Everything You Know Is Wrong Book One Human Origins:

Everything You Know Is Wrong Lloyd Pye, 2000 The origin of life particularly human life is one of today's most intensely debated subjects Ironically that debate has only two socially acceptable sides Darwinism and Creationism Darwinists support the detailed observations and speculations of a brilliant naturalist while Creationists support the various interpreters of the Bible's scriptural teachings Despite the passion and intellect exhibited by both sides as they defend their positions millions of people remain unconvinced by the arguments of either For those individuals it is time to present a viable comprehensive third option Rationalism which is the formation of ideas and opinions based on evidence and reasoning rather than on secular authority or divine revelation Everything You Know Is Wrong stakes out a solid defensible entirely new position in the debate about life origins and human origins That position is bolstered by an astonishing array of scientific facts either unmentioned or conspicuously ignored by the two currently entrenched camps By utilizing such a fact based format this book's presentation of Rationalism offers a far more convincing explanation for the origins of life and particularly of human life than Darwinism or Creationism ever have or ever will

New Evidence for Two Human Origins Gary T. Mayer, 2007-01-29 The subject of human origins is a topic that not only feeds our curiosity it also offers to be a topic that can bring us greater meaning to our lives It has been assumed by many scientists and biblical scholars that the human race emerged from a single nucleus Could this have been a wrong assumption New evidence has come to light indicating that Adam and Eve's descendants married into an existing race Where did this existing race come from When and where did these two races merge This book provides a thesis which answers all these questions and in so doing harmonizes the teaching of the Bible and the true teachings of science

Now and Then 2nd Edition Bob Maddison, 2012-09-05 Lost civilizations Origins of mankind Why does mankind seem to need religion Why is there so much confusion and mental indigestion manifest among not only rank and file mankind but also actively demonstrated by the academics After all does it really matter who built the pyramids of Egypt Or when they were built Does it matter that there are so many confusing and conflicting claims by the proponents of the many religions So who or what is god Is it Jehovah Allah Krishna or Enlil Or perchance it is a fiction And what does it matter or avail if we understand the true origins of man or not If we cannot correctly understand who and what mankind is how can we ever know and understand what angels demons gods God or aliens are Is it that we are the aliens and this was not our earth
