Dynammic Programming Sequential Scientific Management:

Dynamic Programming A. Kaufmann,R. Cruon,2011-10-14 This work discusses the value of dynamic programming as a method of optimization for the sequential phenomena encountered in economic studies or in advanced technological programs such as those associated with space flights The dynamic programs which are considered are defined for a deterministic universe or one with probabilities both categories are of equal importance in the practice of operations research or of scientific management **Dynamic programming - sequential scientific management** , *Dynamic Programming; Sequential Scientific Management [by] A.
