Online Teaching and Learning in Higher Education Pedro Isaias,Demetrios G. Sampson,Dirk Ifenthaler,2020-09-29 This book is to explores a variety of facets of online learning environments to understand how learning occurs and succeeds in digital contexts and what teaching strategies and technologies are most suited to this format Business health government and education are some of the core sectors of society which have been experiencing deep transformations due to a generalized digitalization While these changes are not novel the swift progress of technology and the rising complexity of digital environments place a focus on the need for further research and novel strategies In the context of education the promise of increased flexibility and broader access to educational resources is impelling much of higher education s course offerings to online environments The 21st century learner requires an education that can be pursued anytime and anywhere and that is more aligned with the demands of a digital society Online education not only assists students to success fully integrate a workforce that is increasingly digital but it helps them to become more comfortable with the use of technology in general and hence more prepared to be prolific digital citizens The variety of settings portrayed in this volume attest to the unlimited opportunities afforded by online learning and serve as valuable evidence of its benefit for students educational experience Moreover these research efforts assist a more comprehensive reflection about the delivery of higher education in the context of online settings

Psychological Patterns and Lifestyle

Influences in Academia Experience Pappachan, Princy, Maasin, Helen Estrada, 2025-05-20 The academic environment is influenced by a complex interplay between educational methodologies psychological patterns and lifestyle choices that impact student performance and well being Insights from different instructional strategies and their effectiveness in varied cultural and geographical settings aid in the development of tailored teaching models that can significantly enhance learning outcomes providing a foundation for evidence based educational practices By integrating the psychological aspects that impact academic success including the relationship between academic stress and cognitive functions and the impact of external circumstances and personal habits a more nurturing and efficient learning atmosphere can be established This comprehensive approach highlights the importance of maintaining a balanced lifestyle to enhance the overall well being of students Psychological Patterns and Lifestyle Influences in Academia Experience offers a novel approach to improving educational outcomes and student well being by integrating insights from educational theory psychology and lifestyle studies It enhances the quality of education through a thorough understanding of the diverse factors influencing the academic environment Covering topics such as basic human rights digital literacy and acculturative stress this book is an excellent resource for educators mental health professionals school administrators dieticians medical practitioners professionals scholars researchers academicians and more

Designing Digital Literacy Programs with IM-PACT Ruth V. Small, 2005 Presents an introduction to designing digital literacy programs through an educational model called IM PACT and includes information on the theory and methods required for creating engaging lesson plans and instructional programs

Digital Literacy in the Classroom - Book 3 Neelam Parmar, 2018 Book 3 for Year 3 Year 4 aims to develop digital literacy competencies in areas of computational thinking and programming communication and collaboration with creativity and the study of computer networks and productivity It supports teachers by providing step by step instructions and activity ideas based on whole class group paired and individual experiences It also encourages children to recognise the importance of staying safe online and creating a positive digital identity whilst using the internet

Misinformation and Disinformation Victoria L. Rubin, 2022-06-14 This book geared towards both students and professionals examines the synthesis of artificial intelligence AI and psychology in detecting mis disinformation in digital media content and suggests practical means to intervene and curtail this current global infodemic This interdisciplinary book explores technological psychological philosophical and linguistic insights into the nature of truth and deception trust and credibility cognitive biases and logical fallacies and how through AI and human intervention content users can be alerted to the presence of deception The author investigates how AI can mimic the procedures and know hows of humans showing how AI can help spot fakes and how AI tools can work to debunk rumors and fact check The book describes how AI detection systems work and how they fit with broader societal and individual concerns Each chapter focuses attention on key concepts and their inter connection The first part of the book seeks theoretical footing to understand our interactions with new information and reviews relevant empirical

