THE EUROPEAN BALL SCREEN BASKETBALL OFFENSE Coach Vann, **THE EUROPEAN BALL SCREEN BASKETBALL OFFENSE** The Euro Ball Screen Offense is a popular continuity offense that incorporates side-to-side ball movement, wing pick and rolls, high-low opportunities, and backdoor cuts. It's a simple, flexible, and tough offense to defend against if run correctly. If you have a team full of good ball handlers, decision makers, or good stretch shooting bigs, then this is the offense for you. This book provides you with a complete system to help you efficiently run the Euro Ball Screen Offense with your team that will be unscoutable for your opponents because of the variety of options and counters that you will have at your disposal. The great thing about this offense is it's an offense that you can teach and run from the youth levels up to the professional ranks. In this playbook, you will learn it all from the ground up as this book is loaded with 452 pages of plays, diagrams, practice drills, and more. Learn how the offense easily transitions from our secondary break into continuity. You will also learn how you can easily flow directly into continuity from one of the sideline and baseline out-of-bounds plays that we give you. We also provide you with 7 different entry plays that can help you disguise what you are trying to do. All of these options will make defenses uncomfortable and can only help to keep them on their toes. We also break down the basic and advanced concepts of this offense, including how to teach it step by step using game-like drills and breakdown teaching concepts. This book also reveals 32 different counterplays that you can choose from and provides you with numerous different adjustment options that you, as a coach, can make during a game to make the right call at the perfect moment. The European Ball Screen Offense is one of the more popular offenses being used by some of the best international teams and collegiate teams today. Learn the Euro Ball Screen Offense today and how it can help take your program to the next level. Features 452 Pages, 32 counterplays, 7 entry play options to choose from, 400 pages in practice drills that break down the offense using game-like drills and teaching concepts. Quick hitters to counter the defense.

BASKETBALL PASSING DRILLS Coach Vann, **PASSING DRILLS** One of the core fundamentals in the game of basketball is passing. Passing in basketball is what makes the game flow, and if your team can't pass, it likely won't win. You cannot expect to be a good passing team if you don't work on it daily. Using basketballing drills is a great way to improve your team's passing ability, which is essential in basketball, and it will help you eliminate and lower your team's turnovers per game. The key to becoming a really good passing team is to have a drill that imitates real game-like situations and teach your players that if they will not do it, they will not make it in a game. This book does just that and will help to improve both your learning and teaching. Surely, you

do some of the same fundamental drills that everyone does but how do you turn your group of players into an elite passing team To improve passing your players must work on it consistently The Passing Drills playbook is loaded with drills that put your players in game like situations where they are forced to make the correct decisions and make accurate passes This book gives you over 1000 pages and 16 different categories that we break every drill down into Whether it s improving your team s PNR passing one more pass concepts outlet passes or post entry passes and more this book has you covered The library of passing drills will be the only resource for team passing that you will ever need and more importantly it will immediately help your program win more games Features 1078 Pages 16 Different Passing Drill Categories Over 400 Different passing drills for you to choose from You cannot expect to be a good passing team if we do not work on it in daily The key to becoming an outstanding passing team is by having some drills that simulate real game like situations and the types of passes that players will need to make in a game This book does just that Improve your players and your team s passing
