Eliminationists How Hate Talk Radicalized The American Right:

Eliminationists David Neiwert, 2016-01-20 The Eliminationists describes the malignant influence of right wing hate talk on the American conservative movement Tracing much of this vitriol to the dank corners of the para fascist right award winning reporter David Neiwert documents persistent ideas and rhetoric that champion the elimination of opposition groups As a result of this hateful discourse Neiwert argues the broader conservative movement has metastasized into something not truly conservative but decidedly right wing and potentially dangerous By tapping into the eliminationism latent in the American psyche the mainstream conservative movement has emboldened groups that have inhabited the fringes of the far right for decades With the Obama victory their voices may once again raise the specter of deadly domestic terrorism that characterized the far Right in the 1990s How well Americans face this challenge will depend on how strongly we repudiate the politics of hate and repair the damage it has wrought

Us against Them Randy Bobbitt, 2010-05-25 *Us against Them* The Political Culture of Talk Radio examines the phenomenon of talk radio and the role that it plays in the American political process as well as popular culture Among the central questions addressed is a basic one regarding why people choose to listen to political talk instead of music Do they listen to get objective information on both sides of political issues to help them make their own voting decisions or do they seek out the hosts and content that simply validates their own beliefs After a consideration of the history of talk radio as well as where the industry stands today in terms of audience demographics and advertiser support Randy Bobbitt takes a theoretical look at how talk radio may or may have not impacted political issues and campaigns from the 1950s through the 2006 mid term election as well as the real impact of talk radio on the 2008 presidential campaign Finally Bobbitt considers the future of political talk radio in light of the newest threat to the First Amendment the possible return of the Fairness Doctrine a twentieth century law that once required broadcasters to provide politically balanced programming

Jones David Koresh Ron Hubbard and Sun Myung Moon arguing that this presidency is in many ways like a destructive cult He specifically details the ways in which people are influenced through an array of social psychology methods and how they become fiercely loyal and obedient Hassan was a former Moonie himself and he presents a thoughtful and well researched analysis of some of the most puzzling aspects of the current presidency including the remarkable passivity of fellow Republicans and the gross pandering of many members of the press Thomas G Gutheil MD and professor of psychiatry Harvard Medical School The Cult of Trump is an accessible and in depth analysis of the president showing that under the right circumstances even sane rational well adjusted people can be persuaded to believe the most outrageous ideas This book is a must for anyone who wants to understand the current political climate Judith Stevens Long PhD and author of Living Well Dying Well **Steep** Lawrence Rosenthal,Christine Trost,2012-08-14 Includes bibliographical references and index

This Happened Here Paul Street,2021-12-28 This book examines the Trump phenomenon and presidency as fascist Fascism here connotes not generically bad politics or a consolidated political economic regime Mussolini s Italy or Hitler s Germany but a set of political movement and ideological traits understood within the context of the neoliberal capitalist era While Trump s election defeat is a respite the nation is far from out of the neofascist woods Defeating the menace will require political and societal restructuring far beyond what is imagined by Democrats This argument is developed across seven chapters that recount Trump s assault on the 2020 election specifically define the meaning of fascism as it is used in this book demonstrate the neofascist nature of the Trump presidency engage intellectual class Trumpism fascism denial analyze the Trump base root Trumpism in a longstanding and indeed founding American white nationalism examine why Trump rose to power when he did and suggest paths for fascism proofing the USA *The Publishers Weekly* ,2009
