People stand on the shoulders of the great American tradition begun more than three centuries ago with Poor Richard's Almanac. After facilitating nearly a thousand workshops on the fundamentals of effective money management over the past decade, Todd Christensen based his first book, *Everyday Money for Everyday People*, on the discussions, tips, stories, and ideas shared by the thousands of individuals and couples in attendance. It's a financial guidebook of the people by the people and for the people. This book is based on what works for everyday people. Saving is a commitment, not an amount. Inside, you'll find day-to-day money topics, dos for building financial stability, don'ts for minimizing financial stress, steps to breaking out of the paycheck-to-paycheck spiral, scores of inspirational financial quotes, stories, and illustrations for you to live by.

Mill Supplies, 1913 **A Cultural History of Money in the Modern Age**, Taylor C. Nelms, David Pedersen, 2021-03-11. Bracketed by global financial crises and economic downturns, the modern age has been defined by debates about and transformations of money. The period witnessed the consolidation of national currencies and monetary policies, as well as the diversification of payment technologies and the proliferation of financial instruments. Throughout, even as it appeared abstracted by finance and depoliticized by expert ideologies, money was revealed again and again to be a powerful medium of cultural imagination and practical inventiveness, as well as the site of public and political struggles. Modern money, both as a form of liquidity and as a claim on wealth, remains deeply unsettled, caught between private and public interests and subject to epic struggles over the infrastructures of value creation and circulation and their distributional consequences. Drawing upon a wealth of visual and textual sources, *A Cultural History of Money in the Modern Age* presents essays that examine key cultural case studies of the period on the themes of technologies, ideas, ritual, and religion, the everyday art and representation, interpretation, and the issues of the age.
