The Caterpillar family of control panels provides basic to complete generator set monitoring. Control panels use a standard mounting and wire harness and are easily upgraded to the next higher specification. The Electronic Module Control Panels (EMCP II, EMCP II+, and EMCP II+P) are compatible with a complete line of local or remote annunciators, and with remote communication and expansion modules.

PANEL DESCRIPTION

ELECTROMECHANICAL

This manual or auto start/stop electromechanical panel, equipped with analog gauges, provides basic generator set monitoring, engine monitoring and protection, indicator lights, and emergency stop shutdown. Optional protection and control devices are available.

EMCP II, II+, AND II+P

The EMCP II, II+, and II+P equipped with high-tech electronics and digital LCD modules, provide the most complete generator set monitoring, starting, control, and indication. A full range of optional protective devices, controls, and local and remote annunciators are available. The EMCP II, II+, or II+P may be used for remote generator set monitoring and control via a direct connection or modem. The EMCP II, II+, and II+P use environmentally sealed, solid state, microprocessor-based modules.

SWITCHGEAR CONVERSION

The switchgear conversion (SMC) panel provides basic engine monitoring, protection, and control. It is equipped with a digital LCD display, electronic gauges, and indicator lights. The panel is designed to interface with switchgear or remote-mounted controls. Optional protection and control devices are available.

Congress. House. Committee on Armed Services,1969 Implementing a Comprehensive Research Compliance Program Aurali Dade,Lori Olafson,Suzan M. DiBella,2015-07-01 The senior research compliance administrator has emerged as a critically important position as universities and other research organizations face an increasingly intricate regulatory environment These administrators are tasked with a special challenge ensuring that their institutions conduct safe ethical and compliant research while also helping researchers understand and meet compliance requirements and achieve their research goals These competing responsibilities can make the role of the research administrator complex however those who serve in this role may find that they have limited preparation for the challenges and little or no formal education in the field Thus the goal of this handbook is to provide practical guidance to research administrators who are responsible for a wide variety of compliance programs Previous volumes on these topics have focused primarily on educating research faculty staff and students An assumption in many of these handbooks is that all additional questions related to research ethics and regulations should be directed to the senior research administrator yet the books have limited guidance intended for the senior research administrators themselves This handbook is designed therefore to serve as a detailed program implementation manual for these administrators who are expected to be conversant on a broad range of complex ethical and regulatory topics and to provide guidance to those conducting research as well as upper administration and others interested in safe ethical and compliant research *Report to the Congress of the Department of Defense in Accordance with Section 2455, Title 10, U.S.C. of the Defense Cataloging and Standardization Act of 1952* ,1954
