Evangelicals Engaging Emergent A Discussion Of The Emergent Church Movement:

Evangelicals Engaging Emergent Bill Henard, Adam W. Greenway, 2009-05-01 While plenty of books related to the conversations as well as controversies surrounding the emergent church have surfaced in recent years no comprehensive evangelical assessment of the movement has been published until now *Evangelicals Engaging Emergent* draws from a broad spectrum of conservative evangelicalism to serve as a clear informative fair and respectful guide for those desiring to know what emergent means why it originated where the movement is going what issues concern emergent believers and where they sometimes go wrong theologically Among the dozen contributors are Norman Geisler *A Postmodern View of Scripture* Darrell Bock *Emergent Emerging Christologies* Ed Stetzer *The Emergent Emerging Church A Missiological Perspective* and Daniel Akin *The Emerging Church and Ethical Choices The Corinthian Matrix* **Evangelical Worship** Melanie C. Ross, 2021 Say the words evangelical worship to anyone in the United States even if they are not particularly religious and a picture will likely spring to mind unbidden a mass of white middle class worshippers with eyes closed faces tilted upward and hands raised to the sky Yet despite the centrality of this image many scholars have underestimated evangelical worship as little more than a manipulative effort to arouse devotional exhilaration It is frequently dismissed as a reiteration of nineteenth century revivalism or a derivative imitation of secular entertainment three Christian rock songs and a spiritual TED talk But by failing to engage this worship seriously we miss vital insights into a form of Protestantism that exerts widespread influence in the United States and around the world *Evangelical Worship* offers a new way forward in the study of American evangelical Christianity Weaving together insights from American religious history and liturgical studies and drawing on extensive fieldwork in seven congregations Melanie C Ross brings contemporary evangelical worship to life She argues that corporate worship is not a peripheral extra tacked on to a fully formed spiritual political and cultural movement but rather the crucible through which congregations forge argue over and enact their unique contributions to the American mosaic known as evangelicalism *Crossroads* Robert J. A. Doornenbal, 2012 *Jesus, Paul and the People of God* Nicholas Perrin, Richard B. Hays, 2011-02-09 At the 2010 Wheaton Theology Conference leading New Testament scholar N T Wright and nine other prominent biblical scholars and theologians gathered to consider Wright's prolific body of work Compiled from their presentations this volume includes Wright's two main addresses plus nine other essays of critical response

Pentecostalism, Secularism, and Post Christendom Bradley Truman Noel, 2015-12-14 If only we were a Christian country again Christians particularly those in the West often lament their loss of influence in modern politics and culture It seems that everywhere one turns Christendom in the West is dealt another blow with Christian reactions ranging from withdrawal and entrenchment to cries of persecution and talks of organized resistance *Pentecostalism Secularism and Post Christendom* seeks to address these concerns via an examination of Classical North American Pentecostalism as it wrestles with the very real challenges posed by the increasing post Christian ethos of Western culture In addition to providing a number of concrete

steps Pentecostals may take in their efforts to better understand and connect with modern culture this work will argue that counter intuitively the death of Christendom if properly addressed may in fact herald the arrival of the Church s finest hour

Repairing the Missional Breach Kevin Blackwell,2024-04-02 Making disciples is the primary calling of the church however in the past decades of American evangelicalism there has been a breach of Christ s Great Commission as found in Matt 28 19 20 Much of this failure can be attributed to the doctrine and practice within three modern church movements The book offers a history and critique of modern American evangelical church movements including the Church Growth Emergent Church and Missional Church movements Each of these movements did not result in disciple making multiplication In this book you will find an analysis of disciple making in these movements as compared to the methods and model of Jesus Informed by these critiques formative ministry adjustments are presented as a faithful path for future missional approaches

Becoming Conversant with the Emerging Church D. A. Carson,2009-05-26 A careful and informed assessment of the emerging church by a respected author and scholar The emerging church movement has generated a lot of excitement and exerts an astonishingly broad influence Is it the wave of the future or a passing fancy Who are the leaders and what are they saying The time has come for a mature assessment D A Carson not only gives those who may be unfamiliar with it a perceptive introduction to the emerging church movement but also includes a skillful assessment of its theological views Carson addresses some troubling weaknesses of the movement frankly and thoughtfully while at the same time recognizing that it has important things to say to the rest of Christianity The author strives to provide a perspective that is both honest and fair Anyone interested in the future of the church in a rapidly changing world will find this an informative and stimulating read D A Carson Ph D University of Cambridge is research professor of New Testament at Trinity Evangelical Divinity School in Deerfield Illinois He is the author of over 45 books including the Gold Medallion Award winning book *The Gagging of God* and is general editor of *Telling the Truth and Worship by the Book* He has served as a pastor and is an active guest lecturer in church and academic settings around the world

