Ethnic Identity And Minority Protection Designation Discrimination And Brutalization:

Ethnic Identity and Minority Protection Thomas W. Simon, 2012-03-28 In *Ethnic Identity and Minority Protection Designation Discrimination and Brutalization* Thomas W Simon examines a new framework for considering ethnic conflicts In contrast to the more traditional theories of justice Simon s theory of injustice shifts focus away from group identity toward group harms effectively making many problems such as how to define minorities in international law dramatically more manageable Simon argues that instead of promoting legislative devices like proportional representation for minorities it is more fruitful to seek adjudicative solutions to racial and ethnic related conflicts For example resources could be shifted to quasi judicial human rights treaty bodies that have adopted an injustice approach This injustice approach provides the foundation for Kosovo s case for remedial secession and helps to sort out the competing entitlement claims of Malays in different countries Indeed the priority of Thomas W Simon s *Ethnic Identity and Minority Protection* is to ensure the tales of designation and discrimination told at the beginning of the work do not become the stories of brutalization told at the end In short the challenge tackled in this text is to assure that reason reigns over hate

Those for Whom the Lamp Shines Vince L. Bantu, 2023-09-26 In *Those for Whom the Lamp Shines* Vince L Bantu uses the rich body of anti Chalcedonian literature to explore how the peoples of Egypt both inside and outside the Coptic Church came to understand their identity as Egyptians Working across a comparative spectrum of traditions and communities in late antiquity at the intersection of religious and other social forms of identity Bantu shows that it was the dissenting doctrines of the Coptic Church that played the crucial role in conceptualizing Egypt and being Egyptian Based on the study of neglected Coptic and Syriac texts *Those for Whom the Lamp Shines* offers the only sustained treatment of ethnic and religious self understanding in Africa s oldest Christian church

The Aboriginal People of Peninsular Malaysia Govindran Jegatesen, 2019-12-06 To date most studies of Malaysia s aboriginal people the Orang Asli have studied the community in either the rural or forest settings This book however outlines the dynamics of Orang Asli migration to Kuala Lumpur Malaysia s most urbanised region and explores the lived experiences of these individuals in the urban space The book begins by charting the history of the Orang Asli under British colonial rule followed by the community s experiences under the Malaysian government in an attempt to provide a deeper understanding of the economic and social complexities facing the Orang Asli today Based on extensive original research the book goes on to discuss the interesting changes taking place among urban Orang Asli migrants with regards to gender dynamics while exploring the unique ways in which these urban indigenous migrants maintain close links with their home communities in the rural spaces of Peninsular Malaysia The book concludes by assessing how research on the urban Orang Asli fits into broader studies of urban and contemporary indigeneity in both Malaysia and abroad

Genocide, Torture, and Terrorism Thomas W. Simon, 2016-04-29 We are understandably reluctant to rank moral atrocities What is worse genocide or terrorism In this book Thomas W Simon argues that politicians use this to manipulate our sense of

injustice by exaggerating terrorism and minimizing torture He advocates for an international criminal code that encourages humanitarian intervention

Emancipating Cultural Pluralism Cris E. Toffolo, 2012-02-01 Combining detailed case studies with discussions of deeper theoretical controversies *Emancipating Cultural Pluralism* investigates both the benign and harmful aspects of identity politics This provocative collection delves into some of the most difficult issues of cultural pluralism such as what accounts for the immense power of identity politics whether identity politics can be inherently good or evil whether states are the right institutions to deal with ethnic conflict the prevention of genocide the value of devolving power to the local level and more The contributions are united by the conviction that more attention needs to be paid to the normative issues associated with various expressions of cultural pluralism for the ethical implications of the phenomena are too profound to be ignored

Equal Rights Versus Special Rights Kristin Henrard, 2011 In regard to minorities and the adequate treatment of persons belonging to minorities a central issue has been whether this would require equal rights or special rights The resulting central question seems to be whether one needs in addition to the prohibition of discrimination also special minority rights which requires an assessment of the extent to which the prohibition of discrimination caters for the specific needs of minorities and contributes to an adequate minority protection This report consists of five chapters resulting finally in the formulation of conclusions In the first chapter the theoretical framework about minority protection within which the central question needs to be addressed is mapped out After an identification of the relevant interpretation issues in the Racial Equality Directive chapter 2 it is investigated whether guidance can be

deduced from the supervisory practice in terms of other international equality provisions chapter 3 as well as from certain approaches adopted by EU member states chapter 4 Chapter 5 will provide an overall assessment of the potential of the Racial Equality Directive s contribution to minority protection in relation to the practice under the Framework Convention for the Protection of National Minorities FCNM Minority Rights and Social Change Kyriaki Topidi,Eugenia Relaño Pastor,2024-09-19 Minority movements tirelessly continue to engage in the process of social change trying to promote and enforce minority protection norms and to have their world views cultural practices and norms recognized by the state Through an examination of selected cases this book problematizes how collective identities are not structurally guaranteed but rather constructed in dialectically interrelated positions and identity layers The authors show the kind of impact that these processes can or fail to have on minority norms actors and strategies Going beyond abstract normative principles this collection reflects both Global North as well as Global South perspectives and examines through a variety of angles the role that race and ethnicity culture or religion play within social mobilization towards social change The volume offers global insight on actor and strategy attempts to foster social change through the instrumental use and interpretation of minority rights as norms This book will be of interest to those researching minority rights broadly understood within the disciplines of law anthropology sociology and political science **Minority and Group Rights in the New Millennium** Deirdre Fottrell,Bill Bowring,2023-11-27 In the 1990s inter ethnic conflicts threaten the stability of many states As a result the issue of minority rights has become an urgent concern for international lawyers Minority and Group Rights in the New Millennium examines the way in which existing international law and human rights instruments protect the rights of minorities In addition the essays in this volume address current debates on the fundamental issue of defining a minority the complex arguments for expanding existing definitions and the legitimacy of claims by specific groups to qualify for minority status *The Role of Ethnic Identity in Coping with Perceived Discrimination and Psychological Distress* ,2008
