Devotional Classics of C. H. Spurgeon Charles

Haddon Spurgeon,2000-12 Enter Into Thy Closet James McGill,2017-09-17 Excerpt from Enter Into Thy Closet Or Secret Prayer and Its Accompanying Exercises But with all their advantages written forms of prayer are very often productive of injury They are excellent as helps but like every other kind of aid they are in danger of being too much relied upon and of thus increasing rather than diminishing the weakness they are intended to assist When constantly employed they cannot but prevent the feelings of the heart from having that free and spontaneous exercise which properly belongs to prayer The business of devotion is liable to degenerate into mere ceremony and to be considered as a task which those engaged in it are glad when they have finished When prayers have been read there is a danger of resting in the mere external performance of the duty as if the end of devotion were gained when the observance is concluded It is apt to be forgotten that prayer is not properly engaged in unless the person is made to feel himself transacting immediately with God and laying bare all his thoughts and feelings his cares and anxieties and the most secret movements of his soul in the presence of the Searcher of hearts About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Foundations of Marketing Practice** Ronald A. Excerpt from Prayers and Offices of Devotion For Families and for Particular Persons Upon Most Occasions My Dear Friends It is especially for your sakes and primarily for your service that I publish this Manual of Prayers fitted to the capacities of your minds to the necessities of your souls and to the several conditions and occasions of your lives Notwithstanding all the books of devotion already extant many of which are very useful and excellent in their kinds and such as I should recommend to you without offering any other did those with which I am best satisfied reach as far as I have designed here to go and did not I think the strain of some too high for many of you and the words and expressions of others that I have seen in your hands too low and flat or too obsolete and improper and which will rather offend than edify such as have their senses better exercised in these matters I have come to the resolution of adding my contribution to the common stock yet not taking upon me so to correct or censure them that have gone before me as to discourage any from making use of those helps which they find agreeable to their case and efficacious to quicken their devotion But leaving every one to consult their own sense and profit and comfort in choosing and taking what best likes their particular gust and what most furthers their pious designs and to make no alterations also they please even in the ensuing offices for their own service if they shall think fit to use them at all Nor have I such a conceit of any thing that is my own as to suppose it free from the weakness and defects which I can espy elsewhere I doubt not but others may find as many faults here Nay I cannot think any thing of this nature to be so complete but that the author himself in tract of time may see reason to add or subtract to alter or amend many particulars Indeed I shall as soon expect to see a shoe made to fit every foot as a particular Form of Prayer exactly to suit all the circumstances of every soul About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged
