Every Day Gets a Little Closer Irvin D. Yalom, Ginny Elkin, 2008-08-01 The many thousands of readers of the best selling *Love's Executioner* will welcome this paperback edition of an earlier work by Dr Irvin Yalom written with Ginny Elkin a pseudonymous patient whom he treated the first book to share the dual reflections of psychiatrist and patient Ginny Elkin was a troubled young and talented writer whom the psychiatric world had labeled as schizoid After trying a variety of therapies she entered into private treatment with Dr Irvin Yalom at Stanford University As part of their work together they agreed to write separate journals of each of their sessions *Every Day Gets a Little Closer* is the product of that arrangement in which they alternately relate their descriptions and feelings about their therapeutic relationship **Writing the Talking Cure** Jeffrey Berman, 2019-05-01 A distinguished psychiatrist and psychotherapist Irvin D Yalom is also the United States most well known author of psychotherapy tales His first volume of essays *Love's Executioner* became an immediate best seller and his first novel *When Nietzsche Wept* continues to enjoy critical and popular success Yalom has created a subgenre of literature the therapy story where the therapist learns as much as if not more than the patient where therapy never proceeds as expected and where the therapist's apparent failure proves ultimately to be a success *Writing the Talking Cure* is the first book to explore all of Yalom's major writings Taking an interdisciplinary approach Jeffrey Berman comments on Yalom's profound contributions to psychotherapy and literature and emphasizes the recurrent ideas that unify his writings the importance of the therapeutic relationship therapist transparency here and now therapy the prevalence of death anxiety reciprocal healing and the idea of the wounded healer Throughout Berman discusses what Yalom can teach therapists in particular and the common and uncommon reader in general Psychotherapy and the Everyday Life Rami Aronzon, Emily Budick, 2018-11-09 This book helps the patient of psychotherapeutic intervention to stay with the therapy beyond both the initial satisfactions and the initial frustrations that the process entails It serves as a guide for patients of psychoanalytic or psychodynamic psychotherapy Psychotherapy Case Studies Jeffrey B. Rubin, 2025-07-17 *Psychotherapy Case Studies* is composed of 11 compelling and emotionally intimate stories that illuminate the hidden psychological forces shaping our lives and the path to genuine freedom These jargon free narratives re envision therapy as a sacred journey in which the therapist accompanies patients through their deepest struggles and creates an accepting home for the full spectrum of their lives Through stories spanning the depths of psychological despair and the heights of spiritual illumination the book weaves Eastern contemplative and Western psychoanalytic wisdom demonstrating the extraordinary healing that is possible when the therapist is like an emotional jazz improviser who is free and creative and approaches each person as unique Each case reveals our unsuspected capacity not just to cope but to thrive amid life's challenges Written for both beginning and seasoned therapists students of psychology and anyone curious about the transformative power of authentic human connection these inspiring stories offer sustenance and hope in challenging times **Research on Writing: Approaches**

**in Mental Health** Luciano L'Abate, Laura Sweeney, 2011-11-07 Writing as a medium of professional help and healing in the various interventional tiers of self help education promotion prevention and psychotherapy and rehabilitation has expanded exponentially since the introduction of computers and the Internet in the last generation This volume does three things Firstly it brings together research on different types of writing and distance writing that have been or need to be used by mental health professionals Secondly it critically evaluates the therapeutic effectiveness of these writing practices such as automatic writing programmed writing poetry therapy diaries expressive writing and more And thirdly in addition to evaluating the effectiveness of various writing practices the volume will examine how research based writing approaches will influence the delivery of mental health services now and in the future including the implications of these approaches

Furst, 2021-12-14 While countless memoirs have been written about depression and therapy no one has examined how the talking cure of psychotherapy is presented in novels and other works of literature Beginning with an overview of the principles of psychotherapy and its growing use as a treatment for mental and emotional disorders Lilian Furst addresses the patient's view of the value of talk Patients' portrayals of psychotherapy in literary works range from serious to satirical and from comic to ironic with some descriptions verging on the grotesque Furst identifies the overtalkers undertalkers and duet voices that shape the individual experiences of psychotherapy While the voices of the overtalkers overwhelm those of their therapists undertalkers are reluctant to express or acknowledge their feelings Particularly revealing are the instances where patient and therapist provide separate but parallel renderings of the same therapy Just Talk looks at a wide range of questions about psychotherapy Furst considers the patient's first impressions of the therapist and how the patient is prompted to engage in talk She looks for signs of self deception or self betrayal on the patient's part and asks how the therapist's behavior affects the patient's responses and the ultimate outcome of the therapy Furst examines such well known works as Roth's Portnoy's Complaint Plath's The Bell Jar and Lodge's Therapy as well as lesser known novels to discuss how patients react to psychotherapy as a cure for mental and emotional disorders Her analysis of these narratives adds significantly to our understanding of the dynamic relationship between patient and therapist and reveals much about the healing process that is not addressed in technical casebooks *Catalog of the Research Library of the Reiss-Davis Child Study Center, Los Angeles, California: A-K* Reiss-Davis Child Study Center.
