Daniel E. Ritchie

Edmund Burke Appraisals And Applications Library Of Conservative Thought Series:

The Structure of Political Thought Charles N. R. McCoy, 2017-07-05 Originally published in 1963 this classic book is a rethinking of the history of Western political philosophy Charles N R McCoy contrasts classical medieval principles against the hypotheses at the root of modern liberalism and modern conservatism In Part I The Classical Christian Tradition from Plato to Aquinas the author lays the foundation for a philosophical structure capable of producing constitutional liberty Part II The Modern Theory of Politics from Machiavelli to Marx attempts to show beginning with Machiavelli the reversal and destruction of the pre modern structure postulated in Part I McCoy stresses the great contributions of Aristotle to political thought found in his more familiar Ethics and Politics but also includes key insights drawn from Metaphysics and Physics These contributions are developed and perfected McCoy argues by Augustine and Aquinas Two other important features include McCoy s epistemological insights into Plato s work that will be new to many readers and the author s juxtaposition of traditional natural law with the modernized theory of natural law The modern account of autonomous natural law in McCoy s view helps explain the totalitarian direction of key aspects of modern political thought This classic volume on the origins of modern philosophical thought remains a standard in the field *Edmund Burke* Daniel E. Ritchie, 2017-09-08 The eighteenth century remains contemporary more than 200 years later because the fundamental questions raised then about politics in both the American and French Revolutions still speak to us The writings of Edmund Burke on these and other political events of his time are today acknowledged as the basis of modern conservative thought This volume brings together an outstanding collection of interpretative essays on Burke and serves as a basic introduction to this seminal thinker A member of the British Parliament from 1766 to 1794 Edmund Burke had sympathized with the American War of Independence and argued for reform of British policy toward Ireland and India but he surprised many of his friends by his early vehement opposition to the French Revolution This volume brings together assessments of these and other statements by Burke by contemporaries such as Samuel Taylor Coleridge and William Hazlitt along with essays by Irving Babbitt and Russell Kirk who established his significance for twentieth century conservatism This is a collection of the best previously published interpretive essays on Burke It will be of interest to all those interested in the philosophical roots of conservatism in the history of political thought in revolution and in modern political ideologies The Metaphysics of Love Frederick D. Wilhelmsen, 2017-07-05 The Metaphysics of Love develops the existential metaphysics of St Thomas Aquinas applying it to explore the ontological structure of the human person Published first in 1962 this book demonstrates the fertility of Thomistic metaphysics and the enduring influence of Thomism on Western philosophy It uncovers the ecstatic structure of human existence in dialogue with philosophers ranging from Plato Aristotle and Aquinas to Kant Hegel Heidegger Tillich Zubiri and Ortega y Gasset as well as theologians and historians Romano Guardini Hilaire Belloc and Eric Voegelin Philosophical and theological examinations of love have in various ways raised the following question how can love of self eros be harmonized with love of others agape

These types of love represent two drives Wilhelmsen argues that in the end must be seen as aspects of existence itself Moral and psychological problems of love turn out to be manifestations of metaphysical issues While different cultures have emphasized one of these drives or the other a healthy culture will not completely forget either Cultures differ in the way they emphasize one or the other or flee from one or the other These dimensions of human existence provide the framework for a person's love of self neighbour and God This volume is part of Transaction's Library of Conservative Thought series

Being and Knowing Frederick D. Wilhelmsen, 2017-09-29 Frederick D Wilhelmsen's Being and Knowing rooted in the philosophy of St Thomas Aquinas rests on two basic assertions first metaphysics is the science of being in its first and ultimate act existence the act by which all things manifest themselves second that existence is known not through observing objects but in affirming through judgments that these objects are subjects of existence The chapters of this book explore these Thomistic doctrines Some explain St Thomas Aquinas's philosophy of being Others probe his epistemology The complexity and density of Aquinas's theory of judgment that truth is realized in the judgment of man emphasized throughout most of the book point not only to a deeper understanding of the nature of metaphysics but they open doors to the clarification of philosophical issues germane to contemporary thought This work addresses a number of metaphysical philosophical paradoxes Wilhelmsen's exploration of them demonstrates why he was the preeminent American scholar of the Thomistic tradition This volume is part of Transaction's series the Library of Conservative Thought **C&L**, 1997-01-01 Louis Ferdinand Celine the pseudonym of Louis Destouches was a famous novelist and ferocious anti-Semitic pamphleteer who rose to fame before Hitler but perfectly represented the fascist mind set that swept across Europe between 1932 and 1944 Never a Nazi himself he was author of Journey to the End of the Night Death on the Installment Plan Guignol's Band Homage to Zola and a series of pamphlets The latter are a potpourri of racist editorials ballet scenarios and anti-Semitic confessions so violent that an aesthete like Andre Gide thought them parodies of other anti-Semitic literature Little wonder the Nazis regarded Celine as a fellow traveler He retreated with the Nazis across the Rhine and sought refuge with them first in Germany and then in Denmark In 1951 he benefitted from an amnesty as a wounded veteran of both World Wars Before his death in 1961 he had regained his popularity with the public and was regarded as a classic writer Now that the body of his work is in translation Celine's fame in the literary world circles the globe Celine perhaps more than any other analysis helps shed some light on this enigmatic figure It establishes his literary importance and at the same time examines his anti-Semitism After a final meeting Hindus declared that Celine is a splinter in my mind that I've got either to absorb completely or eject completely The reader of this fascinating critical memoir of one of the twentieth century's most controversial literary figures is apt to be left with a similar dilemma **Lord George Bentinck** Benjamin Disraeli, Lord George Bentinck is an account of Disraeli's relation with his parliamentary colleague and friend It is not simply an account of the battle over the Corn Laws with Sir Robert Peel but a most remarkable book extremely readable and full of often quoted and apt comments

