Embouchure Builder For French Horn:

Embouchure Building for French Horn Joseph Singer, Richard E. Ballou, 1956 This book has been compiled to aid teachers and students in the development of the French Horn embouchure particularly in the important period following elementary development It is based upon the theory that mechanically nearly all of the problems to be met by the player in the orchestra band chamber ensemble etc can be covered by a comprehensive daily routine of practice Various drills have been devised with no claim to originality to cope with the various mechanical problems of embouchure with which the player is faced in the field

The Embouchure Builder Lowell Little, 1999-10-19 This book has been designed as a supplementary study to be used along with any standard method book The studies contained herein are excellent for use in the warm up period prior to each daily practice or performance session The technicality of the fingerings is comparatively simple and the studies can be used to advantage by the young student with only a few weeks of formal study This book contains much valuable material essential to successful performance not found within standard instructional material
