Field Notes On Democracy Listening To Grasshoppers:

Listening to Grasshoppers Arundhati Roy, 2009 What happens once democracy has been used up When it has been hollowed out and emptied of meaning Combining brilliant political insight and razor sharp prose Listening to Grasshoppers is the essential new book from Arundhati Roy In these essays she takes a hard look at the underbelly of the world's largest democracy and shows how the journey that Hindu nationalism and neo liberal economic reforms began together in the early 1990s is unravelling in dangerous ways Beginning with the state backed pogrom against Muslims in Gujarat in 2002 she writes about how progress and genocide have historically gone hand in hand about the murky investigations into the 2001 attack on the Indian Parliament about the dangers of an increasingly powerful and entirely unaccountable judiciary and about the collusion between large corporations the government and the mainstream media The collection ends with an account of the August 2001 uprising in Kashmir and an analysis of the November 2008 attacks on Mumbai The Briefing included as an appendix is a fictional text that brings together many of the issues central to the collection As it tracks the fault lines that threaten to destroy India's precarious future Listening to Grasshoppers asks fundamental questions about democracy itself a political system that has by virtue of being considered the best available option been put beyond doubt and correction *Field Notes on Democracy* Arundhati Roy, 2009 Abstract **Critique of Political Decolonization**

Bernard Forjwuor, 2023-05-24 What is political independence As a political act what was it sanctioned to accomplish Is formal colonialism over or a condition in the present albeit mutated and evolved In Critique of Political Decolonization Bernard Forjwuor challenges what in normative scholarship has become a persistent conflation of two different concepts political decolonization and political independence This scholarly volume is an antinormative and critical refutation of the decolonial accomplishment of political independence or self determination in Ghana He argues that political independence is insufficiently a decolonial claim because it is framed within the context of a country where a permanent colonial settlement was never deemed necessary for the consolidation of future colonial political obligations So while territorial dissolution was politically engineered by Ghanaians the colonial merely reconstitutes itself in different legal and ideological forms Forjwuor offers new methodological theoretical and conceptual approaches to engaging the questions of colonialism political independence political decolonization justice and freedom and constructs multiple conceptual bridges between traditional disciplinary fields of inquiry including politics history law African studies economic history critical theory and philosophy and political theory Using the Ghanaian experience as a rich case study Forjwuor rethinks what colonialism and decolonization mean and asserts that decolonization is primarily a question of justice **Rule and Resistance Beyond the Nation State**

Felix Anderl, Christopher Daase, Nicole Deitelhoff, Victor Kempf, Jannik Pfister, Philip Wallmeier, 2019-10-22 This book develops an understanding of these power relations through rich empirical case studies of different forms of rule resistance relationships *Lunch With a Bigot* Amitava Kumar, 2015-05-29 To be a writer Amitava Kumar says is to be an observer The

twenty six essays in *Lunch with a Bigot* are Kumar's observations of the world put into words. A mix of memoir, reportage and criticism, the essays include encounters with writers Salman Rushdie and Arundhati Roy, discussions on the craft of writing and a portrait of the struggles of a Bollywood actor. The title essay is Kumar's account of his visit to a member of an ultra-right Hindu organization who put him on a hit list. In these and other essays, Kumar tells a broader story of immigration, change and a shift to a more globalized existence, all the while demonstrating how he practices being a writer in the world.
