Elongated Skulls Of Peru And Bolivia The Path Of Viracocha:

Elongated Skulls of Peru and Bolivia Brien Foerster, 2015-03-28 Elongated human skulls have been found in the archaeological record on every inhabited continent and most commonly these people existed about 2000 years ago. The vast majority were elite members of various societies and artificial cranial deformation was performed on them as infants in order to achieve a specific look so as to differentiate them from the general public. Nowhere was this more commonplace than in Peru and Bolivia and this book sets out to figure out where these societies lived when and how they may have been related. The most mysterious aspect is that some of the ancient people of Peru and Bolivia may have in fact been born with elongated skulls. Should this turn out through medical examination to be true, the history of humanity may have to be rewritten. Foerster BSc, 2019-03-26 People with elongated skulls have been found in many parts of the world over the course of thousands of years. In general, these were the elites of a society and cranial deformation was performed on newborns in order to make them look distinct from the general population. In Peru and Bolivia, there were many societies with elongated heads, including the royal Inca family. The most profound ones are surely of the Paracas culture of the coast of Peru, who existed from about 700 BC to approximately 100 AD. There are clear medical indications that the Paracas originally were born with elongated heads and after generations of breeding with normal humans began to perform cranial deformation on their noble children. They also had dark red hair, likely light skin, and perhaps green eyes. Recent DNA testing of the early Paracas indicates that they did not originate in Peru and that they were in fact not *Homo sapiens sapiens*. War of the Gods Erich von Däniken, 2020 Bestselling author and father of the Ancient Alien Theory. Erich von Däniken explores what drove ancient humans to build city-sized places underground around the world and its connection to conflicts in the sky. *War of the Gods* examines ancient scriptures from India, Siberia, Tahiti, and many other regions of the world independently on reports of battles in the stars. Weapons of unimaginable destructive power were used in the battle. Use of one of these weapons destroyed a planet completely. Traditions from all over the world depict the gruesome effects of the battle in space. Many ancient stories speak of it raining fire from the sky for years. The people of the time tried to protect themselves from this and thus created more testimonies that prove the star war and contact with beings from other planets. With impressive examples, von Däniken illustrates some of the numerous cities that were dug underground as safe harbors from the destructive boulders. Miles and miles of underground passageways have been discovered around the world as they made space for villages and entire cities. To end the book, von Däniken presents his newest discoveries of an event that can only be described as shocking. In 2017, the author was informed that strange mummified creatures were found near the Peruvian village of Nazca. They lived several thousand years, had three fingers and three toes, and had exceptionally long heads. One of the mummies apparently several thousand years ago had been implanted with a metal plate under the skin. Scientists agree. These creatures are not

to eight feet tall also 3 000 years old elongated skulls with red hair still intact were discovered in Nazca Peru more proof that Adam and Eves descendants traveled all over the world in an effort to spread their genes When geneticist analyzed the genes of the elongated skulls they found the genes contain genetic material unknown in any human primate or animal Adam and Eve came to our planet as biological up lifters Bodies were made for them when they arrived on our planet by beings from a higher universe called Avalon a universe neighbor to our universe These beings were called Avalon surgeons They took plasma from the more advanced tribes of our planet and with some type of genetic engineering created bodies made of the dust of the ground chemical of the earth that were much more advanced than the humans of that time Adam and Eve incarnated into those bodies and the spirit of God breathed the breath of life into those forms and they became living beings Our ancient ancestors didnt know about genetic engineering and such so they said God did it To them those advanced beings were gods People of our planet need to wake up and stop thinking about material things all the time and begin thinking about the spiritual world which we linger far behind in our understanding Lucas A Seeker Beyond the Black Sea: the Mysterious Paracas of Peru Brien Foerster,2018-05-12 An enigmatic people lived on the coast of Peru between 2700 and 2000 years ago that academia spends little time studying In the driest part of the country which receives less than half an inch of rain per year they were enormously successful at agriculture and fishing and were very advanced as regards textile production had the potters wheel and constructed ships of totora reed with cotton cloth sails The most intriguing characteristic of these Paracas people was that they had elongated heads and through my research I can state that the earliest of them especially their nobility were born with elongated skulls cranial deformation of their infants being performed later due to genetic mixing with normal local Homo sapiens sapiens They also had genetically red hair and thus were most likely light skinned and may have had green or blue eyes thus they were not Native Americans Recent and extensive DNA testing shows us that they very well could have migrated from the Black Sea area as much as 3000 years ago and sought refuge from invasion and oppression Academia has either ignored or suppressed this information and that is why I present it to you here **Lost Ancient Technology Of Peru And Bolivia** Brien Foerster,2012-11-30 Ancient Peru and Bolivia like Egypt contain enigmas and mysteries especially in stone which most conventional scholarship can t explain Rather than simply being the exclusively the works of cultures such as the Inca there are many megalithic wonders which defy both the conventional time lines and known levels of technology attributed to the ancient people of South America The most glaring example is most likely Puma Punku near the shore of Lake Titicaca in Bolivia which hints at not only being several thousand years old but also seems to have been achieved using what we would call high level machine technology There are also many sites in Peru and especially near the city of Cusco that also show the hall marks of having been made by cultures using technology supposedly not known by cultures such as the Inca A massive collection of photographic and and detailed analysis is contained in this book as well as on site observations by leading engineers Beyond the Black Sea Brien

