**Gedichte** Franz Grillparzer, August Sauer, 1925      *Gedichte von Franz Grillparzer* Franz Grillparzer, **Gedichte von Franz Grillparzer** Franz Grillparzer, 1891      Franz Grillparzer gesammelte Werke Franz Grillparzer, 1925      **The Austrian Dimension in German Intellectual History** David S. Luft, 2021-05-20 Tracing Austrian intellectual life from Maria Theresa to Hitler's annexation of Austria and Czechoslovakia this innovative book offers a precise and engaging account of Austrian intellectual history since the Enlightenment Here David S Luft begins by locating his narrative in the region known as Cisleithanian Austria the area to the west of the Leitha River that was the basis for the modern Austrian state after 1740 Chapter 2 provides a history of the German speaking intellectual life of these central lands of the Habsburg Monarchy Austria and Bohemia from the Enlightenment to annexation by Nazi Germany Chapters 3 to 5 identify the most important philosophers writers and social thinkers who contributed to Austrian intellectual life in the period between 1740 and 1938 1939 and address the intellectual significance of their work Elegantly written and meticulously researched Luft's book brings out the contributions of major figures such as Wittgenstein Hofmannsthal Musil Kafka Rilke and Freud but also draws attention to less well known figures such as Bolzano Brentano Grillparzer Stifter Broch and Hayek      Inhumanities David B. Dennis, 2012-09-20 A revealing account of how Nazi Germany manipulated and mobilized European literature philosophy art and music to support its ideological ends      **Columbia University Germanic Studies**, 1910      **German Culture in the Libraries of Melbourne** Susan Radvansky, Leslie Bodi, 1967      **Schubert's Poets and the Making of Lieder** Susan Youens, 1999-10-28 Lieder began with words with the composer's discovery of a poet and a poetic work but the scholarly study of lieder has tended to bypass those origins Schubert's choice of poets has traditionally come under fire for the preponderance of mediocre talent and yet many of these writers were highly esteemed in their day In her highly acclaimed study Susan Youens has chosen four such poets Gabriele von Baumberg Theodor Körner Johann Mayrhofer and Ernst Schulze in order to re-examine their lives works and Schubert's music to their verse All four poets were vivid inhabitants of a vivid era and their tribulations afford us added insight into the upheavals the manners and mores of their day      Words and Music Judith Beniston, Geoffrey Chew, Robert Vilain, Jon Hughes, Modern Humanities Research Association, 2010 The chronological range covered by the individual essays is more than two hundred years from the Classical Enlightenment to the early twenty first century Some of the studies encompassed by this volume undertake the analysis of one composer's settings of a particular poet's work albeit with rather more critical rigour Others trace the ways in which a literary text is modified and adapted before and as it develops as one of the principal components of an opera Several share new insights into the complex relationships of individual works with the literary and musical traditions out of which they emerge or which they transform and renew or set such works in the political contexts of their genesis or reception often using a key historical moment a turning point or a snapshot as the starting point for a wide ranging investigation In some

cases the words and the music are those of the same composer the relationship here shedding light on the process of composition itself Literary works are often scrutinized for the light they shed on a musician's creative processes but the importance of music to writers as audiences but also as amateur or even semi professional practitioners is no less important as an investigative standpoint
