Ten Lectures on Psychotherapy and Spirituality Nathan Field, Trudy Harvey, Belinda Sharp, 2018-04-24 This volume is a much needed exploration of contemporary theories on psychotherapy and spirituality moving away from the more traditional non spiritual aspects of psychoanalysis and psychotherapy The book consists of a dialogue between the opposing sides most of the papers have responses from the other side This dialogue mirrors the early communication between Freud and Jung regarding spirituality and opens up doors for continuing collaboration between psychoanalysis as a pure science and the spiritual and religious dimensions within This inspiring collection of papers grew from the lectures held in 2002 at the London Centre for Psychotherapy In the time of increased interest in more scientific schools of psychoanalysis such as neuropsych analysis there is also a surge of interest in spirituality within psychoanalysis as demonstrated by the great interest in these lectures
