Embodying Difference Linda Saborío, 2011-12-23 *Embodying Difference Scripting Social Images of the Female Body in Latina Theatre* explores contemporary theatrical productions by Latina dramatists in the United States and focuses on the effects that neoliberal politics global market strategies gender formation and racial and ethnic marginalization have had on Latinas Through the analysis of select plays by dramatists Nao Bustamante Coco Fusco Anne García Romero Josefina López Cherr e Moraga Linda Nieves Powell Dolores Prida and Milcha Sánchez Scott *Embodying Difference* shows how the bodies of Latinas are represented on stage in order to create an image of Latina consolidation The performances of a dynamic female body challenge assumptions about ethno racial expressions exoticized otherness and political correctness as this book explores often uneasy sites of representations of the body including phenotype sexuality obesity and the body as a political marker Drawing on the theoretical framework of difference including differing gender voices performances and performative acts *Embodying Difference* examines social images of the Latina body as a means of understanding and rearticulating Latina subjectivity through an expression of difference By means of a gradual realization and self acclamation of their own images Latinas can learn to embody notions of self that endorse their curvaceous sexualized and oversized bodies that have historically been marked and marketed by their brownness

Embodying Difference Linda Saborío, 2012 *Embodying Difference* offers a fresh perspective on the current theoretical debates about the role of Latinas in today's multicultural society and globalization's impact on cultural attitudes toward femininity Saborío's in *The Fornes Frame* Anne García-Romero, 2016-03-24 A key way to view Latina plays today is through the foundational frame of playwright and teacher Maria Irene Fornes who has transformed American theatre Considering Fornes's legacy Anne García Romero shows how five award winning playwrights continue to contest and complicate Latina theatre *Latinx Shakespeares* Carla Della Gatta, 2023-01-23 Latinx peoples and culture have permeated Shakespearean performance in the United States for over 75 years a phenomenon that until now has been largely overlooked as Shakespeare studies has taken a global turn in recent years Author Carla Della Gatta argues that theater makers and historians must acknowledge this presence and influence in order to truly engage the complexity of American Shakespeares *Latinx Shakespeares* investigates the history dramaturgy and language of the more than 140 Latinx themed Shakespearean productions in the United States since the 1960s the era of *West Side Story* This first ever book of Latinx representation in the most performed playwright's canon offers a new methodology for reading ethnic theater looks beyond the visual to prioritize aural signifiers such as music accents and the Spanish language The book's focus is on textual adaptations or performances in which Shakespearean plays stories or characters are made Latinx through stage techniques aesthetics processes for art making including casting and modes of storytelling The case studies range from performances at large repertory theaters to small community theaters and from established directors to emerging playwrights To analyze these productions the book draws on interviews with practitioners

script analysis first hand practitioner insight and interdisciplinary theoretical lenses largely by scholars of color Latinx Shakespeares moves toward healing by reclaiming Shakespeare as a borrower adapter and creator of language whose oeuvre has too often been mobilized in the service of a culturally specific English language whiteness that cannot extricate itself from its origins within the establishment of European British colonialism imperialism **The Routledge Concise History of Latino/a Literature** Frederick Luis Aldama,2013-01-17 The Routledge Concise History of Latino a Literature presents the first comprehensive overview of these popular experimental and diverse literary cultures Frederick Luis Aldama traces a historical path through Latino a literature examining both the historical and political contexts of the works as well as their authors and the readership He also provides an enlightening analysis of the differing sub groups of Latino a literature including Mexican American Cuban American Puerto Rican American Dominican American and Central and South American migr authors established and emerging literary trends such as the postmodern historical chica lit storytelling formats and the graphic novel key literary themes including gender and sexuality feminist and queer voices and migration and borderlands The author s methodology and interpretation of a wealth of information will put this rich and diverse area of literary culture into a new light for scholars The book s student friendly features such as a glossary guide to further reading explanatory text boxes and chapter summaries make this the ideal text for anyone approaching the area for the first time Performance, Identity, and Immigration Law G. Guterman,2014-07-10 How has contemporary American theatre presented so called undocumented immigrants Placing theatre artists and their work within a context of on going debate Guterman shows how theatre fills an essential role in a critical conversation by exploring the powerful ways in which legal labels affect and change us **In Visible Movement** Urayoan Noel,2014-06-01 Since the 1960s Nuyorican poets have explored and performed Puerto Rican identity both on and off the page Emerging within and alongside the civil rights movements of the 1960s the foundational Nuyorican writers sought to counter the ethnic racial and institutional invisibility of New York City Puerto Ricans by documenting the reality of their communities in innovative and sometimes challenging ways Since then Nuyorican poetry has entered the U S Latino literary canon and has gained prominence in light of the spoken word revival of the past two decades a movement spearheaded by the Nuyorican Poetry Slams of the 1990s Today Nuyorican poetry engages with contemporary social issues such as the commodification of the body the institutionalization of poetry the gentrification of the barrio and the national and global marketing of identity What has not changed is a continued shared investment in a poetics that links the written word and the performing body The first book length study specifically devoted to Nuyorican poetry In Visible Movement is unique in its historical and formal breadth ranging from the foundational poets of the 1960s and 1970s to a variety of contemporary poets emerging in and around the Nuyorican Poets Cafe slam scene of the 1990s and early 2000s It also unearths a largely unknown corpus of poetry performances reading over forty years of Nuyorican poetry at the intersection of the printed and performed word underscoring the poetry s links to vernacular and Afro Puerto Rican