and descriptions As a vivid story of one of the great parliamentary dramas in British history it is unsurpassed The portraits of both Bentinck and Peel are both sympathetic and just The book provides insight into mid nineteenth century parliamentary life that remains unsurpassed It is hard to overstate the bitterness and fury which Peel s decision to repeal the Corn Laws had provoked in British politics One biographer of Disraeli Robert Blake spoke of Home Rule in 1886 and Munich in 1938 as the nearest parallels Friendships were sundered families divided and the feuds of politics carried into private life to a degree quite unusual in British history Those who are interested in the details of parliamentary warfare which raged until Peel s fall from power should consult Lord George Bentinck But the worth of this book goes beyond constitutional history or even the Irish food famine Disraeli helps explain the intellectual and ideological grounds of the Young England Movement a conservative force that aimed at a union of discontented industrial workers with aristocratic landowners and against factious Whigs selfish factory owners and dissenting shopkeepers In forging such a policy of principle the Conservatives as Disraeli s book well demonstrates became a minority party but one which carried the full weight of moral politics

The God of the Machine Isabel Paterson,1993-01-01 The God of the Machine presents an original theory of history and a bold defense of individualism as the source of moral and political progress When it was published in 1943 Isabel Paterson s work provided fresh intellectual support for the endangered American belief in individual rights limited government and economic freedom Her book placed her in the vanguard of the free enterprise movement now sweeping the world It will be essential to students of American history political theory and literature

A Better Guide Than Reason Melvin Eustace Bradford,1979

The Eighteenth Century ,1970

The Works of the Edmund Burke v.02 Edmund Burke,2020-01-02 The following speech has been much the subject of conversation and the desire of having it printed was last summer very general The means of gratifying the public curiosity were obligingly furnished from the notes of some gentlemen members of the last Parliament This piece has been for some months ready for the press But a delicacy possibly over scrupulous has delayed the publication to this time The friends of administration have been used to attribute a great deal of the opposition to their measures in America to the writings published in England The editor of this speech kept it back until all the measures of government have had their full operation and can be no longer affected if ever they could have been affected by any publication Most readers will recollect the uncommon pains taken at the beginning of the last session of the last Parliament and indeed during the whole course of it to asperse the characters and decry the measures of those who were supposed to be friends to America in order to weaken the effect of their opposition to the acts of rigor then preparing against the colonies The speech contains a full refutation of the charges against that party with which Mr Burke has all along acted In doing this he has taken a review of the effects of all the schemes which have been successively adopted in the government of the plantations The subject is interesting the matters of information various and important and the publication at this time the editor hopes will not be thought unseasonable

Works Of The Right Honourable Edmund Burke Edmund Burke,1886

The Works of Edmund

Burke, 1910 **The Works of the Right Honourable Edmund Burke** Edmund Burke, 1886 The Works of the Right Honourable Edmund Burke ...: Political miscellanies Edmund Burke, 1891 **Edmund Burke's Letter to a Noble Lord;** Albert Henry Smyth, 2025-05-22 Edmund Burke's Letter to a Noble Lord is a powerful and eloquent defense of Burke's own career and principles written in response to attacks from the Duke of Bedford and the Earl of Lauderdale Penned in 1796 this work offers a sharp critique of aristocratic privilege and radical politics particularly in the context of the French Revolution Burke defends his acceptance of a pension from the Crown arguing that his long service to the public justifies the reward This edition includes insightful commentary by Albert Henry Smyth providing historical context and literary analysis that enhances the reader's understanding of Burke's arguments and rhetorical skill Letter to a Noble Lord remains a significant text for understanding Burke's political philosophy and his profound influence on conservative thought This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Edmund Burke, 1729-1797** Thomas Henry Donald Mahoney, 1957 *Edmund Burke* Edmund Burke, 1911 **The Works of the Right Honourable Edmund Burke** Edmund Burke, 1883 *The Works of Edmund Burke* Edmund Burke, 1905 *The Works of the Right Honourable Edmund Burke, Volume 2* Edmund Burke, 2016-05-06 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
