Drawing Fire Investigating The Accusations Of Apartheid In Israel:

Drawing Fire Benjamin Pogrund, 2023-06-14 Benjamin Pogrund who spent 26 years as a journalist in South Africa investigating apartheid and who has been living in Israel for the past 15 years investigates the accusation that Israel is practicing apartheid and the motives of those who make it His study is founded on a belief in Israel combined with frank criticism to provide a balanced view of Israel's strengths and problems To understand Israel today one must first look at the past and so the book first outlines key foundational events to explain current attitudes It then explores the contradictions found in the region including discrimination against Israeli Arabs and among Jews before concluding that it is wrong to affix the apartheid label to Israel inside the Green Line of 1948-1967 It also deconstructs the criticisms of Israel and the boycott movement before arguing for two states Israeli and Palestinian as the only way forward for Jews and Arabs This detailed and balanced study offers a unique comparison between South Africa and Israel

Challenging the Boycott, Divestment and Sanctions (BDS) Movement Ronnie Fraser, Lola Fraser, 2023-02-13 Challenging the Boycott Divestment and Sanctions BDS Movement focuses on the efforts to oppose antisemitism the academic boycott and the BDS movement The State of Israel has faced many threats most of them military since it was established in 1948 but the threat posed by the NGO forum at the United Nations World Conference against Racism in Durban South Africa in August 2001 was different The forum unleashed the new antisemitism which targeted the State of Israel as well as a non violent civil society based campaign based on the South African anti apartheid campaign of the 1980s which was to form the basis of the international Boycott Divestment and Sanctions BDS movement directed at the State of Israel Featuring case studies from the United States Great Britain Israel and South Africa each chapter of this wide ranging volume discusses examples of opposition to the divisive BDS campaign and the proposed academic boycott of Israel over the last two decades including the fight for formal recognition of the new antisemitism by governments and international bodies and the use of a variety of legal measures The rise of antisemitism within academia and wider society is also examined This book will be vital reading for students scholars and activists with an interest in social movements Israel and Middle East politics and history

Boycotting Israel is Wrong Philip Mendes, Nick Dyrenfurth, 2015-05-01 This is the first progressive book to argue that the BDS movement boycott divestment and sanctions against Israel is the wrong way to broker peace in the Israeli Palestinian conflict rather it argues that peace will come only when both Israelis and Palestinians legitimate claims to statehood are recognised by both sides The BDS movement boycott divestment sanctions against Israel has gained traction and publicity worldwide for a decade Yet here Philip Mendes and Nick Dyrenfurth two politically progressive commentators argue that BDS is far too blunt an instrument to use in such a complex political situation Instead they critically analyse the key arguments for and against BDS and propose a solution that supports Israel's existence and Palestinian rights to a homeland urging mutual compromise and concessions from both sides

Antisemitism in Reader Comments Matthias J. Becker, 2021-04-28 This book examines the most frequent form of Jew

Antisemitism through the Ages: A Historical Perspective Armin Lange,Kerstin Mayerhofer,Dina Porat,Lawrence H. Schiffman,2021-08-23 This volume traces the history of antisemitism from antiquity through contemporary manifestations of the discrimination of Jews It documents the religious sociological political and economic contexts in which antisemitism thrived and thrives and shows how such circumstances served as support and reinforcement for a curtailment of the Jews social status The volume sheds light on historical processes of discrimination and identifies them as a key factor in the contemporary and future fight against antisemitism *Israel in a Turbulent Region* Tore Petersen,2019-03-07 This anthology examines and deconstructs what Israeli security looks like and how its various security identities have evolved both before the establishment of the state and in the years and decades since 1948 It casts light on how aspects of Israel s foreign relations have been shaped as much by internal politics as by external challenge Further not only does it answer the questions surrounding Israel s past but examines carefully what type of country it has now become Compared to much of the turbulence in the region Israel s diplomacies have been remarkably resilient and inventive With the background of 100th anniversary of the Balfour declaration this book is a multidisciplinary study using several different methodological approaches from discursive analyses to theories of memories and identity to interviews with Israeli soldiers in the field to a legal approach to the topic as well as International Relations studies and traditional archival studies South Africa was one of Israel s main partners in terms of security cooperation and weapons research and development until the fall of the apartheid regime This has been compensated with Israel opening up diplomatic relations with China 1991 and India 1992 and extending its ties with Japan While the EU often criticize Israel s policies against the Palestinians this is mostly rhetoric as for practical purposes Israel is like a member of the EU This comprehensive volume studying contemporary Israel is an invaluable resource for students and scholars interested in Foreign and Security Policy Israel and the Middle East