Foerster,2018-07-05 On the coast of Peru a mysterious people appeared about 3000 years ago and disappeared 1000 years later Today we know of them as the Paracas an Inca term to describe the area some 1500 years after the Paracas were no longer present The royalty of these people had elongated heads natural dark red hair light skin and possibly blue or green eyes quite different from the Native population Academics do not study these ancient people because such a study is profoundly complex but very recent DNA testing has revealed that the Paracas may very well have emigrated to the coast of Peru from the Black Sea and Crimea area of Eurasia This book shatters much of what we know of ancient Peru **The Lost**

Tomb of Viracocha Maurice Cotterell,2003-02-20 Bestselling author of The Tutankhamun Prophecies decodes the spiritual mysteries hidden within the recently discovered Mochian pyramids in Sipan Reveals that ancient Inca sun kings possessed the same solar science as Lord Pacal of Mexico and Tutankhamun of Egypt Solves the mystery of the ancient Inca legend concerning a white god who traveled through ancient Peru healing the sick and restoring sight to the blind Inca mythology tells of a tall white leader who wandered along the coast performing miracles a man they called Viracocha Pachamac which means God of the World Centuries later another great miracle worker similar to the first appeared and wandered the countryside healing the sick and restoring sight to the blind He too was named Viracocha These accounts have long baffled scholars as have the carvings left by the people of Tiahuanaco who preserved these legends Now Maurice Cotterell who cracked the codes hidden in both ancient Maya carvings and the treasures of Tutankhamun unlocks the secrets concealed within the treasure filled tombs of Viracocha Pachamac and Viracocha His investigation of these tombs held within the long lost pyramids of Peru proves that these two figures were not myth but actually existed 1 500 years ago The two Viracocha sun kings had much in common with Lord Pacal of Mexico and Tutankhamun of Egypt and like them left the secrets of a super solar science encoded in their treasures This science reveals the intimate connection between the cycles of life and birth on Earth and solar activity such as sunspots More important it holds the key to reincarnation and human spiritual realization with answers to the spiritual mysteries of life and death **From Viracocha to the Virgin of Copacabana**

Verónica Salles-Reese,1997 Surrounded by the peaks of the Andean cordillera the deep blue waters of Lake Titicaca have long provided refreshment and nourishment to the people who live along its shores From prehistoric times the Andean peoples have held Titicaca to be a sacred place the source from which all life originated and the site where the divine manifests its presence In this interdisciplinary study Ver nica Salles Reese explores how Andean myths of cosmic and ethnic origins centered on Lake Titicaca evolved from pre Inca times to the enthronement of the Virgin of Copaca bana in 1583 She begins by describing the myths of the Kolla pre Inca people and shows how their Inca conquerors attempted to establish legitimacy by reconciling their myths of cosmic and ethnic origin with the Kolla myths She also shows how a similar pattern occurred when the Inca were conquered in turn by the Spanish This research explains why Lake Titicaca continues to occupy a central place in Andean thought despite the major cultural disruptions that have characterized the region s history This

book will be a touchstone in the field of Colonial literature and an important reference for Andean religious and intellectual history *Viracocha* Arthur A. Demarest, 1984 **Viracocha** Arthur Andrew Demarest, 1981
