Evangelical Theology In Transition Theologians In Dialogue With Donald Bloesch:

Evangelical theology in transition : theologians in dialogue with Donald Bloesch Elmer M. Colyer (ed),1999

Evangelical Theology in Transition Elmer M. Colyer,1999 This volume covers many of the basic categories of systematic theology in several critical essays by leading theologians who also comment on Donald Bloesch's recent theological work *Carl Henry—Theologian for All Seasons* G. Wright Doyle,2010-04-01 Carl F H Henry has been called the Dean of evangelical theologians and the premier theological representative of the evangelical movement in the last half of the twentieth century When his magnum opus *God Revelation and Authority* first appeared it was hailed as the most important work of evangelical theology in modern times *Carl Henry Theologian for All Seasons* not only introduces contemporary readers to Carl Henry the man but also demonstrates that his theology possesses striking relevance for our own situation We are introduced to his place in the complex mosaic of twentieth century theology his simple but sophisticated doctrine of revelation and his value for current discussions of a wide variety of issues Henry's reflections on hermeneutics philosophy and faith the nature of revelation and of God the social implications of Christianity and many other vital topics turn out to be as pertinent now as when they were written Not everyone agrees with Carl Henry's approach of course so this book features an extensive dialogue between Henry and his critics making the case that his thought has been incorrectly described as outmoded and that he offers clear guidance for twenty first century thinkers To make the wealth of material on the many topics in *God Revelation and Authority* more accessible the book includes a theological index a macro index and detailed outline of the entire six volumes *Karl Barth and Evangelical Theology* Sung Wook Chung,2006 Over the past twenty years renewed interest in Karl Barth has made him a major voice in contemporary systematic theological circles once again This work explores the substantial convergences and divergences between Barth's theology and the historic evangelical faith It will appeal to evangelical readers interested in reassessing the influence and impact of Barth's theology Contributors include Kevin J Vanhoozer Alister E McGrath Timothy George Gabriel Fackre Stanley Grenz and Henri Blocher **Avery Cardinal Dulles, SJ** Patrick W. Carey,2010 A religious and intellectual biography of the foremost American Catholic theologian of the post Vatican II era Cardinal Avery Dulles SJ *Faith Has Its Reasons* Kenneth Boa,Robert M. Bowman Jr.,2012-01-05 A most accessible but thoroughly practical primer on apologetics *The Dispensational-covenantal Rift* R. Todd Mangum,2007 This groundbreaking study explores how the fight between dispensationalists and covenant theologians got started and how a unique dynamic of personalities and sociological factors enflamed it Readers may be surprised to discover that even the terminology of dispensationalists and covenant theologians originated in the 1930s disputes that the vast majority of the original protagonists on both sides were Presbyterians and that soteriology rather than eschatology was the original bone of contention between them This study examines how two respective strands of fundamentalism came to identify one another as theological rivals as they each vied for position in their recently formed separatist bodies The significance of disagreements

over dispensationalism is explored in the founding of the Orthodox Presbyterian and Bible Presbyterian churches And then as the debate traveled southward the response of the PCUS is examined with special attention given to the consummative report of an ad hoc committee that found dispensationalism to be out of harmony with the Westminster doctrinal standards Significant misunderstandings that impeded fruitful dialogue from the beginning are clarified particularly those that have persisted most stubbornly to the present day Perhaps most surprising of all the reader will discover that nearly all of the original points of debate between dispensationalists and covenant theologians have since been resolved as each side has honed its position in light of pertinent critiques Why has this development gone almost unnoticed This study suggests an answer and proposes that understanding how the feud began may hold the key to rapprochement today **Alister E.**

McGrath and Evangelical Theology Sung Wook Chung, 2003 Alister McGrath is one of the premier evangelical theologians of our day In this book leading evangelical scholars including Gabriel Fackre John Frame William Abraham Gerald Bray and Clark Pinnock use McGrath's work as a lens through which to offer a contemporary assessment of evangelical theology The volume sets McGrath in context and argues that a dynamic brand of evangelical theology such as what his thinking represents is necessary for the evangelical wing of the church to be *semper reformanda* always reforming Chapters focus on the essence identity strengths weaknesses and future of evangelical theology offering a snapshot of a movement in transition

