**Debussy's Paris** Catherine Kautsky, 2017-09-15 Claude Debussy's exquisite piano works have captivated generations with their dreamlike atmosphere and mysterious soundscapes. Written in Paris at the height of the Belle époque, the music creates a soundtrack for Parisians' enjoyment of such delights as clowns, mermaids, eccentric dances, and the dark tales of Edgar Allan Poe. Debussy's Paris Piano Portraits of the Belle époque explores how key works reflect not only the most appealing and innocent aspects of Paris but also more disquieting attitudes of the time such as racism, colonial domination, and nationalistic hostility. Debussy left no avenue unexplored, and his piano works present a sweeping overview of the passions, vices, and obsessions of the era. Pianist Catherine Kautsky reveals little-known elements of Parisian culture and weaves the music, the man, the city, and the era into an indissoluble whole. Her portrait will delight anyone who has ever been entranced by Debussy's music or the city that inspired it. **Translation: A Guide to the Practice of Crafting Target**

**Texts** Stella Cragie, Ann Pattison, 2019-11-18 This practical guide by two experienced translators and translation tutors explores aspects of time, context, and culture in a range of translated literary texts including novels, memoirs, poems, and plays. Reflective analytical sections are complemented by a variety of practical tasks that reflect the book's craft-based approach. Providing a dual focus on both analysis and creativity, this volume helps readers to develop two different skill sets required for translation: deconstruction and reconstruction. To learn how to analyse or deconstruct a source text (ST), the tasks include translating and editing, comparison, and analysis of source language (SL) texts and translations, and critiquing or improving target language (TL) texts produced by translators from different times. A range of creative writing challenges reveal the secrets writers use to hook their readers. Whatever language readers translate into, these insights will help them to find their own writer's voice, making them better equipped to recreate another author's voice, whatever the time or cultural context. This is the essential guide to improving target texts for all translators and students of translation. **Trade-marks Journal**

, 1993 **Feux d'artifice** Christophe Brionnaud, 2015-12-10 S'il y a un type de spectacle pris par les photographes, ce sont bien les feux d'artifice. **Incendiary Art** Kevin Salatino, 1998-01-15 Festivities such as those exalting the court of Louis XIV, the celebration of James II's London coronation, and the commemoration of the peace celebrations of 1749 at The Hague culminated in dazzling pyrotechnical displays. These were in turn reproduced as prints, paintings, and narrative descriptions. This unique book examines the propagandistic and rhetorical functions these printed records came to serve as vehicles of aesthetic cultural
