**Embodiment and Virtue in Gregory of Nyssa** Hans Boersma, 2013-02-28 Embodiment in the theology of Gregory of Nyssa is a much debated topic Hans Boersma argues that this worldly realities of time and space which include embodiment are not the focus of Gregory's theology Instead Boersma suggests the key to Gregory's theology is anagogy going upward in order to participate in the life of God Dying and the Virtues Matthew Levering, 2018-01-23 In this rich book Matthew Levering explores nine key virtues that we need to die and live well love hope faith penitence gratitude solidarity humility surrender and courage Retrieving and engaging a variety of biblical theological historical and medical resources Levering journeys through the various stages and challenges of the dying process beginning with the fear of annihilation and continuing through repentance and gratitude suffering and hope before arriving finally at the courage needed to say goodbye to one's familiar world Grounded in careful readings of Scripture the theological tradition and contemporary culture *Dying and the Virtues* comprehensively and beautifully shows how these nine virtues effectively unite us with God the One who alone can conquer death *Journal of Moral Theology, Volume 10, Issue 1* Jason King, M. *Christos Yannaras* Andreas Andreopoulos, Demetrios Harper, 2018-09-03 Christos Yannaras is one of the most significant Orthodox theologians of recent times The work of Yannaras is virtually synonymous with a turn or renaissance of Orthodox philosophy and theology initially within Greece but as the present volume confirms well beyond it His work engages not only with issues of philosophy and theology but also takes in wider questions of culture and politics With contributions from established and new scholars the book is divided into three sections which correspond to the main directions that Christos Yannaras has followed philosophy theology and culture and reflects on the ways in which Yannaras has engaged and influenced thought across these fields in addition to themes including ecclesiology tradition identity and ethics This volume facilitates the dialogue between the thought of Yannaras which is expressed locally yet is relevant globally and Western Christian thinkers It will be of great interest to scholars of Orthodox and Eastern Christian theology and philosophy as well as theology more widely

**African Church Fathers - Ancient and Modern** Hans S. A. Engdahl, 2021-01-26 This critical and close reading of two African theologians Origen 185 254 and Mbiti 1931 2019 focuses on the following areas philosophy African philosophy and religion and Platonic cosmology ecclesiology and eschatology a parallel presentation of these three themes leads to a fourth theme that of the resurrection where it is argued that there exists a consensus and a convergence between the two This reading also highlights two convictions that partly have caused strong criticism Mbiti has suggested that African philosophy and religion have a

conception of time of their own Origen that all and everything is gradually moving towards an apokatastasis at which point all will be saved Yet the contention is that even more important to both Mbiti and Origen is the resurrection of Jesus Christ In order to establish the impact of the resurrection on their lives as Christians and as theologians a contrast reading has been undertaken i e texts are identified which underline the need to forge a link between the resurrection and the earthly ministry of Jesus These texts also underwrite the conviction of Mbiti as well as Origen of the resurrection as something which must be lived in church and society corporately as well as in personal devotion The fact of resurrection creates a new mode of life

**Florilegia Syriaca: Mapping a Knowledge-Organizing Practice in the Syriac World** Emiliano Fiori, Bishara Ebeid, 2023-02-17 From the 6th century onwards Syriac patristic florilegia collections of Greek patristic excerpts in Syriac translation progressively became a prominent form through which Syriac and Arab Christians shaped their knowledge of theology In these collections early Greek Christian literature underwent a substantial process of selection and reorganization The papers collected in this volume study Syriac florilegia in their own right as cultural products possessing their own specific textuality and outline a phenomenology of Syriac patristic florilegia by mapping their diffusion and relevance in time and space from the 6th to the 17th century from the Roman Empire to China Patristic Spirituality, 2022-09-19 How does one grow holy in such times This question drove the early Christian imagination no less than it does today Patristic Spirituality Classical Perspectives on Ascent to the Divine features numerous studies offering an itinerary for early Christian believers wishing to enter into the divine presence Readers will discover an array of perennial early Christian wisdom into the practical challenges of ascent a work of God in Christ transforming and incorporating us says Lewis Ayres See how early Christians cultivated the life of grace with hospitality silence almsgiving and other ascetic practices for human elevation into mystical union with God Contributors are Benjamin D Wayman John S Bergsma and Luke Iyengar Hans Boersma Stanley E Porter Gregory Vall Don W Springer Bogdan G Bucur Amy Brown Hughes Sean Argondizza Moberg Stephen M Hildebrand Brian Matz Anna Silvas Ann Conway Jones Sandy L Haney Despina D Prassas Gerald Boersma Brian E Daley Andrew Louth Jonathan L Zecher Kevin M Clarke Lewis Ayres *Gregory of Nyssa's Hermeneutic of Virtue* David Paul Aikins Ney, 2010 This thesis investigates the relationship between Gregory's theology of virtue and his biblical hermeneutic It proposes that the central role that virtue plays in Gregory's biblical hermeneutic leads to the conclusion that Gregory's hermeneutic is a hermeneutic of virtue which is to say that the interpretive decisions Gregory makes are largely determined by his desire to compel his audience to act virtuously and to instruct them about the path of virtue leading to deification This conclusion is particularly important for our understanding of Gregorian allegorical exegesis which modern interpreters have often found to be a stumbling block to an appreciation of his work This thesis argues that Gregory's employment of allegorical exegesis is best understood in light of its function within Gregory's hermeneutic of virtue As an exercise in historical theology this thesis analyzes Gregory's theology of virtue within its philosophical context and examines

Gregory's biblical hermeneutic in light of current discussions about the nature of patristic biblical interpretation This thesis concludes by integrating the findings of these two pursuits

**Gregory of Nyssa and the Grasp of Faith** Martin S. Laird, 2004 Scholars of Gregory of Nyssa have long acknowledged the centrality of faith in his theory of divine union To date however there has been no sustained examination of this key topic The present study fills this gap and elucidates important auxiliary themes that accrue to Gregory's notion of faith as a faculty of apophatic union with God The result adjusts how we understand the Cappadocian's apophaticism in general and his so-called mysticism of darkness in particular After a general discussion of the increasing value of faith in late Neoplatonism and an overview of important work done on Gregorian faith this study moves on to sketch a portrait of the mind and its dynamic varying cognitive states and how these respond to the divine pedagogy of scripture baptism and the presence of God With this portrait of the mind as a backdrop we see how Gregory values faith for its ability to unite with God who remains beyond the comprehending grasp of mind bestowing on faith qualities which Plotinus would have granted only to the crest of the wave of intellect While Gregorian faith serves as the faculty of apophatic union with God faith yet gives something to mind This dimension of Gregory's apophaticism has gone largely unnoticed by scholars At the apex of an apophatic ascent faith unites with God the Word by virtue of this union the believer takes on the qualities of the Word who speaks logophasis in the deeds and discourse of the believer Finally this study redresses how Gregory has been identified with a mysticism of

darkness and argues that he proposes no less a mysticism of light
