Exercise Tiger The Forgotten Sacrifice Of The Silent Few:

Exercise Tiger Wendy Lawrance, 2017-05-17 Exercise Tiger A series of operations off the South Devon coast in the spring of 1944 rehearsing for the forthcoming D Day landings Shrouded in mystery one of these exercises ended in disaster for over 600 young American servicemen as their operation was discovered by a patrol of German e boats which attacked leaving two LSTs sunk and one badly damaged The secret nature of these exercises some claimed led to a military cover up and many families were not immediately informed of the nature of the deaths of their loved ones Over the months that followed D Day came and went the war ended and there seemed little point in raking over this sorry affair Exercise Tiger became a forgotten chapter in the annals of the Second World War Using archive documents and images this book recounts the history and personal accounts behind this tragic event as well as examining the many subsequent conspiracy theories and exploring the evidence behind them Illustrations 75 black and white photographs

Empire Javelin, D-Day Assault Ship Philip Kay-Bujak, 2025-11-04 This interesting book looks at the history of the ship including its post D day service It also goes into depth on the soldiers of the 116th who travelled aboard the Empire Javelin and went ashore at Omaha Beach The author uses first hand accounts and new photographs to tell the story WWII History Magazine Empire Javelin an American built LSI Landing Ship Infantry in Royal Navy service played an important role on D Day She carried 5 companies of 1st Battalion 116th Regiment including the famous Bedford Boys over the Channel to France where the majority were killed that morning Philip Bujak has traced the journeys of that fateful morning of many of the men on board the Empire Javelin which personalizes the story of the ship He has also many personal witness accounts of her sinking from those who were on board when she exploded in December of 1944 and sank within sight of the cemetery on Omaha beach Drawing heavily on first hand accounts the author covers the actions of the ship herself and of the landing craft launched from her in great detail One third of her landing craft were lost in the first wave alone He also reveals Empire Javelin s earlier life from design and construction through launch and training Similarly he relates her service after that fateful day in June 1944 when she continued to ferry troops across the Channel for several months The events surrounding her sinking in December 1944 either by U boat or a mine while laden with troops are also fully examined The author s skillful narrative is supported by archive photos the whole forming a fitting testament to the contribution of Empire Javelin and ships like her which though less glamorous than battleships and destroyers played a vital role in Operation Overlord and the liberation of Europe