findings in behavioral sciences The second part is about applied knowledge The author looks at several known practices that guard us against deception and provides several real world examples of manipulative persuasive techniques in advertising political propaganda and public relations She provides links to the downloadable executable files to three AI applications clickbait satire and falsehood detectors via LiT RL GitHub an open access repository The book is useful to students and professionals studying AI and media studies as well as library and information professionals Examines how artificial intelligence AI and psychology can aid in detecting mis disinformation and the language of deceit in digital media content Suggests practical computational means to intervene and curtail the global infodemic of fake news Presents how AI can sift sort and shuffle digital content to reduce the amount of content needed to be reviewed by humans Easy Technology Programs for Libraries David Folmar,2017-09-28 This book gives you 15 step by step programs using free online software that go beyond basic digital literacy and provides you the librarian with all you need for classes that engage the digital natives and computer users in your community **Digital Literacy in the Classroom - Book 1** Neelam Parmar,2018 Book 1 for Year 1 Year 2 aims to develop digital literacy competencies in areas of computational thinking and programming communication and collaboration with creativity and the study of computer networks and productivity It supports teachers by providing step by step instructions and activity ideas based on whole class group paired and individual experiences It also encourages children to recognise the importance of staying safe online and creating a positive digital identity whilst using the internet **Service Design, Creativity, and Innovation in Healthcare** Mario A. Pfannstiel,Christopher Kueh,Gabriele Palozzi,2024-12-30 In this meticulously curated anthology exploring the dynamic intersections of creativity design and innovation within the healthcare landscape esteemed experts present novel service design solutions Engaging with pressing challenges exchanging insights and unveiling pioneering approaches contributors navigate the complexities of healthcare delivery with finesse and foresight With a multidisciplinary lens this collection serves as a nexus between theory and practice offering profound reflections and actionable strategies aimed at elevating patient centered care Catering to healthcare professionals scholars and policymakers alike this anthology is poised to catalyze substantive change in the healthcare milieu Whether exploring the integration of state of the art methodologies or reconceptualizing conventional healthcare paradigms this collection underscores the paramount importance of creativity design and innovation in shaping the trajectory of healthcare delivery **Artificial Intelligence Ethics** Azhar Zia-ur-Rehman,2025-04-17 Artificial intelligence AI has permeated every aspect of life Like every other technology AI poses risk and raises questions on ethics related to its design development deployment use and retirement While a completely ethical AI may not be possible to achieve it is possible to assess the maturity of the ethics of certain AI based system or that of an organization that employs AI This book presents a comprehensive framework designed to guide organizations in assessing and enhancing the ethical maturity of their AI systems It provides a structured approach to evaluating AI ethics across multiple dimensions including governance

transparency accountability fairness and privacy By using this framework organizations can identify areas of strength and opportunities for improvement enabling them to develop AI systems that are not only technically robust but also ethically sound This book is just the beginning of a whole new domain of AI ethics maturity assessment in which the author plans to establish a certification body for certifying systems and organizations on the maturity of their AI ethics The author may be approached for partnership in this regard at azharzr@usa.net

School Reform and the School Library Media Specialist Sandra Hughes-Hassell,Violet H. Harada,2007-08-30 This third entry in the Principles and Practice series focuses on the role of the library media specialist as a change agent in the school The purpose of this book is twofold to provide insight into the role of the school librarian as change agent and to demonstrate strategies for being an effective change agent using a subset of current reform initiatives The authors are educators library media specialists and researchers who share a common belief in the ability of classroom teachers administrators library media specialists parents and community members to work together to create schools that make a difference in the lives of students and help produce citizens who have a capacity to cope with change in the future Grades K 12

Digital Literacy in the Classroom - Book 2 Neelam Parmar,2018 Book 2 for Year 2 Year 3 aims to develop digital literacy competencies in areas of computational thinking and programming computer networks and creativity and communication and collaboration It supports teachers by providing step by step instructions and activity ideas based on whole class group paired and individual experiences It also encourages children to recognise the importance of online safety and creating a positive digital identity

Choosing Web 2.0 Tools for Learning and Teaching in a Digital World Pam Berger,Sally Trexler,2010-04-09 Learning literacy and Web 2 0 Searching the Web Social bookmarking Managing and organizing information Content collaboration Media sharing Social networking Digital mapping

Click, Swipe, Learn: Skills for the Digital World (A True Book: Our Digital World) Cody Crane,2025-09-02 How can kids use the internet smartly Discover it with this step by step guide for young readers Kids spend about five hours a day connecting with digital content consuming it and or creating it Some of that content might include misinformation and altered images It may even promote biases or dangerous ideas Creating content includes pitfalls too from copyright infringement to posting information that could be harmful or damaging That s why digital literacy is so important Click Swipe Learn Skills for the Digital World uses engaging interactive text including critical thinking questions to show kids exactly what they need to watch out for as they navigate the digital world

ABOUT THIS SERIES The world of media and technology is changing fast and young students are right there in the thick of it As children try to make sense of new technologies they face a variety of critical issues including how to access reliable sources of information how to protect themselves online and how to use technology in mindful and respectful ways That s where the books in the Our Digital Future series can help Each title has been developed to help young readers think critically and navigate new technologies with confidence and care
