## **Exceptional Leadership Lessons From The Founding Leaders:**

Exceptional Leadership Gilbert W. Fairholm, 2013-06-20 This book is about values and principles that have formed the backbone of the exceptionality of America These values and principles have shaped the way leadership in America has evolved and prescribed the way leaders have practiced their craft It is about what both leaders and their followers implicitly know about what a good leader is and does and about why they follow one leader and not another The book is about how leaders in all facets of society think or should think about their interrelationships with other human beings For relationships is the essence of leadership We can only lead those in some kind of association with us as Only together can we do whatever task the leader of our particular organization asks of us today and every day of our lives This is true not just at work but in the family our collective social and recreational pursuits and even when alone doing something we want to get done Because all we do ultimately will impact our attitudes and actions or those of others For that finally is what leadership is impact on another This book identifies the values and principles of leadership the founding leaders identified and used and that have marked American culture for over two centuries in all dimensions of life It defines and delimits the actions and attitudes of mind of the exceptional leaders who first articulated and then led in terms of those values as they made America The ideas about exceptional leadership discussed are taken from their own leadership example and from their thoughtful conclusions The ideas are fully American These first leaders drew up the blueprint for what America is and has become Their creation has survived countless challenges over the two hundred years of its creation to become the United States of America

*Overcoming Workplace Pathologies* Gilbert W. Fairholm, 2015-07-04 This book deals directly with the characteristics of the relationships that the leader builds in the context of the work environment It argues that the prevailing work community work culture is intended to help the leader lead but increasingly it impedes the leader's work Leadership is a function of the leader's values attitudes and aspirations leadership flows from the leader's spiritual character defining core essence However the author argues that cultural forces coming from both inside and outside the workplace often designed to promote diversity inclusivity and tolerance have introduced into the work culture values and behavior that are pathological to executing effective leadership and detrimental to the health of work communities While attractive on the surface these new values are toxic to the idea of relationship and thus threaten the work community culture in effect killing leadership This book will arm leaders with the tools resources and techniques to recognize and overcome workplace pathologies After reading this book leaders will have a complete understanding of the key principles of spirit based values leadership see clearly that the leader's values shape both the leader's one on one relationships with coworkers and are at the center of the work culture they create to re enforce coworker actions and decisions appreciate more fully the power of the ambient work culture to influence coworkers toward leader set values and methods guiding the work community know the toxic effect on doing leadership of introducing non work values and standards into the work community culture understand the arguments

against allowing subgroups of the work community to form and practice values opposed to the values the leader has set for the full group be better prepared to deal with the consequences of encountering evil hatred and or fear in the workplace realize that not all coworkers are uniformly honest and truthful and learn ways to counter this behavior and still accomplish the work community's goals and ensure its productivity The result is a pragmatic approach to aligning values behaviors and performance while enhancing the principles of effective and positive leadership throughout the organization **Exceptional Leaders** Gilbert W. Fairholm, 2013

Leadership Lessons from History Calvin J. Maestro Jr. M.D. MBA/HCM, 2015-04-25 This is a book that you can read in one sitting This also is a book that you will not soon forget One part history lesson and one part storytelling it combines humor and personal experiences to reveal how even the best of leaders and managers can flub upon excel Don't you make the same mistakes Although intended for physicians new to leadership roles in this age of team oriented healthcare management anyone can benefit from its examples Presented in no specific order and often ranging far away from strict medical subjects the reader can take his or her time to absorb the presented subject matters be it military or administrative in nature Additionally there are a few stories about being a husband and father Just don't forget to have fun reading them **Leadership Lessons with The Beatles** Shantha Mohan, 2022-05-03 Leadership has gone through many changes in the last couple of decades We have realized that outstanding leadership is not about being authoritarian and exercising control It is not only about the intelligence quotient IQ but also about emotional intelligence To be an exceptional leader you need several essential skills all of which you can learn The skills are nuanced with emotional intelligence which you can gain This book is unique the author weaves leadership ideas with the song titles of The Beatles making this book fun playful thoughtful and valuable Each chapter is organized with the key message on a leadership attribute prompted by a Beatles song title tips on becoming better on the topic a practice suggestion questions to ask yourself to think about the message and resources for more reading The author begins each chapter with how and why she chose the song and includes fun facts It's an engaging book that blends the words of perhaps the greatest rock band ever The Beatles with the basic principles for becoming a better leader

