible historical narrative interviews and maps that illustrate changing residential geographies Hispanic and Latino New Orleans is a landmark study of the political economic and cultural networks that produced these diverse communities in one of the country s most distinctive cities

The Undocumented Americans Karla Cornejo Villavicencio, 2021-04-06 NATIONAL BOOK AWARD FINALIST One of the first undocumented immigrants to graduate from Harvard reveals the hidden lives of her fellow undocumented Americans in this deeply personal and groundbreaking portrait of a nation Karla s book sheds light on people s personal experiences and allows their stories to be told and their voices to be heard Selena Gomez FINALIST FOR THE NBCC JOHN LEONARD AWARD NAMED A BEST BOOK OF THE YEAR BY THE LOS ANGELES TIMES THE NEW YORK TIMES BOOK REVIEW NPR THE NEW YORK PUBLIC LIBRARY BOOK RIOT LIBRARY JOURNAL AND TIME Writer Karla Cornejo Villavicencio was on DACA when she decided to write about being undocumented for the first time using her own name It was right after the election of 2016 the day she realized the story she d tried to steer clear of was the only one she wanted to tell So she wrote her immigration lawyer s phone number on her hand in Sharpie and embarked on a trip across the country to tell the stories of her fellow undocumented immigrants and to find the hidden key to her own Looking beyond the flashpoints of the border or the activism of the DREAMers Cornejo Villavicencio explores the lives of the undocumented and the mysteries of her own life She finds the singular effervescent characters across the nation often reduced in the media to political pawns or nameless laborers The stories she tells are not deferential or naively inspirational but show the love magic heartbreak insanity and vulgarity that infuse the day to day lives of her subjects In New York we meet the undocumented workers who were recruited into the federally funded Ground Zero cleanup after 9 11 In Miami we enter the ubiquitous botanicas which offer medicinal herbs and potions to those whose status blocks them from any other healthcare options In Flint Michigan we learn of demands for state ID in order to receive life saving clean water In Connecticut Cornejo Villavicencio childless by choice finds family in two teenage girls whose father is in sanctuary And through it all we see the author grappling with the biggest questions of love duty family and survival In her incandescent relentlessly probing voice Karla Cornejo Villavicencio combines sensitive reporting and powerful personal narratives to bring to light remarkable stories of resilience madness and death Through these stories we come to understand what it truly means to be a stray An expendable A hero An American

Mediaweek ,2007-10 **We Just Keep Running the Line** LaGuana Gray, 2014-11-05 The poultry processing industry in El Dorado Arkansas was an economic powerhouse in the latter half of the twentieth

century It was the largest employer in the interconnected region of South Arkansas and North Louisiana surrounding El Dorado and the fates of many related companies and farms depended on its continued financial success We Just Keep Running the Line is the story of the rise of the poultry processing industry in El Dorado and the labor force composed primarily of black women upon which it came to rely At a time when agricultural jobs were in decline and Louisiana stood at the forefront of rising anti welfare sentiment much of the work available in the area went to men driving women into less attractive labor intensive jobs LaGuana Gray argues that the justification for placing African American women in the lowest paying and most dangerous of these jobs like poultry processing derives from longstanding mischaracterizations of black women by those in power In evaluating the perception of black women as less than white women less feminine less moral less deserving of social assistance and less invested in their families and communities well being Gray illuminates the often exploitative nature of southern labor the growth of the agribusiness model of food production and the role of women of color in such food industries Using collected oral histories to allow marginalized women of color to tell their own stories and to contest and reshape narratives commonly used against them We Just Keep Running the Line explores the physical and psychological toll this work took on black women analyzing their survival strategies and their fight to retain their humanity in an exploitative industry

From Saint-Domingue to New Orleans Nathalie Dessens,2007 Dessens examines the legacy of approximately 15 000 Saint Domingue refugees whites slaves and free people of color who settled in Louisiana between 1791 and 1815 Forced to flee their French Caribbean colony following a slave rebellion that gave birth to the Haitian Republic in January 1804 they spread throughout the Caribbean and along the North American Atlantic coast Forming a relatively

coherent diaspora for at least two decades they concentrated in New Orleans In this first comprehensive study of the Saint Domingue influence Dessens brings to light a refugee community composed in almost equal proportions of three population groups yet completely forgotten by Louisiana historiography for more than 150 years despite its arrival during a crucial historical era its participation in the economic social and political life of a new homeland and its cultural legacy to the Creole capital A few pioneer historians of Louisiana raised the Saint Domingue refugees from oblivion in the mid 20th century but only one collection of articles The Road to Louisiana has ever been published about them Dessens finds that the new arrivals established New Orleans first newspapers and many of its oldest schools and left their cultural influence on the city s music and architecture The immigrants also brought with them inclusive ideas about people of African descent that helped shape local race relations The children of these refugees carefully orchestrated shoemaker Homer Plessy s vain attempt to outlaw segregation Drawing on sources in France and the United States as well as civic church and other primary documents in New Orleans Dessens examines the salient features of the refugees former society the reasons they left the migration itself and their reception and integration into New Orleans society Revealing a better understanding of migratory movements and of Louisiana s exceptionalism in the United States this study will be of special interest to historians of the South Gulf South Louisiana and New Orleans as well as African American Latin American and Caribbean history migration and genealogy
