Four Late Poems And An Epigram Faber Edition:

New Vocal Repertory 2 Jane Manning, 1998 An introduction to 70 songs from the contemporary vocal repertoire which provides advice on performance and suggestions on programming It is designed for young singers and singing students

Coleridge's Later Poetry Morton D. Paley, 1999 The poems that Coleridge wrote after his golden period are seldom studied or anthologized Yet many of these later poems are of quality and interest addressing such universal themes as the nature of self and the experience of unrequited love Paley examines the later verse in the context of Coleridge's oeuvre He discusses its distinguishing characteristics and looks at why the poet felt he had to develop distinctively different modes of writing for these works Four Late Poems and an Epigram Oliver Knussen, 1998-12-01 Titles *Idol Gravity Imaginary Life Gong* *Greek Epigram in Reception* Gideon Nisbet, 2013-10-31 *Greek Epigram in Reception* is a chronological survey of the reception history of the Greek Anthology a Byzantine collection of ancient Greek short poems known as epigrams Tracing the strange evolution of the Greek Anthology from the early nineteenth century to the years after the first World War the volume analyses the complex webs of rhetoric that are spun as writers and translators bring their different agendas to bear on the Anthology's text pruning it to meet their needs As so little was known about its poets and because it stood for the Anthology of the Greeks and their culture the text became the battleground during the 1870s 90s on which normative and dissident interpretations of Ancient Greece were fought out An emergent mass readership became caught between opposing and rhetorically loaded accounts casting the Anthology and thus the ancient race on whom the British were supposed to be modelling themselves as patriots and doting spouses or lovers of male Beauty like the Decadent sensation Oscar Wilde The after effects of this cultural war were to stretch into the 1920s and still echo today Classical Vocal Music in Print F. Mark Daugherty, 1995 *The Poems of Alexander Pope: Minor poems* Alexander Pope, 1954 *Writings on Writing* Rudyard Kipling, 1996-07-26 Unlike his contemporaries Virginia Woolf and Henry James Kipling always denied he was a critic But his letters speeches and stories are full of comments on writing and writers This collection including many formerly unpublished private letters and papers details Kipling's response to the commercialisation of literature and the emerging role of the writer as celebrity in the turbulent literary world of the 1890s and beyond They reveal a mind intensely concerned with questions of literary value with language and imagination with truth realism and romanticism Kipling's fame made him a significant spokesperson for important segments of the reading public the soldiers engineers and functionaries central to Britain's imperial expansion He profoundly influenced English literary language and our perception of English national character This book offers access to the private and public history of a writer whose continuing influence is still a matter of fierce controversy Encyclopedia of Greece and the Hellenic Tradition Graham Speake, 2021-01-31 Hellenism is the living culture of the Greek speaking peoples and has a continuing history of more than 3 500 years The Encyclopedia of Greece and the Hellenic Tradition contains approximately 900 entries devoted to people places periods events and themes examining

every aspect of that culture from the Bronze Age to the present day The focus throughout is on the Greeks themselves and the continuities within their own cultural tradition Language and religion are perhaps the most obvious vehicles of continuity but there have been many others law taxation gardens music magic education shipping and countless other elements have all played their part in maintaining this unique culture Today Greek arts have blossomed again Greece has taken its place in the European Union Greeks control a substantial proportion of the world s merchant marine and Greek communities in the United States Australia and South Africa have carried the Hellenic tradition throughout the world This is the first reference work to embrace all aspects of that tradition in every period of its existence **Minor poems** Alexander Pope,1954
