PLAYLIST

The Playlist

The Playlist is the place where all the individual elements of a musical piece are arranged into a complete song. The upper Playlist window (1.5) is comprised of multi-purpose 'Clip Tracks', these can host Patterns, Clips, Audio Clips and Automation Clips. The lower Playlist window (1.6) is comprised of 'Block tracks', these host only Patterns, Blocks.

NOTE: Pattern Clips & Pattern Blocks are different representations of the same 'Pattern' data, that is, MIDI notes and/or continuous controller movements. The lower Block Track area is provided for backward compatibility with older FL Studio projects, or for those who like to view their song in a Block Pattern arrangement. We recommend using the upper Clip Track area since the data inside the Patterns is displayed (as shown below), making arrangement more intuitive. A [video tutorial](#) is available on the FL Studio website.
