Great Unraveling Paul Krugman, 2004-08-31 Paul Krugman is a hero of mine Read his book Al Franken No one has more authority to call the shots the way they really are than award winning economist Paul Krugman whose provocative New York Times columns are keenly followed by millions One of the world s most respected economists Krugman has been named America s most important columnist by the Washington Monthly and columnist of the year by Editor and Publisher magazine A major bestseller this influential and wide ranging book has been praised by BusinessWeek as Krugman s most provocative and compelling effort yet the New York Review of Books as refreshing and Library Journal as thought provoking even funny The American Prospect put it in vivid terms In a time when too few tell it like it is Krugman has taken on the battle of our time Built from Paul Krugman s influential Op Ed columns for the New York Times this book galvanized the reading public With wit passion and a unique ability to explain complex issues in plain English Krugman describes how the nation has been misled by a dishonest administration In this long awaited work containing Krugman s most influential columns along with new commentary he chronicles how the boom economy unraveled how exuberance gave way to pessimism how the age of corporate heroes gave way to corporate scandals how fiscal responsibility collapsed From his account of the secret history of the California energy crisis to his devastating dissections of dishonesty in the Bush administration from the war in Iraq to the looting of California to the false pretenses used to sell an economic policy that benefits only a small elite Krugman tells the uncomfortable truth like no one else And he gives us the road map we will need

to follow if we are to get the country back on track The paperback edition features a new introduction as well as new writings

Ten Great Economists from Marx to Keynes Joseph A. Schumpeter,1962 **Arguing with Zombies** Paul

Krugman,2020-01-28 New York Times Bestseller An accessible compelling introduction to today s major policy issues from the New York Times columnist best selling author and Nobel prize winning economist Paul Krugman now with a new preface There is no better guide than Paul Krugman to basic economics the ideas that animate much of our public policy Likewise there is no stronger foe of zombie economics the misunderstandings that just won t die In *Arguing with Zombies* Krugman tackles many of these misunderstandings taking stock of where the United States has come from and where it s headed in a series of concise digestible chapters Drawn mainly from his popular New York Times column they cover a wide range of issues organized thematically and framed in the context of a wider debate Explaining the complexities of health care housing bubbles tax reform Social Security and so much more with unrivaled clarity and precision *Arguing with Zombies* is Krugman at the height of his powers It is an indispensable guide to two decades worth of political and economic discourse in the United States and around the globe and now includes a preface on Zombies in the Age of COVID 19 With quick vivid sketches Krugman turns his readers into intelligent consumers of the daily news and hands them the keys to unlock the concepts behind the greatest economic policy issues of our time In doing so he delivers an instant classic that can serve as a reference point for this and future generations Ten Great Economists Joseph A. Schumpeter,1951 Essays by the author who knew

them all except Marx **Ten Great Economists** Joseph Alois Schumpeter,1997 *The Making of Modern Economics* Mark Skousen,2015-01-28 Here is a bold history of economics the dramatic story of how the great economic thinkers built today s rigorous social science Noted financial writer and economist Mark Skousen has revised and updated this popular work to provide more material on Adam Smith and Karl Marx and expanded coverage of Joseph Stiglitz imperfect markets and behavioral economics This comprehensive yet accessible introduction to the major economic philosophers of the past 225 years begins with Adam Smith and continues through the present day The text examines the contributions made by each individual to our understanding of the role of the economist the science of economics and economic theory To make the work more engaging boxes in each chapter highlight little known and often amusing facts about the economists personal lives that affected their work **The Great Economists** Phil Thornton,2014 **Great Economists Since Keynes** Mark Blaug,1985

Great Economists Linda Yueh,2018-03-15 Since the days of Adam Smith economists have grappled with a series of familiar problems but often their ideas are hard to digest even before we try to apply them to today s issues Linda Yueh is renowned for her combination of erudition as an accomplished economist herself and accessibility as a leading writer and broadcaster in this field In *The Great Economists* she explains the key thoughts of history s greatest economists how our lives have been influenced by their ideas and how they could help us with the policy challenges that we face today In the light of current economic problems and in particular growth Yueh explores the thoughts of economists from Adam Smith and David

Ricardo to recent academics Douglass North and Robert Solow She asks for example what do the ideas of Karl Marx tell us about the likely future for the Chinese economy How do the ideas of John Maynard Keynes who argued for government spending to create full employment help us think about state intervention And with globalization in trouble what can we learn about handling Brexit and Trumpism