performance cultures from the island's oral poets to the New York sounds and rhythms of Latin boogaloo salsa and hip hop. With depth and insight Urayo n Noel analyzes various canonical Nuyorican poems by poets such as Pedro Pietri Victor Hernandez Cruz Miguel Algar n Miguel Pi ero Sandra Mar a Esteves and Tato Laviera. He discusses historically overlooked poets such as Lorraine Sutton innovative poets typically read outside the Nuyorican tradition such as Frank Lima and Edwin Torres and a younger generation of Nuyorican identified poets including Willie Perdomo Mar a Teresa Mariposa Fern ndez and Emanuel Xavier whose work has received only limited critical consideration. The result is a stunning reflection of how New York Puerto Rican poets have addressed the complexity of identity amid diaspora for over forty years. **New Books on**

American Book Publishing Record ,2007 **Stages of Life** Alberto Sandoval-Sánchez, Nancy Saporta Sternbach, 2001-10 An analytical companion to the authors groundbreaking anthology of Latina theater *Puro Teatro* this volume presents a theoretical perspective from which to understand and contextualize Latina theater as a genre in its own right. Applying feminist and postcolonial theory as well as theories of transculturation they show how these works form a unified body that contributes to the formation of Latina identity in America today. **Out of the Fringe** Caridad Svich, María Teresa Marrero, 2000 Major new collection of Latina o contemporary work for the stage. *The State of Latino Theater in the United States* Luis Ramos-García, 2002 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company. *Performative Body Spaces* ,2015-06-29 The human body as cultural object always has and is a performing subject which binds the political with the theatrical shows the construction of ethnicity and technology unveils private and public spaces transgresses race and gender and finally becomes a medium that overcomes the borders of art and life. Since there cannot be a universal definition of the human body due to its culturally performative role as a producer of interactive social spaces this volume discusses body images from diverse cultural historical and disciplinary perspectives such as art history human kinetics and performance studies. The fourteen case studies reach from Asian to European studies from 19th century French culture to 20th century German literature from Polish Holocaust memoirs to contemporary dance performances from Japanese avant garde theatre to Makeover Reality TV shows. This volume is of interest for performance studies artists as well. By focusing on the intersection of body and space all contributions aim to bridge the gap between art practices and theories of performativity. The innovative impulse of this approach lies in the belief that there is no distinction between performing discussing and theorizing the human body and thus fosters a unique transdisciplinary and international collaboration around the theme performative body spaces. I Biopolitical Choreographies II Transcultural Topographies III Corporal Mediations IV Controlled Interfaces. U.S. Latina Theater Maria Yolanda Godsey, 2016 Since the 1980s U S Latina Theater has focused on presenting realistic portrayals of the feminine subject on stage. Such an undertaking by Latina playwrights has been to challenge to the representations of women in traditional male centered and male created theater.

This dissertation studies the strategies and sites that playwrights Cherr e Moraga in *The Hungry Woman* A Mexican Medea and Shadow of a Man Odalys Nan n in *The Nun* and the Countess Carmen Rivera in *La Gringa* and Dolores Prida in *Coser y Cantar* employ to stage authentic feminine subjects The plays are analyzed through the lens of three locales customarily imagined and structured by patriarchy mythmaking the traditional Chicano family hierarchy and the subject s quest to identity formation By taking control of the pen these Latinas displace the traditional organization and invert the power structure of said sites In mythmaking patriarchy has customarily punished the rebellious woman by depicting her as monstrous This study takes the position that by reinventing myths Latina playwrights expose the frailty of male created myths that would vilify women and in turn have gained the authority of authorship to the benefit of mythical feminine icons Within the space of the plays women freely explore themes that tradition expects them to accept without interrogation Analysis of said themes employs the deconstruction of patriarchal institutions such as familial and Church hierarchies The female protagonists make a quest to subjectivity construction a luxury usually reserved for male protagonists This dissertation suggests that a theory specific to female fiction is essential in reading the feminine journey to subjectivity Consequently the writings of Dana A Heller have been adopted in the analysis of quest subjectivity construction
