Dreaming In Russian The Cuban Soviet Imaginary:

Dreaming in Russian Jacqueline Loss, 2014-05-01 The specter of the Soviet Union lingers in Cuba yet until now there has been no book length work on the ways Cubans process their country's relationship with the Soviet bloc *Dreaming in Russian* at last brings into the light the reality that for nearly three decades the Soviet Union subsidized the island economically intervened in military matters and exported distinct pedagogical and cultural models to Cuba Drawing on interviews with Cuban artists and intellectuals as well as treasures from cinematographic and bibliographic archives Jacqueline Loss delivers the first book to show that Cuba remembers and retains many aspects of the Soviet era far from shedding those cultural facets as relics of the Cold War Weaving together intriguing seldom seen images *Dreaming in Russian* showcases the ways in which Cuba's relationship to its Soviet benefactors lingered after the disintegration of the U S S R in 1991 Analyzing numerous literary texts and works of visual art Loss also incorporates aspects of architecture popular culture the space race and other strands to create a captivating new perspective on Cuban society Among the luminaries featured are poet Reina Mar a Rodr guez writer Antonio Jos Ponte visual artist Tonel and novelist Wendy Guerra A departure from traditional cultural history Loss's approach instead presents a kaleidoscopic series of facets reflecting the hybrid nature of the self images that emerged in the aftermath of the Soviet aegis As speculations about Cuba's future under Fidel Castro's heir apparent continue the portrait that emerges in *Dreaming in Russian* is both timely and mesmerizing

The Oxford Handbook of Communist Visual Cultures Aga Skrodzka, Xiaoning Lu, Katarzyna Marciniak, 2020-04-01 Stereotypes often cast communism as a defunct bankrupt ideology and a relic of the distant past However recent political movements like Europe's anti austerity protests the Arab Spring and Occupy Wall Street suggest that communism is still very much relevant and may even hold the key to a new idealized future In *The Oxford Handbook of Communist Visual Cultures* contributors trace the legacies of communist ideology in visual culture from buildings and monuments murals and sculpture to recycling campaigns and wall newspapers all of which work to make communism's ideas and values material Contributors work to resist the widespread demonization of communism demystifying its ideals and suggesting that it has visually shaped the modern world in undeniable and complex ways Together contributors answer curcial questions like What can be salvaged and reused from past communist experiments How has communism impacted the cultures of late capitalism And how have histories of communism left behind visual traces of potential utopias An interdisciplinary look at the cultural currency of communism today *The Oxford Handbook of Communist Visual Cultures* demonstrates the value of revisiting the practices of the past to form a better vision of the future

Moscow and Havana 1917 to the Present Mervyn J. Bain, 2018-12-03 This book addresses the relationship between Moscow and Havana in the period from the Russian Revolution through the present i e from November 1917 onwards Its release is particularly timely due to both November 2017 being the 100th anniversary of the Russian Revolution as well as the historic election in Cuba in April 2018 when Miguel D az Canel replaced Ra l Castro as the

President of Cuba Traditionally Moscow's interest in Cuba has been thought to have been ignited by the Cuban Revolution in January 1959 and ended by the implosion of the Soviet Union in December 1991 This book examines why a bilateral relationship has existed throughout the last century specifically in three distinct periods 1 from the time of the Russian Revolution until the Cuban Revolution 2 from January 1959 until December 1991 and 3 the post Soviet period from 1992 until the present It also analyzes the questions of what within the relationship drew the two countries together in these three disparate periods when in only one January 1959 to December 1991 did the relationship exist between two socialist governments It offers a number of different conclusions including that although each period of the relationship has its own peculiarities and nuances a number of commonalities exist between the three eras Consequently it is posited that due to these commonalities the contemporary bilateral relationship remains important for both countries and is likely to continue in its present form for the short to medium term despite the historic change which occurred in Cuba in April 2018

Institutionalised Dreams Elżbieta Drażkiewicz, 2020-01-01 Using examples from Poland El bieta Dr kiewicz explores the question of why states become donors and individuals decide to share their wealth with others through foreign aid She comes to the conclusion that the concept of foreign aid requires the establishment of a specific moral economy which links national ideologies and local cultures of charitable giving with broader ideas about the global political economy It is through these processes that faith in foreign aid interventions as a solution to global issues is generated The book also explores the relationship linking a state institution with its NGO partners as well as international players such as the EU or OECD
