Eurozone Politics Perception Routledge Advances:

Discretion in the Welfare State Anders Molander, 2016-09-13 Welfare state professionals decide or establish premises as to whom will receive what in what manner when and how much and when enough is enough They control who passes through the gates of the welfare state This book provides an in depth understanding of the phenomenon of discretion It shows why the delegation of discretionary powers to professionals in the front line of the welfare state is both unavoidable and problematic Extensive use of discretion can threaten the principles of the rule of law and relinquish democratic control over the implementation of laws and policies The book introduces an understanding of discretion that adds an epistemic dimension discretion as a mode of reasoning to the common structural understanding of discretion an area of judgment and decision Accordingly it distinguishes between structural and epistemic measures of accountability The aim of the former is to constrain discretionary spaces or the behavior within them while the aim of the latter is to improve the quality of discretionary reasoning This text will be of key interest to scholars and students in the fields of applied philosophy public policy and public administration welfare state research and the sociology of professions *Eurozone Politics* Philip

Giurlando, 2015-10-23 The crisis of the Eurozone has had a significant impact on the politics of Europe In many countries the euro was largely interpreted by elites as a development that would ameliorate their nations problems However recent events have proven the contrary with the rise of radical right wing politics and populism across the continent This book investigates the politics of the euro with a primary focus on Italy but also with additional chapters on the UK and Germany Using a range of original and secondary data it reconstructs how the euro was interpreted by both elites and non elites from the late nineties to 2010 By recruiting a large sample of non elites it examines perceptions of the euro and the ways in which these views allowed for the justification of painful austerity measures required to enter the Economic and Monetary Union In doing so it sheds light on the ways in which non elites interpret complex political objects like the euro and provides a systemic comparison of the cognitive schema of non elites and elites This book will be of key interest to scholars and students of the European Union European politics Italian politics comparative politics and political economy **Clientelism and Economic**

Policy Aris Trantidis, 2016-04-28 With its deep economic crisis and dramatic political developments Greece has puzzled Europe and the world What explains its long standing problems and its incapacity to reform its economy Using an analytic narrative and a comparative approach the book studies the pattern of economic reforms in Greece between 1985 and 2015 It finds that clientelism the allocation of selective benefits by political actors patrons to their supporters clients created a strong policy bias that prevented the country from implementing deep cutting reforms The book shows that the clientelist system differs from the general image of interest group politics and that the typical view of clientelism as individual exchange between patrons and clients has not fully captured the wide range and implications of this phenomenon From this the author develops a theory on clientelism and policy making addressing key questions on the politics of economic reform

government autonomy and party politics The book is an essential addition to the literatures on clientelism public choice theory and comparative political economy It will be of key interest to scholars and students of European Union politics economic policy and party politics *European Enlargement Across Rounds and Beyond Borders* Haakon A.

Ikonomou,Aurélie Andry,Rebekka Byberg,2017-03-16 This volume suggests new theoretically informed approaches for historians and social scientists to engage with the policy of enlargement across rounds and in all its diversity It follows three approaches first tracing Longue Dur e developments second investigating enlargement Beyond the Road to Membership and third exploring the Entangled Exchanges and synergies between the EC EU and its outside It attempts to properly historicise the process of enlargement with contributions from historians social scientists and a legal scholar exemplifying suggested approaches and theoretical reflections from the various disciplines **Personal Diplomacy in the EU** Roland

Vogt,2016-10-04 At a time when the economic troubles and bailouts of Greece and other European economies are casting significant doubt on the future viability of the Eurozone and the EU it is crucial to examine the origins of the political will and leadership that is necessary to move the integration process forward This book makes a significant conceptual and empirical contribution by elucidating the extent to which the integration process hinges not on institutions and norms but on the relations among leaders Vogt conducts a comparative diplomatic history of three critical junctures in the process of European integration the creation of the Common Market 1955 1957 British accession 1969 1973 and the introduction of the Euro 1989 1993 He illustrates how personal diplomacy leadership constellations and the dynamics among leaders enable breakthroughs or inhibit accords He also reveals how the EU s system of top level decision making that privileges institutionalised summitry has operated in the past and suggests in a separate chapter why it has come to atrophy and prove more dysfunctional of late **Dynamics of Political Change in Ireland** Niall Ó Dochartaigh,Katy Hayward,Elizabeth

Meehan,2016-12-19 This book examines the interrelated dynamics of political action ideology and state structures in Northern Ireland and the Republic of Ireland emphasising the wider UK and European contexts in which they are nested It makes a significant and unique contribution to wider European and international debates over state and nation and contested borders looking at the dialectic between political action and institutions examining party politics ideological struggle and institutional change It goes beyond the binary approaches to Irish politics and looks at the deep shifts associated with major socio political changes such as immigration gender equality and civil society activism Interdisciplinary in approach it includes contributions from across history law sociology and political science and draws on a rich body of knowledge and original research data This text will be of key interest to students and scholars of Irish Politics Society and History British Politics Peace and Conflict studies Nationalism and more broadly to European Politics **Poland Within the European Union**

Aleks Szczerbiak,2012-04-27 This book examines the first five years of Polish EU membership The combination of Poland s potential power as a major and possibly controversial player in both the region and Europe as a whole and the apparent

salience of Euroscepticism in domestic electoral politics at the core of the Polish government and party system presented the possibility that Poland would be a new awkward partner in Europe. However, although Poles may have voted for EU critical parties in large numbers, no Eurosceptic backlash has emerged. In fact, far from being a new awkward partner, Poland has tried to portray itself as the new heart of Europe and it certainly came to be increasingly perceived as such in Brussels and by its European allies. This book focuses on two linked questions. Firstly, what impact has Poland had upon the EU as a new member state? Secondly, how has becoming an EU member impacted upon public attitudes towards the EU and Polish domestic politics, particularly on its party and electoral politics? Szczerbiak provides the first detailed empirical case study of the impact of Poland's EU membership on its politics and of Poland's impact on the EU. The book also makes broader theoretical contributions to our understanding of EU relations with its member states. As a result of the above, this book will be of interest to students and scholars of European Politics, political science and European integration.

