The new editions of this six-volume set contain the most comprehensive information available on more than 1,500 colleges offering over 31,000 master's, doctoral, and professional degree programs in more than 350 disciplines. New for 1997: Non-degree granting research centers, institutes, and training programs that are part of a graduate degree program. Five discipline-specific volumes detail entrance and program requirements, deadlines, costs, contacts, and special options such as distance learning for each program if available. Each Guide features The Graduate Adviser, which discusses entrance exams, financial aid, accreditation, and more.
