T. S. Eliot and the Romantic Critical Tradition Edward Lobb, 2015-12-22 Edward Lobb's study first published in 1981 is a thorough examination of Eliot's relation to Romantic criticism. This title also makes extensive use of Eliot's Clark Lectures on metaphysical poetry. Delivered in 1926, the lectures complete the picture of literary history set out in Eliot's published work and are the author believes essential to a full understanding of the poet's ideas and their place in tradition. Drawing on a wide variety of primary sources and earlier scholarship, *T. S. Eliot and the Romantic Critical Tradition* will be of interest to students of literature.

T. S. Eliot's Romantic Dilemma Eugenia M. Gunner, 2015-12-22 The fact that Eliot disapproved of Romanticism is clear from his critical essays where he often appears to reject it absolutely. However, Eliot's understanding of the term and his appreciation of literature developed and altered greatly from his adolescence to his years of scholarly study; yet he was never unable to dismiss Romanticism entirely as a critical issue. This study first published in 1985 analyses Eliot's approach and criticism to Romanticism with an analysis of *The Waste Land* adding to the layers of its meaning, context and content to the poem. This title will be of interest to students of literature.

The Transnational in English Literature Pramod K. Nayar, 2015-07-16 The *Transnational in English Literature* examines English literary history through its transnational engagements and argues that every period of English Literature can be examined through its global relations. English identity and nationhood is therefore defined through its negotiation with other regions and cultures. The first book to look at the entirety of English literature through a transnational lens, Pramod Nayar maps the discourses that constitute the global in every age from the Early Modern to the twentieth century. Offers readings of representative texts in poetry, fiction, essay and drama covering a variety of genres such as Early Modern tragedy, the adventure novel, the narrative poem, Gothic and utopian fiction. Examines major authors including Shakespeare, Defoe, Behn, Swift, Coleridge, Wordsworth, Austen, Mary Shelley, the Brontës, Doyle, Ballantyne, Orwell, Conrad, Kipling, Forster. Looks at themes such as travel and discovery, exoticism, mercantilism, commodities, the civilisational mission and the multiculturalization of England. Useful for students and academics alike, this book offers a comprehensive survey of the English canon, questioning and analysing the transnational and global engagements of English literature.

The Critical Twilight (Routledge Revivals) John Fekete, 2014-08-07 First published in 1977, this book was the first to map extensively the ideological typography of the Anglo-American tradition of literary theory. It interrogates comprehensively and in detail the assumptions and categorical development within critical ideas from I. A. Richards and T. S. Eliot through John Crowe Ransom and the New Criticism to Northrop Frye and Marshall McLuhan. This analysis reveals the Anglo-American tradition of literary cultural theory is most properly intelligible within the overall field of social consciousness as an ideology of progressive cultural rationalization. Against a background of ideological development since nineteenth-century Romanticism, John Fekete

illuminates the boundaries of literary ideology in relation to the shapes and changes of modern culture and society *The Poetry of T. S. Eliot* D. E. S.