International Organizations and Post-Soviet Conflicts in Georgia, Moldova, and Ukraine Nina Lutterjohann, 2024-08-06. *International Organizations and Post-Soviet Conflicts in Georgia, Moldova, and Ukraine: The Limitations of Imagining Peace and the Failure and Success in Negotiations* addresses the protracted history of international conflict resolution efforts to the Georgian Abkhaz, Moldovan Transnistrian and Eastern Ukraine conflicts. The author explores the origins and onset of these first two conflicts in the early 1990s but also looks at the eruption of conflict in Eastern Ukraine in 2014 and at the first months after the Russian invasion of Ukraine in 2022. This book shows how, from a conflict transformation perspective, local vested interests and strategic interests have created obvious obstructions that have both fueled the conflicts and prevented their resolution. This volume develops a comprehensive theoretical framework for understanding the success and failure of international engagement that offers a new understanding of the extent to which international responses may or may not be helpful. Through an analysis of over 500 closed source documents and about 70 interviews, the efforts of pan-European international organizations with mandates from the OSCE, EU, UN and NATO are examined on both political and cultural levels. This work's innovative analyses of those institutions' performances shows how successes have often been overlooked and identifies misperceptions that reshape our understanding of the limitations to imagining peace.

Review of International Affairs, 2005.

Migration and Activism in Europe Since 1945 Wendy Pojmann, 2008-09-15. The political and social activism of immigrants to Europe since 1945 takes the spotlight in this volume. Each of the twelve chapters draws on fresh research from international scholars who cover such conflict-ridden themes as autonomous migrant organizing and transnational activism. From Afro-Asian student protests and the sans papiers movement to the labor unions, political parties and feminist groups, the chapters offer a riveting look at a variety of migrant experiences in Europe. They also provide compelling material for a welcome comparison of the impact of migration on European countries as diverse as Germany, France, Belgium, Sweden, Spain and Italy.

The British National Bibliography Arthur James Wells, 2009.

Gender-Based Violence and the Law Agnė Limantė, Artūras Tereškinas, Rūta Vaičiūnienė, 2023-12-06 This book presents a novel and insightful examination of gender based violence inviting readers to consider this topic from various perspectives It encompasses various conceptual discussions and international regulations and trends while concurrently emphasising the legal regulations and practices of select Central and Eastern European countries Significantly underrepresented in legal scholarship this region has been overlooked and subject to limited comprehensive analyses The authors address different aspects of gender based violence also covering some areas that have received little attention in academic literature such as gender based violence in academia and cyberstalking Furthermore the book incorporates recent empirical studies thereby endowing readers with valuable insights into the specific challenges encountered in the region By contributing to current research on gender based violence in Europe this publication is an invaluable resource for researchers students policymakers and general readers interested in gender based violence and the fight against it in the Central and Eastern European region

Subject Guide to Books in Print ,1991 **American Book Publishing Record** ,2007 **European Journal of Political Research** ,2008 Changing Perceptions of the EU at Times of Brexit Natalia Chaban, Arne Niemann, Johanna Speyer, 2020-07-19 This volume brings together contributions that conceptualize and measure EU perceptions in the strategic regions around the world in the aftermath of the UK referendum Contributors assess the evolution of EU perceptions in each location and discuss how their findings may contribute to crafting foreign policy options for the new EU 27 Brexit is very likely to have a substantial bearing on EU external policy not merely because of the loss of a major member state with a special relationship to the US and the Commonwealth but also because it challenges the integrational success story that the EU strives to embody This book thus serves a dual purpose on the one hand it broadens the recent studies on Brexit by focusing on external partners reactions and on the other it allows for an innovative evaluation of policy options for EU foreign policy Based on a solid theoretical foundation and empirically rich data it constitutes an innovative and timely addition to the evolving debate on Brexit and its consequences This book will be of key interest to scholars and students of European politics Brexit British politics EU politics comparative politics and international relations **Bibliographic Index** ,2009 *Transactions of the Asiatic Society of Japan* Asiatic Society of Japan, 2010 List of transactions v 1 41 in v 41

European Review of Social Psychology, Volume 11 Wolfgang Stroebe, Miles Hewstone, 2001-02-08 This annual series reflects the dynamism of social psychology in Europe and the attention now being paid to European ideas and research Although open to authors of all nations it furthers the international exchange of ideas by including substantial accounts of work not previously published in English **Event Management** ,2007

Thank you for downloading **Eurozone Politics Perception Routledge Advances**. As you may know, people have look hundreds times for their chosen books like this Eurozone Politics Perception Routledge Advances, but end up in malicious downloads.

Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful virus inside their laptop.