The New Christians Tony Jones,2019-03-01 What the emergent church movement is all about and why it matters to the future of Christianity Following on the questions raised by Brian McLaren in *A New Kind of Christian* Tony Jones has written an engaging exploration of what this new kind of Christianity looks like Writing dispatches about the thinking and practices of adventurous emergent Christians across the country he offers an in depth view of this new third way of faith its origins its theology its views of truth Scripture and interpretation and its hopeful and life giving sense of community With the depth of theological expertise and broad perspective he has gained as a pastor writer and leader of the movement Jones initiates readers into the emergent conversation and offers a new way forward for Christians in a post Christian world With journalistic narrative as well as authoritative reflection he draws upon on site research to provide fascinating examples and firsthand stories of who is doing what where and why it matters

Parachurch Church Movements and Christian Order in Ghana Samuel B. Adubofuor, 1992 *The Publishers Weekly*, 2005 Why We're Not Emergent Kevin DeYoung, Ted Kluck, 2008-09-01 You can be young passionate about Jesus Christ surrounded by diversity engaged in a postmodern world reared in evangelicalism and not be an emergent Christian In fact I want to argue that it would be better if you weren't The Emergent Church is a strong voice in today's Christian community And they're talking about good things caring for the poor peace for all men loving Jesus They're doing church a new way not content to fit the mold Again all good But there's more to the movement than that Much more Kevin and Ted are two guys who demographically should be all over this movement But they're not And Why We're Not Emergent gives you the solid reasons why From both a theological and an on the street perspective Kevin and Ted diagnose the emerging church They pull apart interviews articles books and blogs helping you see for yourself what it's all about

Emerging Evangelicals James S. Bielo, 2011 The Emerging Church movement developed in the mid 1990s among primarily white urban middle class pastors and laity who were disenchanted with America's conservative Evangelical sub culture It is a response to the increasing divide between conservative Evangelicals and concerned critics who strongly oppose what they consider overly slick corporate and consumerist versions of faith A core feature of their response is a challenge to traditional congregational models often focusing on new church plants and creating networks of related house churches Drawing on three years of ethnographic fieldwork James S Bielo explores the impact of the Emerging Church movement on American Evangelicals He combines ethnographic analysis with discussions of the movement's history discursive contours defining practices cultural logics and contentious interactions with conservative Evangelical critics to rethink the boundaries of Evangelical as a category Ultimately Bielo makes a novel contribution to our understanding of the important changes at work among American Protestants and illuminates how Emerging Evangelicals interact with the cultural conditions of modernity late modernity and visions of postmodern Christianity James S Bielo is Visiting Assistant Professor of Anthropology at Miami University in Oxford OH He is the author of *Words Upon the Word An Ethnography of Evangelical Group Bible Study* NYU Press and editor of *The Social Life of Scriptures Cross cultural Perspectives on Biblicalism*

A Emergent Manifesto of Hope (ēmersion: Emergent Village resources for communities of

faith) Doug Pagitt, Tony Jones, 2008-07-01 Many have heard of the emerging church but few people feel like they have a handle on what the emerging church believes and represents Is it a passing fad led by disenfranchised neo evangelicals Or is it the future of the church at large Now available in trade paper An Emergent Manifesto of Hope represents a coming together of divergent voices into a conversation that pastors students and thoughtful Christians can now learn from and engage in This unprecedented collection of writings includes articles by some of the most important voices in the emergent conversation including Brian McLaren Dan Kimball and Sally Morgenthaler It also introduces some lesser known but integral players representing who's next within the emerging church The articles cover a broad range of topics such as spirituality theology multiculturalism postcolonialism sex evangelism and many others Anyone who wants to know what the emerging church is all about needs to start here **Emerging Mission** Mark Oxbrow, Emma Garrow, 2005 Contributed research papers presented at a consultation in Bangalore India in November 2004 The Hyphenateds Phil Snider, 2011-12-12 Though the emergent church was once viewed as a fringe movement with little to offer established congregations it is now seen as one of the central driving forces shaping the future of postmodern Christianity in North America As an increasing number of mainline communities wonder how the emergent church influences their own structures and practices this book brings together the perspectives of several of the most prominent Hyphenated Christians i.e. those with one foot in the emergent conversation and the other foot in the mainline church Presbytermergents Anglimergents Luthermergents Methomergents etc With a passion for both mainline traditions and the emergent conversation Hyphenateds offer a vibrant and contagious vision of the ways in which the church might undergo the transformation necessary to faithfully embody the love of Christ in the midst of an ever changing postmodern world The contributors of this book offer wisdom from a variety of contexts and The Hyphenateds reflects the changing dynamics currently taking place in the emergent conversation

Evangelicalism and the Emerging Church Cory E. Labanow, 2016-04-22 With the Christian church in the west in decline some churches are undergoing difficult transitions as they seek to become relevant to both themselves and their surrounding cultures Evangelicalism and the Emerging Church details an ethnographic study of a Vineyard congregation making sense of their Vineyard roots and their growing relationship with the self proclaimed emerging church network Through a rich account of congregational life and tensions universal issues are raised such as relating to religious parentage creating safe places for spirituality Christian growth and maturity communication with contemporary culture and the challenges of identity reconstruction This book is the first to conduct an academic study of a Vineyard congregation in the United Kingdom
