Europe In The New Century Visions Of An Emerging Superpower:

Europe in the New Century Robert J. Guttman, 2001 A look at the future of Europe drawing on the experience and foresight of some of the leading journalists working in Europe today as well as the visions of heads of state government ministers corporate magnates entrepreneurs and young people from each of the 15 European Union member countries

The European Dream Jeremy Rifkin, 2013-04-19 The American Dream is in decline Americans are increasingly overworked underpaid and squeezed for time But there is an alternative the European Dream a more leisurely healthy prosperous and sustainable way of life Europe's lifestyle is not only desirable argues Jeremy Rifkin but may be crucial to sustaining prosperity in the new era With the dawn of the European Union Europe has become an economic superpower in its own right its GDP now surpasses that of the United States Europe has achieved newfound dominance not by single mindedly driving up stock prices expanding working hours and pressing every household into a double wage earner conundrum Instead the New Europe relies on market networks that place cooperation above competition promotes a new sense of citizenship that extols the well being of the whole person and the community rather than the dominant individual and recognizes the necessity of deep play and leisure to create a better more productive and healthier workforce From the medieval era to modernity Rifkin delves deeply into the history of Europe and eventually America to show how the continent has succeeded in slowly and steadily developing a more adaptive sensible way of working and living In *The European Dream* Rifkin posits a dawning truth that only the most jingoistic can ignore Europe's flexible communitarian model of society business and citizenship is better suited to the challenges of the twenty first century Indeed the European Dream may come to define the new century as the American Dream defined the century now past http://www.loc.gov/catdir/enhancements/fy0720/2004047935_d.html
