Every Man Should Try Adventures Of A Public Interest Activist

AW Rasmussen

Every Man Should Try Adventures Of A Public Interest Activist:

Every Man Should Try The Adventures Of A Public Interest Activist Jeremy J. Stone, 1999-04 His adventures include the early discovery of Reagan's interest in astrology and the prevention of a false alarm for an East Coast earthquake He helped to initiate a CIA KGB connection and his ideas are disclosed for the peaceful resolution of two of the world's most impacted territorial struggles in Yugoslavia and between Taiwan and China as well as his human rights work in defense of Andrei Sakharov and his effort to save the life of Soviet Premier Khrushchev's daughter He even played a role in Watergate

Weapons of Mass Destruction Eric A. Croddy, James J. Wirtz, Jeffrey A. Larsen, 2004-12-22 The first accessible reference to cover the history context current issues and key concepts surrounding biological chemical and nuclear weapons A collection of information on everything from aerosols to zones of peace these two volumes cover historical background technology and strategic implications of biological chemical and nuclear weapons thus providing facts terms and context needed to participate in contemporary policy debate This encyclopedia is the only comprehensive reference dedicated to the three types of weapons of mass destruction With over 500 entries arranged alphabetically volume one covers biological and chemical weapons while volume two focuses on nuclear weapons Experts from eight countries cover issues related to these weapons policies strategies technologies delivery vehicles arms control concepts treaties and key historical figures and locations Entries are written to make difficult concepts easy to understand by cutting through military and scientific jargon Students lay readers scientists and government policy makers are provided with the broad range of information needed to place today's policy discussions in proper strategic or historical context

Joseph Rotblat Reiner Braun, Robert Hinde, David Krieger, Harold Kroto, Sally Milne, 2007-06-27 Sir Joseph Rotblat 1908 2005 British physicist and one of the most prominent critics of the nuclear arms race received the Nobel Peace Prize in 1995 in conjunction with the Pugwash Conferences on Science and World Affairs an organization of scientists which he headed at the time for their efforts towards nuclear disarmament Joseph Rotblat Visionary for Peace is dedicated to the life of this unique scientist and humanist It contains contributions by Nobel Laureates eminent scholars and prominent politicians who each from their own perspective shed light on the life and work of this distinguished scientist An introduction by the editors is followed by five central articles on Rotblat's biography the impact of his work on science and peace and the Pugwash organization The third part of the book consists of over 30 commentaries written by the likes of Martin Rees Mikhail Gorbachev Jack Steinberger Mohamed ElBaradei Paul J Crutzen and Mairead Corrigan Maguire

Science, (Anti-)Communism and Diplomacy, 2019-10-01 From 1957 onwards the Pugwash Conferences brought together elite scientists from across ideological and political divides to work towards disarmament Through a series of national case studies Austria China Czechoslovakia East and West Germany the US and USSR this volume offers a critical reassessment of the development and work of Pugwash nationally internationally and as a transnational forum for Track II diplomacy This major new collection reveals the difficulties that

Pugwash scientists encountered as they sought to reach across the blocs create a channel for East West dialogue and realize the project's founding aim of influencing state actors. Uniquely the book affords a sense of the contingent and contested process by which the network-like organization took shape around the conferences. Contributors are Gordon Barrett, Matthew Evangelista, Silke Fengler, Alison Kraft, Fabian L. Scher, Doubravka Ol'kov, Geoffrey Roberts, Paul Robinson, and Carola Sachse.

Science, Money, and Politics Daniel S. Greenberg, 2001-09-15 Greenberg explores how scientific research is funded in the United States including why the political process distributes the funds the way it does and how it can be corrupted by special interests in academia, business, and political machines. *The Russian Quest for Peace and Democracy* Metta Spencer, 2012-07-10 In *The Russian Quest for Peace and Democracy* Metta Spencer recounts the political and military changes that have occurred in Russia up to mid 2010. Using hundreds of interviews she conducted with officials, dissidents, and liberal intellectuals, she describes the various groups, forces, and individuals that worked to liberalize the totalitarian Soviet Union and its fellow nations behind the Iron Curtain and which ultimately brought about the dissolution of those repressive governments. Spencer identifies four political orientations to describe Soviet society: Sheep (ordinary citizens who accepted the undemocratic regime they lived in without challenging it), Dinosaurs (hard-line Communist officials), Termites (including Mikhail Gorbachev and his advisers and government), and Barking Dogs (a few hundred dissidents who made a lot of noise protesting, hoping to awaken a grass roots demand for democracy). The strange rivalry between the Termites and Barking Dogs would ultimately doom perestroika. Spencer's research dispels the widely held perception that US President Ronald Reagan won the Cold War by standing firm until the Soviet Union blinked first. There are vitally important lessons to be learned from the Soviet period about how to assist citizens of totalitarian and authoritarian regimes around the world. The irony is that transnational civil society organizations, major sources of the progress in Soviet Russia, are still needed today in authoritarian Russia under Vladimir Putin and Dmitry Medvedev, for totalitarianism remains a potential social trap. In *The Russian Quest for Peace and Democracy* Metta Spencer suggests new ways of building urgently needed social capital in today's Russia where democracy has yet to flourish. F.A.S. Public Interest Report Federation of American Scientists, 1999

The New Republic Herbert David Croly, 1918 Weapons of Mass Destruction [2 volumes] Eric A. Croddy, James J. Wirtz, Jeffrey A. Larsen, 2004-12-22 The first accessible reference to cover the history, context, current issues, and key concepts surrounding biological, chemical, and nuclear weapons. **The Publishers Weekly**, 2004 **The Struggle Against the Bomb** Lawrence S. Wittner, 1993 *Toward Nuclear Abolition* presents the inspiring dramatic story of how citizen activists helped curb the arms race and prevent nuclear war. Examining events from 1971 to the present, the author continues the account he began in two earlier volumes, *One World or None* and *Resisting the Bomb*. The book shows how pressure from the Nuclear Freeze campaign in the United States, the European Nuclear Disarmament campaign, and comparable movements around the world foiled the nuclear ambitions of hawkish government officials and forced them toward nuclear arms control.

and disarmament A leading historian and peace researcher the author combines extensive scholarly research with a pathbreaking account of how the largest mass movement of modern times saved the world from nuclear annihilation

Bulletin of the Atomic Scientists ,1999 *Choice* ,1999 **Encyclopedia of Science, Technology, and Ethics** Carl Mitcham,2005 This encyclopedia considers both the professional ethics of science and technology and the social ethical and political issues raised by science and technology The British National Bibliography Arthur James Wells,2002 Global Power Knowledge John Krige,Kai-Henrik Barth,2006 This volume explores the ways in which scientists and issues in science and technology have played significant roles in foreign policy and international relations especially since the Second World War The Cumulative Book Index ,1999 **American Book Publishing Record** ,1999 Forthcoming Books Rose Army,1999-04 **Archiv für Sozialgeschichte** ,2005