Spirituality Old and New Donald G. Bloesch, 2007 An eminent evangelical theologian reflects on the content of a truly spiritual life **The Younger Evangelicals** Robert E. Webber, 2002-10-01 Robert E Webber has led worship workshops in every major city in the United States and Canada Through his conversations and contacts with a network of emerging church leaders he calls the younger evangelicals Webber sees how this new generation and their style of leadership is bringing change and renewal to the evangelical church These leaders who include those young in spirit as well as young in age have important insights to offer all generations faced with doing church in a rapidly changing postmodern culture The Younger Evangelicals explores the characteristics of these emerging leaders and provides an outlet for their stories Beginning with a brief overview of twentieth century evangelicalism Webber examines what is different about the twenty first century younger evangelicals way of thinking about faith and practicing church He allows them Ph D's and laypeople to speak in their own words on issues such as communication theology apologetics pastoral leadership evangelism worship and spiritual formation Thought provoking energizing and timely The Younger Evangelicals is a landmark book for pastors and church leaders culture watchers ministry students and worship leaders who want to prepare for and respond to the new evangelical awakening brought on by our changing cultural context **Christian Eschatology and the Physical Universe** David

Wilkinson, 2010-07-29 Does matter matter The scientific picture of the end of the physical Universe has undergone dramatic changes since the turn of the 21st century with its future characterized by accelerated expansion and futility Yet Christian theology has been largely silent on this despite the interest in eschatology in popular culture and in theology itself What can

Christian theology learn from and contribute to the scientific picture of the future of the Universe Can the biblical narratives of creation and new creation have a fruitful dialogue with scientific discoveries David Wilkinson shows what a fruitful dialogue this can be Critiquing the folk eschatology of the Left Behind series the misguided faith of the scientific optimists and the lack of scientific engagement of the theologians of hope Wilkinson argues for a rediscovery of the theological theme of new creation and the centrality of bodily resurrection Looking Into the Future David Weston Baker,2001 Stay current on eschatological issues in theology biblical studies and ethics with these essays from leading evangelical scholars

Subject Guide to Books in Print ,1991 *Evangelical Studies Bulletin* ,1998 *Directory of American Scholars: Philosophy, religion and law* ,1999 American Book Publishing Record ,1999 Holy Scripture Donald G. Bloesch,2010-08-21 Voted one of Christianity Today s 1995 Books of the Year In Holy Scripture Donald G Bloesch sets out the pivotal evangelical doctrines of the Bible s revelation inspiration and interpretation Striving to defend the orthodox evangelical faith from its friends as well as its enemies he provocatively argues against both evangelical rationalism and liberal experientialism And he proposes the alternative of biblical evangelicalism which sees Scripture as the written Word of God but stresses that it becomes the living Word of God only through the illumination of the Holy Spirit In dialogue with Martin Luther John Calvin P T Forsyth Karl Barth and Emil Brunner Bloesch s Holy Scripture examines the implications of biblical authority for the 21st century It surveys the role of the Bible as seen within the Bible itself and as that role has unfolded through centuries of Christian tradition It also explains and critiques many highly contested issues such as the value of biblical criticism the meaning of myth the plethora of hermeneutical options and the nature of truth **The Nature of Doctrine in T.F. Torrance's Theology** Elmer M. Colyer,2001-11-09 Thomas F Torrance is considered by many to be the most important English speaking theologian of the last fifty years Torrance has written extensively over six hundred items on nearly every theme in theology especially theological method and the nature of theology Yet little secondary literature about his theology has been published to date The significance of this book by Elmer M Colyer is that it discusses a theme the nature of doctrine that takes readers into the heart of Torrance s critical realist epistemology theological method and understanding of the nature and purpose of theology Colyer also contributes significantly to the ongoing conversation concerning the nature of doctrine since Torrance s understanding of doctrine moves considerably beyond the work of George Lindbeck The Nature of Doctrine and Alister McGrath The Genesis of Doctrine in this area Books in Print Supplement ,2002 **How To Read T. F. Torrance** Elmer M. Colyer,2007-12-01 Thomas F Torrance is regarded as one of the foremost Reformed theologians of the second half of the twentieth century He taught for thirty years at New College University of Edinburgh Scotland until his retirement in 1979 He has written extensively contributing more than twenty major works of theology and hundreds of articles in a variety of languages In this book Elmer Coyler provides access to Torrance s voluminous writings Demonstrating the profoundly trinitarian and evangelical spirit of Torrance s theology Coyler also

captures his concern to formulate a renewed theological method in the tradition of Athanasius. Coyler helps us see how in Torrance's view and practice a truly scientific approach must be godly in order to be accurate and faithful.
