

THE LANGUAGE OF THE FAN

KISS ME

Press the half-closed fan over the lips

I'M SINGLE

Fan quickly with the fan facing up

CALL ME

Touch the right ear with the tip of the closed fan

SORRY, I'M TAKEN

Fan slowly the fan down

TALK TO ME

Touch the lips with the tip of the closed fan

I LOVE YOU

Open the fan and place over the heart

I'M SHY BUT WILLING

Open the fan below the eyes

I "FANCY" YOU

Place the tip of the closed fan over the cheek

I AM SORRY

Draw the fan across the eyes

MEET ME OUTSIDE

Fan slowly showing the back side of the fan

BUY ME A DRINK

Circle over the rim of glass with the tip of the closed fan

WHEN CAN I SEE YOU?

Rest the closed fan on the right eye

NO

Rest the closed fan on the left cheek

YES

Rest the closed fan on the right cheek

WE'RE BEING WATCHED

Twirl the closed fan around the left eye

I LOVE ANOTHER

Twirl the closed fan with the right hand

The Handbook of Informal Language Learning Mark Dressman,Randall William Sadler,2019-12-02 Provides a comprehensive and unique examination of global language learning outside of the formal school setting Authored by a prominent team of international experts in their respective fields The Handbook of Informal Language Learning is a one of a kind reference work and it is a timely and valuable resource for anyone looking to explore informal language learning outside of a formal education environment It features a comprehensive collection of cutting edge research areas exploring the cultural and historical cases of informal language learning along with the growing area of digital language learning and the future of this relevant field in national development and language education The Handbook of Informal Language Learning examines informal language learning from both theoretical and practical perspectives Structured across six sections chapters cover areas of motivation linguistics cognition and multimodality digital learning including virtual contexts gaming fanfiction vlogging mobile devices and nonformal programs and media and live contact including learning through environmental print tourism study abroad The book also provides studies of informal learning in four national contexts examines the integration of informal and formal classroom learning and discusses the future of language learning from different perspectives Edited by respected researchers of computer mediated communication and second language learning and teacher education Features contributions by leading international scholars reaching out to a global audience Presents an exciting and progressive selection of chapters in a rapidly expanding field of research and teaching Provides a state of the art collection of the theories as well as the historical cultural and international cases relating to informal language learning and its future in a digital age Covers 30 key topics that represent pioneering findings and new research The Handbook of Informal Language Learning is an essential resource for researchers students and professionals in the fields of language acquisition English as a second language and foreign language education [English Language Learning in the Digital Age](#) Mark Dressman,Ju Seong Lee,Laurent Perrot,2023-01-24 Provides a thorough overview of digital learning methods and their practical application in the modern language classroom English Language Learning in the Digital Age is a comprehensive introduction to the theoretical background and real world application of IDLE Informal Digital Learning of English Designed for teachers and future teachers preparing to teach English as a second or other language this highly practical guide focuses on incorporating digital technology into curricula to draw upon the extracurricular exposures to English that many students experience outside of the classroom With some creativity and care teachers can find ways to bring these experiences with English into the classroom ultimately improving student learning outcomes Offering a specific focus on examples and case studies drawn from language education in the Middle East Asia and Europe this text employs a three part structure beginning with the theories behind autonomous learning and the importance of informal language learning for young adults Part two demonstrates various methods for integrating games social media e books language software mobile apps and other digital

resources into the classroom The third section addresses the use of IDLE methods to bridge the gap between informal and formal uses of English the advantages and disadvantages of IDLE in flipped classrooms and online teaching and how IDLE strategies can enhance mandated curricula and better prepare students for national exams The book concludes with a brief discussion of the future of language learning and the need to include digital technologies and learner driven strategies in education policy This unique text Offers practical methods for bringing informal student learning into the classroom Presents a wide range of engaging digital learning activities that can complement traditional language courses and improve language acquisition Reviews mobile apps for the translation and practice of vocabulary grammar and other components of language learning Provides real life examples of how teachers can develop lessons and curricula such as watching and making vlogs and reading transcripts of podcasts and audiobooks Includes access to a companion website containing video interviews with English learners and teaching plans reflecting TESOL Technology Standards and CEFR Reference Level Descriptors for English English Language Learning in the Digital Age is an ideal textbook for upper level undergraduate and graduate students in the fields of language education and language acquisition as well as teachers and teachers in training who are preparing to teach English in countries where English is not the primary language **Fandom Language Learning** Jieun

Kiaer, Alfred W. T. Lo, 2025-02-06 Standing at the intersection of fan culture digital technology and language learning this book advocates for a transformative shift in language education in the AI age Introducing the concept of fandom language learning it illustrates how enthusiasm for specific interests motivates fans to learn languages resulting in immersive and personalised learning experiences Tracing the evolution of digital platforms shows how this has become possible thanks to their pivotal role in transforming language learning from a solitary traditional endeavour into a vibrant community driven practice The authors examine the psychological underpinnings of fandom language learning and how emotional engagement and cultural immersion can help to foster motivation They also weigh the impact of social media and AI on language learning emphasising the potential for these technologies to smooth the way for more interactive engaging and effective language education Through a translanguaging approach they also give new perspectives on the ways in which digital platforms enable learners to transcend linguistic boundaries and how fandom learners can harness creative expression and multilingual engagement Building on these ideas Fandom Language Learning also sets out practical guidance for educators on how to use fandom culture to motivate foreign language learning and increase students Foreign Language Enjoyment FLE envisioning a future where language education is not only more aligned with learners passions but also more responsive to the demands of a digital multilingual world Translation, Translanguaging and Machine Translation in Foreign Language Education David Coulson, Christopher Denman, 2025-03-22 This book focuses on a wide range of topics about the current and emergent roles and uses of translation and translanguaging in the teaching and learning of foreign languages This is an area that has been gaining increasing momentum in recent years with traditional understandings and practices in the uses of translation for

language instruction being challenged and in many cases disrupted by the rapid development of machine translation apps such as DeepL and the ChatGPT translator The improving quality and widespread deployment of such technologies are causing instructors and students around the world to reconsider not only their pedagogic approaches to the use of translation in the classroom but also what effective instruction looks like The contributing authors provide an up to date and detailed view of this area This includes voices from researchers and professional educators from around the world As the book s focus they examine the current and projected future roles of translation in foreign language learning and teaching within which a wide range of topics are explored This book will be of interest to researchers scholars and teachers in foreign and second language education EFL ESL translation studies applied linguistics multilingualism and education
