## **Fidic Guide:**

FIDIC - A Guide for Practitioners Axel-Volkmar Jaeger, Götz-Sebastian Hök, 2009-11-11 In 1999 a suite of three new conditions of contract was published by FIDIC following the basic structure and wording harmonised and updated around the previous FIDIC Design Build and Turnkey Contract the 1992 Orange Book These conditions known as the FIDIC rainbow were the Conditions of Contract for Construction the so called Red Book for works designed by the Employer Plant and Design Build the so called Yellow Book for works designed by the Contractor EPC Turnkey Projects the so called Silver Book for works designed by the Contractor The first is intended for construction works where the Employer is responsible for the design as for per the previous so called Red Book 4th Edition 1987 with an important role for the Engineer The other two conditions of contract are intended for situations when the Contractor is responsible for the design The Plant and Design Build Contract has the traditional Engineer while the EPC Turnkey Contract has a two party arrangement generally with an Employer's Representative as one of the parties

**FIDIC Users' Guide** Brian W. Totterdill, 2006 The FIDIC Conditions of Contract for Construction and the Conditions of Contract for Plant and Design Build known as the 1999 Red Book and the 1999 Yellow Book were first published in 1999 and have been used for a large number of contracts around the world During 2005 FIDIC and the multilateral development banks cooperated to publish the MDB Harmonised Conditions of Contract for Construction This book is a revised and extended edition of the authors earlier guides

**An Employer's and Engineer's Guide to the FIDIC Conditions of Contract** Michael D. Robinson, 2013-04-22 When all parties involved in the construction process fully understand their roles and are able to anticipate potential points of conflict disputes and delays will be minimised The Employer's and Engineer's Guide to the FIDIC Conditions of Contract sets out the essential administrative requirements of a FIDIC based contract by reference to the FIDIC 1999 Red Book The obligations and duties of the Employer and the Engineer are identified and discussed Potential pitfalls are highlighted and likely consequences pointed out The importance of the Employer's role in the preparation of tenders which fully reflect his requirements and duties and obligations arising in the execution of the works is emphasised The key role of the Engineer in the effective administration of contracts after award is examined and commentary provided Included in the guide are a number of appendices including model letters which will be of value to less experienced staff particularly those whose mother tongue is not the English language Engineers quantity surveyors and project managers engaged in the contractual administration of international projects using FIDIC forms of contract will find the concise guidance in simple and jargon free language provided here invaluable This together with the author's earlier book Contractor's Guide to the FIDIC Conditions of Contract which describes the duties rights and responsibilities of the Contractor represents the totality of supervision design and execution of construction projects executed under the FIDIC Conditions of Contract This book's companion website offers invaluable resources to freely download adapt and use Model letters for use by the Employer Model letters for use by the Contractor
