Eloquent Zen Daito And Early Japanese Zen:

Eloquent Zen Kenneth Kraft, 1997-01-01 Zen master Daito 1282 1337 played a leading role in the transmission of Zen from China to Japan. He founded Daitokuji, a major monastery that has been influential for centuries and he provided interpretations of Chinese texts. Daito's traditional biography is full of vivid episodes including his years among the beggars of Kyoto and ending with his dramatic death in the meditation posture. Despite his importance, however, Daito has remained virtually unknown in the West. With the publication of *Eloquent Zen*, Kenneth Kraft offers the first comprehensive account of the life and teachings of one of the greatest of Japan's Zen masters. Dr. Kraft begins with the foundations of medieval Japanese Zen. He shows that Daito's predecessors were concerned with clarifying the essentials of Zen as it began to take root in Japan. During this formative phase, the Zen pioneers embraced varied conceptions of enlightenment and divergent notions of authenticity. Kraft places Daito's contributions within this context, offering new insights about early Japanese Zen and about Zen itself. Throughout this study, Kraft looks closely at the complex role of language in Zen, a tradition supposedly distrustful of words. Daito wrote haiku-like poetry, participated in brilliant dialogues, and delivered powerful sermons. His virtuosity in articulating the way of Zen beyond words beyond silence is nowhere more apparent than in his use of the capping phrase, an interpretive and commentarial device unique to Zen. Analyzing Daito's use of this device, Kraft elucidates the significance of the literary and aesthetic dimensions of the Zen tradition. *Eloquent Zen* includes valuable translations of Daito's poetry and other writings. Illustrations include three classic portraits of Daito and rare examples of his calligraphy. This lucid and engaging study will interest scholars and nonspecialists interested in Zen, Japanese culture, and Asian philosophy, poetry, and related fields.

Eloquent Zen Kenneth Kraft, 2006-04 *Zen Buddhist Rhetoric in China, Korea, and Japan*

, 2011-11-25 One of the key factors for the success of the Chinese, Korean, and Japanese Zen schools in East Asia was the creativity of their adherents concerning the development of innovative literary genres and the skillful application of linguistic and rhetorical devices in their textual products. From the very beginning, Zen Buddhists used literature in order to attract the attention and support of influential lay Buddhists, such as literati, officials, and members of the aristocracy. Consequently, Zen Buddhist texts had a deep and lasting impact on the development of East Asian languages, literary genres, and rhetorical devices, and more generally on East Asian culture. In this volume, leading specialists in East Asian Buddhism and linguistics analyze the interplay of language and doctrine, ideology in Chinese, Korean, and Japanese Zen, as well as tracing developments triggered by changes in the respective sociopolitical and socio-religious contexts. As a special focus, Zen rhetoric will be related to pre-Chinese Buddhist literary developments in India and China in order to trace continuities and changes in the application of rhetorical strategies in the overall framework of Buddhist literary production. Through this diachronic and comparative approach, the great complexity and the multifaceted features of Chinese, Korean, and Japanese Zen literature are revealed.