**Great Leaders in History: What We Can Learn from the Past** Ahmed Musa, 2024-12-22 History is full of incredible leaders people who shaped the world overcame impossible odds and inspired others to greatness But what exactly made them so special How did they face challenges that could break anyone else and come out stronger And most importantly what can we learn from them to become better leaders ourselves Great Leaders in History What We Can Learn from the Past dives into the lives of legendary figures from across time from warriors and visionaries to revolutionaries and innovators This isn't your typical history lesson it's a bold fresh take on leadership through the eyes of history's biggest changemakers You'll meet leaders like Alexander the Great who built an empire before most people even figure out their careers and Joan of Arc a teenager who led armies with nothing but raw belief and courage Learn from modern powerhouses like Nelson Mandela who proved the strength of resilience and Steve Jobs who turned

dreams into world changing innovations But it s not just about the big names This book uncovers the lessons hidden in every story whether it s about strategic genius emotional intelligence or the power of vision You ll see how their successes and their failures can teach you to lead with purpose inspire others and make a lasting impact Written with a conversational vibe and packed with surprising insights this book is perfect for anyone who wants to unlock their inner leader Whether you re dreaming of building a business stepping up in your community or simply leading yourself to a better life the wisdom in these pages will show you how history s greatest leaders didn t just lead they redefined what leadership could mean So what are you waiting for The past is calling and it s packed with lessons to help you crush it in the future Are you ready to answer Let s learn from the past to lead the future     Leading Giants Dave Durand,2025-02-04 Filled with personal stories from Durand s decades of founding leading scaling and selling businesses plus actionable lessons readers can use to increase the impact of their leadership Leading Giants offers a fresh and empowering perspective helping readers set their sights on true success and providing them a practical guide for the journey     *Leadership Lessons from the Ancient World* Arthur Cotterell,Roger Lowe,Ian Shaw,2006-07-28 As the demand for comparative studies of leadership rises managers and trainers are looking harder than ever for new studies to which trainees will not bring preconceived idea This unique book delivers just that Though the contexts have changed the examination of ancient events from a business perspective provides a wealth of useful insights on how the process of leadership works From China s first emperor Liu Bang on vision and Pericles on integrity to Alexander the Great on communication and Ramesses II on courage *Leadership Lessons from the Ancient World* combines history with business to show that the universal strategies used by great leaders of the past are still relevant today

**Empowered** Marty Cagan,2020-12-03 What is it about the top tech product companies such as Amazon Apple Google Netflix and Tesla that enables their record of consistent innovation Most people think it s because these companies are somehow able to find and attract a level of talent that makes this innovation possible But the real advantage these companies have is not so much who they hire but rather how they enable their people to work together to solve hard problems and create extraordinary products As legendary Silicon Valley coach and coach to the founders of several of today s leading tech companies Bill Campbell said Leadership is about recognizing that there s a greatness in everyone and your job is to create an environment where that greatness can emerge The goal of EMPOWERED is to provide you as a leader of product management product design or engineering with everything you ll need to create just such an environment As partners at The Silicon Valley Product Group Marty Cagan and Chris Jones have long worked to reveal the best practices of the most consistently innovative companies in the world A natural companion to the bestseller INSPIRED EMPOWERED tackles head on the reason why most companies fail to truly leverage the potential of their people to innovate product leadership The book covers what it means to be an empowered product team and how this is different from the feature teams used by most companies to build technology products recruiting and coaching the members of product teams first to competence and then

to reach their potential creating an inspiring product vision along with an insights driven product strategy translating that strategy into action by empowering teams with specific objectives problems to solve rather than features to build redefining the relationship of the product teams to the rest of the company detailing the changes necessary to effectively and successfully transform your organization to truly empowered product teams EMPOWERED puts decades of lessons learned from the best leaders of the top technology companies in your hand as a guide It shows you how to become the leader your team and company needs to not only survive but thrive
