## **Enter Night Metallica The Biography:**

*Enter Night* Mick Wall, 2011-05-10 Their roots lie in the heavy rock of 70s groups like Deep Purple The music they played heavy metal mixed with punk attitude became its own genre thrash Their bassist died and they survived to become the biggest selling band in the world As grunge threatened to overtake them they reinvented themselves Then their singer went into rehab and they almost fell apart They are Metallica the most influential heavy metal band of the last thirty years As Led Zeppelin was for hard rock and the Sex Pistols were for punk Metallica became the band that defined the look and sound of 1980s heavy metal Inventors of thrash metal Slayer Anthrax and Megadeth followed it was always Metallica who led the way who pushed to another level who became the last of the superstar rockers Metallica is the fifth largest selling artist of all time with 100 million records sold worldwide Their music has extended its reach beyond rock and metal and into the pop mainstream as they went from speed metal to MTV with their hit single Enter Sandman Until now there hasn't been a critical authoritative in depth portrait of the band Mick Wall's thoroughly researched insightful work is enriched by his interviews with band members record company execs roadies and fellow musicians He tells the story of how a tennis playing music loving Danish immigrant named Lars Ulrich created a band with singer James Hetfield and made his dreams a reality *Enter Night* follows the band through tragedy and triumph from the bus crash that killed their bassist Cliff Burton in 1986 to the 2004 documentary *Some Kind of Monster* and on to their current status as the leaders of the Big Four festival that played to a million fans in Britain and Europe and continues in the U S in 2011 *Enter Night* delves into the various incarnations of the band and the personalities of all key members past and present especially Ulrich and Hetfield to produce the definitive word on the biggest metal band on the planet

**Enter Night** Mick Wall, 2010 Alongside contemporaries Slayer Megadeth and Anthrax Metallica came to prominence in the eighties as one of the big four of thrash metal Metallica were to thrash though what the Sex Pistols were to punk Nearly thirty years on their tale is one of alcohol rule breaking and tragically early death But allied to that are colossal sales figures for their records they are the fifth highest selling recording artists of all time and members with backgrounds that touch on jazz and classical music Metallica in fact have garnered more critical acclaim than any heavy rock band since Led Zeppelin Fresh from the critical and commercial success of *When Giants Walked the Earth* Mick Wall takes a similar informed look at the band a group he has known on and off since their formation in 1981

Metallica Mick Wall, 2012-03-01 Dans un garage miteux de Los Angeles au début des années quatre vingt rien ne disposait vraiment Metallica devenir ce qu'il est aujourd'hui Enfin rien part Lars Ulrich Batteur la technique limitée sur les premiers enregistrements du groupe celui-ci se rattrape aisément grâce son sens des affaires et son flair quasi imparable Mick Wall retrace ici toute l'aventure du groupe et vite soigneusement de donner le point de vue d'un fan aveuglé par son amour pour le groupe Il n'oublie aucun des moments difficiles que le groupe a traversés Dave Mustaine Cliff Burton le son de *And Justice for All* l'affaire Napster où Lars avait apparemment perdu son flair la réinvention du groupe pour l'album *Load* le

documentaire *Some Kind of Monster* l'enregistrement de St Anger tout y passe dans le moindre détail et Wall n'hésite pas à donner un avis personnel tranché chaque fois que cela lui semble pertinent Mais il n'oublie pas non plus que Metallica est un géant de la musique moderne fondateur du thrash metal genre musical sans concession que le groupe a réussi à transcender pour devenir l'un des derniers monstres du rock

Two Riders Were Approaching: The Life & Death of Jimi Hendrix Mick Wall, 2019-11-14 Jimmy was a down at heel guitarist in New York relying on his latest lovers to support him while he tried to emulate his hero Bob Dylan A black guy playing white rock music he wanted to be all things to all people But when Jimmy arrived in England and became Jimi the cream of swinging London fell under his spell It wasn't that Jimi could play with his teeth play with his guitar behind his back It was that he could really play Journeying through the purple haze of idealism and paranoia of the sixties Jimi Hendrix was the man who made Eric Clapton consider quitting to whom Bob Dylan deferred on his own song All Along the Watchtower who forced Miles Davis to reconsider his buttoned down ways and whose Star Spangled Banner defined Woodstock And when his star which had burned so brightly was extinguished far too young his legend lived on in the music and the intrigue surrounding his death Eschewing the traditional rock biography format *Two Riders Were Approaching* is a fittingly psychedelic and kaleidoscopic exploration of the life and death of Jimi Hendrix and a journey into the dark heart of the sixties While the groupies lined up the drugs got increasingly heavy and the dream of the sixties burned in the fire and blood of the Vietnam War the assassination of Martin Luther King and the election of President Richard Nixon Acclaimed writer Mick Wall author of *When Giants Walked the Earth* has drawn upon his own interviews and extensive research to produce an inimitable novelistic telling of this tale the definitive portrait of the Guitar God at whose altar other guitar gods worship Jimi Hendrix's is a story that has been told many times before but never quite like this

Life in the Fast Lane Mick Wall, 2023-07-11 A vivid no holds barred portrait of the trials and tribulations that the country rockers faced as they soared their way to the very top Entertainment Weekly Surely make you lose your mind So the Eagles warn us about the outrageous lifestyle of the ambitious rock n roller In fact Don Henley could barely listen to the track Life in the Fast Lane when they were recording it He was so high that it made him sick The band that embodied the American dream with globe straddling success impossibly luxurious lives and almost supernatural talent also descended into nightmare with bloodletting betrayal hate filled hubris the skeletons of perceived enemies brutally discarded lovers and former band mates left unburied in the road behind them Now legendary rock journalist Mick Wall delivers definitive insight into America's best selling band of all time a band that has sold more records than Led Zeppelin and the Rolling Stones combined exploring their meteoric rise to fame and the hedonistic days of the 70s music scene in LA when American music was taking over the world Hip wise and witty a bare knuckles account a sordid only in Hollywood tale that could have come from James Ellroy Joel Selvin author of *Altamont* The Rolling Stones the Hells Angels and the Inside Story of Rock's Darkest Day Entertaining and often edgy Wall captures the spirit of that era's fast lane in a manner reminiscent of a highly caffeinated
