Evangelistic Preaching That Connects Guidance In Shaping Fresh And Appealing Sermons:

Evangelistic Preaching That Connects Craig A. Loscalzo, 1995-10-24 Craig A Loscalzo shows how to develop evangelistic sermons that will appeal to today's audiences. He includes a rationale for evangelistic preaching, sample sermons, and lots of practical advice. Invitation to Evangelism Timothy K. Beougher, 2021-08-24 Essential guidance for a lifestyle of sharing God's good news with a lost world. What exactly does it mean to evangelize in a Christian sense? And how is such evangelizing supposed to be done? Longtime pastor, evangelist, and professor of evangelism Timothy K. Beougher answers these questions and more from theological, historical, and practical perspectives. Beougher demonstrates God's goodness in evangelism through relatable anecdotes, Bible teaching, and encouraging instruction. *Invitation to Evangelism* welcomes believers into the experience of stepping out in faith on behalf of people God loves. Most Christians know that they should be sharing the good news of Jesus Christ with nonbelievers, and most also know they aren't witnessing very well, or even at all. They need help internalizing the content of gospel proclamation and identifying the best way to go about making evangelism a natural part of their lives. *Invitation to Evangelism* guides readers through the essential issues of the gospel message, evangelism methods, and witnessing models so they are ready and excited to move out in faith as everyday evangelists. Beougher's biblical, theological, historical, and practical teaching revolves around following essential aspects of being an evangelist: Having compassion as the motivation for evangelism; Understanding the good news of Jesus Christ; Seeing lost people as persons God loves; Relying on the power of the Holy Spirit; Paving the way for new believers to share their faith eagerly with others.

Preaching Jason C. Meyer, 2013 The sermon is under attack. This comprehensive biblical theology of preaching examines what it is, how to do it, and why it's so important, exploring the concept's canonical development and relevance for key doctrines. Preaching Words John S. McClure, 2007-01-02 John McClure's *Preaching Words* highlights the most important ideas in homiletics and preaching, offering short explanations of these ideas, what scholars of preaching are saying about them, and how they can help in today's preaching. Topics range from elements of the sermon (introduction, body, and conclusion) to aspects of delivery, types of preaching in different Christian traditions, and theories of preaching. Biblical Preaching Robert Curry, 2023-12-11 Preaching is a demand of the Bible that is fitted with a specific purpose and a strong theological base. It is the proclamation of the word of God and is done in churches throughout the world. Preaching plays a role in the spiritual formation of its hearers, helping to form a community of faith whose members are sharing in and supporting one another in a spiritual journey. The topics of preaching can be found in both the Old and New Testaments within several different genres, but closer attention might be given to the genres of the parables of Jesus and the speeches in the book of Acts. As a topic of preaching, the parables can be understood as examples of allegory, simile, and/or metaphor. The speeches in Acts offer a picture window of a sort into the homiletical mindset of the apostles and other disciples as they proclaimed the gospel to the world as they knew it. Preaching is a demand of the Bible and a specific task of those who are

privileged to do it *Models of Evangelism* Priscilla Pope-Levison, 2020-10-27 Many sincere Christians dismiss evangelism due to enduring evangelistic caricatures This book helps readers move beyond those caricatures to consider thoughtfully and practically how they can engage in evangelism whether it s through one on one conversations social media social justice or the liturgy of worship services At once biblical theological historical and practical this book by a seasoned scholar offers an engaging well researched and well organized presentation and analysis of eight models of evangelism Covering a breadth of approaches from personal evangelism to media evangelism and everything in between Priscilla Pope Levison encourages readers to take a deeper look at evangelism and discover a model that captures their attention Each chapter introduces and assesses a model biblically theologically historically and practically allowing for easy comparison across the board The book also includes end of chapter study questions to further help readers interact with each model **Stumbling over the Cross** Joni S. Sancken, 2016-04-21 It has never been easy to preach about the cross and resurrection of Jesus but difficulties today are particularly challenging Hearers ask tough questions of the church and the Christian faith and they are not satisfied by formulaic answers People are often suspicious of doctrine and are attracted to a broad but vague or pluralistic spirituality rather than the classical claims of Christianity In this climate preachers often see preaching on the central events of the Christian story the crucifixion and resurrection as more of a problem than a possibility more of a burden than a joy They wonder not only how to preach the old old story of cross and resurrection but whether they should preach these themes at all This book addresses these concerns and shows preachers how to preach the cross and resurrection in fresh culturally relevant ways that deepen Christian discipleship Each chapter shows the relevance of preaching the cross for addressing a particular congregational concern What has ironically become a stumbling block in the pulpit the stone that preachers often reject preaching on the cross and resurrection of Jesus can serve as the cornerstone for building up the congregation for discipleship in our world International Mission Bibliography Norman E.
