Experiencing Spirituality Finding Meaning Through Storytelling:

Experiencing Spirituality Ernest Kurtz, Katherine Ketcham, 2015-06-16 A great master once said The shortest distance between a human being and truth is a story In *Experiencing Spirituality* Ernest Kurtz and Katherine Ketcham take readers on a journey through storytelling as a means of self discovery Recounting and interpreting great wisdom stories from all ages and all cultures as well as telling many of their own the authors shed light on such experiences as awe wonder humor confusion and forgiveness In story after story seekers look to those whose lives reveal a special quality sometimes called spirituality and ask the masters what they must do to attain that same quality The answer is simple Come follow me and see how I live *Experiencing Spirituality* teaches through the example of human experience **Twelve Steps to Religionless Spirituality** Ward B. Ewing, 2021-09-09 The Twelve Steps of Alcoholics Anonymous provides a spiritual program dramatically distinct from religion Twelve Step spirituality is based on experience not doctrine it is pragmatic focusing on what works and not on theory it is centered in a community that is inclusive welcoming all who desire to stop drinking it seeks rigorous honesty even when that honesty involves painful questioning and it centers upon service to the still suffering alcoholic The power found in working the Steps is transformational moving participants from despair to hope from self focused resentment to concern for others and from angry efforts to control to gratitude for gifts received It works for atheists and agnostics secularists and free thinkers Christians Jews Muslims and other faiths At a time when more and more people identify themselves as spiritual but not religious and the traditional religious institutions are in decline in Western culture Twelve Step spirituality provides insights that can assist in the renewal and reinvigoration of our churches synagogues and mosques In our time of dramatic social polarization it can provide a foundation for bridging differences Largely unknown outside the recovery community this book examines how this transformative program can be relevant to today Seeking a Higher Power Michael Cowl Gordon, 2025-02-25 Alcoholics Anonymous and other twelve step programs have had great success in restoring the lives of millions of people However millions more fail to grasp the program successfully The biggest obstacle appears to be the requirement of reliance on a higher power Many people are turned off by the frequent mention of God in the meetings and the literature This book offers the reader ways to approach the idea of a higher power and of how to rethink the idea of God that hopefully will overcome prejudice that has built up in the minds of prospective members Gordon has written a collection of 38 essays on topics such as love spirituality Buddhism Native American spirituality and compassion and an offers an extensive bibliography and suggested reading list This book will be a valuable resource for people trying to negotiate their recovery journey *CPR for the Soul* Tom Stella, 2017-11-14 , Consumer Health & Integrative Medicine: A Holistic View of Complementary and Alternative Medicine Practices Linda Baily Synovitz, Karl L. Connection boxes are interspersed throughout each chapter to highlight the benefits and outcomes of successful communication. Reflections On boxes focus on what is learned from the chapter how it will impact nursing practice and how new knowledge and skills will be implemented. Poetry excerpts can be found in every chapter to give a less clinical example of how best to achieve fruitful communication. Includes communication strategies to manage professional issues such as burnout and verbal harassment. Addresses the therapeutic use of humor and spirituality as part of a holistic approach to communication in nursing. Offers insights on communicating with populations with special needs such as family children the elderly clients from different cultures clients with HIV AIDS suicidal clients and victims of abuse. New Group Process chapter focuses on the importance of effective communication in group situations and the techniques to achieve it. The Electronic Communication and Communication and Culture chapters have been completely updated and revised to include the very latest developments in each area. Nursing process content has been revised to include evaluation. End of life content has been added to address the importance of proper communication at this difficult time. A new two column design makes the book more user friendly.

Psychiatric Mental Health Nursing Katherine M. Fortinash, Patricia A. Holoday-Worret, 2004

Psychiatric Mental Health Nursing provides comprehensive and straightforward coverage of psychiatric nursing. The text utilizes a balanced nursing medical approach presenting strong baseline coverage of the DSM IV TR and related treatments while continuing to focus on what psychiatric nurses actually do. The book weaves important themes throughout the text after introducing fundamental concepts early on. These areas include legal ethical issues research growth development and cultural implications as well as psychopharmacology psychobiology and communication. Takes a holistic approach with a strong emphasis on nursing process and interdisciplinary interventions. Full color design makes the book visually appealing and engaging. Objectives placed at the beginning of each chapter emphasize the most important concepts. Key Terms are listed at the beginning of each chapter with page number references and are highlighted in bold the first time they appear in the chapter narrative. DSM IV TR Criteria boxes present the DSM IV TR criteria for particular disorders. Nursing Care Plans provide guidelines for care. Each care plan includes a brief case study followed by assessment diagnosis goal setting interventions with rationales and evaluation. Clinical Alert boxes emphasize information critical to the safety or well being of the client. Nursing Care in the Community boxes discuss community perspectives on various disorders and issues. Case studies with detailed depictions of psychiatric disorders help students conceptualize the development of effective nursing care strategies and include critical thinking questions that promote independent investigation. Client and Family Teaching Guidelines boxes highlight the issues families must confront when a member suffers from mental illness. Understanding and Applying Research boxes summarize research studies related to disorders and explain application to nursing interventions. Nursing Assessment Questions boxes present questions that should be included in the assessment of a particular disorder. Clinical Symptoms boxes summarize the symptoms that indicate a certain disorder. Collaborative Diagnoses boxes present

DSM IV TR and NANDA diagnoses relevant for a certain disorder Additional Treatment Modalities boxes summarize various modalities and interventions that are used in conjunction with nursing interventions in the treatment of a particular disorder A bulleted Chapter Summary concludes each chapter summarizing the most significant ideas to remember A glossary at the end of the book provides concise definitions of key terms presented in the text Includes a separate chapter on Psychobiology that covers basic neuroanatomy as well as the psychobiological aspects of psychiatric disorders A separate chapter on Complementary and Alternative Therapies describes current therapies used in the treatment of physiological and psychological health problems and demonstrates the importance of providing holistic nursing care Holistic approach with strong emphasis placed on nursing process and interdisciplinary interventions Full color design makes the book visually appealing and stimulating to the student Key terms are listed at the beginning of each chapter A glossary at the end of the book provides concise definitions Nursing Care Plans provide guidelines for care Each care plan includes a brief case study followed by assessment diagnosis goal setting interventions with rationales and evaluation Clinical Alert boxes key readers to knowledge and information critical to the safety or wellbeing of the client Nursing Care in the Community boxes discuss community perspectives on particular disorders and issues Case studies detailed depictions of psychiatric disorders help students conceptualized the development of effective nursing care strategies Client Family Teaching Guidelines boxes facilitate the student s awareness of the issues families must confront when a member suffers from mental illness Understanding Applying Research boxes summarize a research study related to a disorder and explain its application to nursing interventions Clinical Symptoms boxes summarize the symptoms that indicate a certain disorder Introduces the student to complementary and alternative therapies used in the treatment of physiological and psychological health problems
