

Ellen G. White's Theology of Worship and Liturgy

Denis Fortin

Dean and Professor of Theology
Seventh-day Adventist Theological Seminary
Andrews University

Any discussion of worship and liturgy is a touchy subject in most churches in North America—and not only in Seventh-day Adventist congregations. According to Paul Basden, “Throughout Christian history, public worship has attracted attention, stimulated discussion, and even provoked contention.”¹ This assessment seems accurate. In the New Testament, the apostle Paul faced issues of worship in the church at Corinth and part of the contention over the acceptance of Gentile Christians was whether Jewish and Gentile believers in Christ could worship together. During the Middle Ages, Eastern and Western Christianity divided over the use of icons in worship. At the time of the Protestant Reformation, while Reformers were basically in agreement over matters of faith and salvation, the bitter divisions between them over forms and elements of worship hindered their unity and common witness. Reformed Protestants and Catholics persecuted Anabaptists over their theology and practice of baptism; Luther scorned Zwingli's understanding of the Lord's Supper; Puritans separated from Anglicans over the priority given to the preaching of the Word of God.

Although today we no longer kill people for disagreements over forms of worship, little has changed in regard to the questions that have divided Christianity over the centuries and many articles continue to be written on this subject in popular Christian journals.² For Seventh-day Adventists forms of worship have also become major points of contention. For decades we worshiped God along a traditional Protestant hymn-based worship format in which the sermon was the dominant element. Today, however, while the sermon tends to remain the dominant element—but the trend is a moving away from the traditional expository sermon to replace it with a narrative of personal faith and experience—the hymn-based singing is being replaced with more contemporary songs and music, a variety of musical instruments other than piano or organ

On Liturgical Theology Aidan Kavanagh, 1984 **Subject Guide to Books in Print**, 1993 **The Printing machine (or, Companion to the library)** [ed. by J.H.L. Hunt]. , *Worship with One Accord* Geoffrey Wainwright, 1997 The historical course of Christianity in the twentieth century has been strongly marked by the Ecumenical Movement and the Liturgical Movement and often these currents for the recovery of the Church's unity and the renewal of its worship have flowed together In this new book author Geoffrey Wainwright draws on his three decades of active participation in both movements to offer a theologically informed account of what has been at stake in them what their achievements have been and what tasks remain for them to accomplish He shows how the two movements have engaged such issues as the authority and function of scripture and tradition as well as the nature of the Church and sacraments In this last connection Wainwright illuminates the convergence represented by the widely received Lima text on Baptism Eucharist and Ministry in the writing of which he played a prominent part The linguistic and anthropological turns that characterize twentieth century thought are reflected in the attention given to the language and ritual of worship The social location of the Church is addressed in chapters that look to liturgical practices for common Christian perspectives on ethics politics and culture so that discords and conflicts may be resolved and reconciled The book makes its own contribution to the symphony of praise to which the apostle Paul summons Christians and the churches when they will with one mind and one voice glorify the God and Father of our Lord Jesus Christ **The God We Worship** Wolterstorff, Nicholas, 2015-03-03 In *The God We Worship* Nicholas Wolterstorff takes a ground up approach to liturgical theology examining the oft hidden implications of traditional elements of liturgy Given that no liturgy has ever been composed from scratch Wolterstorff argues that the assumptions taken into worship are key to perceiving the real depths of historical Christianity's understanding of God Across the liturgies of the Orthodox Catholic Episcopal Lutheran and Reformed churches Wolterstorff highlights theologically neglected elements of God such as an implicit liturgical understanding of God as listener A dissection of liturgy is not only interesting Wolterstorff argues but crucial for reconciling differences between the God studied by theologians and the God worshiped by churchgoers on Sunday **Where Two or Three Are Gathered** Harmon L. Smith, 2004-12-02 Written for a broadly ecumenical audience *Where Two or Three Are Gathered* explores what Harmon Smith calls the universe of discourse between the language of Christian worship and the language of morals Following the customary order of the church's liturgy Smith demonstrates how worship is meant to engender personal and social holiness and how for example prayer the eucharist and baptism are inextricably tied to our moral understanding of such searing and conflicted issues as capital punishment pacifism and warfare surrogacy and physician assisted suicide **Unity**, 1900 *The United Methodist Periodical Index*, 1966
